DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP08-104-000]

Southern Natural Gas Company; Notice of Application

April 16, 2008.

Take notice that on April 3, 2008, Southern Natural Gas Company (Southern), Colonial Brookwood Center, 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209, filed with the Federal Energy Regulatory Commission (Commission) an abbreviated application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, and part 157 of the Commission's regulations for authorization to abandon by sale to Nexus Gas Holdings LLC (Nexus) and its successors, all of its facilities located to the west of its Bienville Compressor Station which consist of certain transmission pipelines, a compressor station, meter stations, and related appurtenant facilities located in Panola and Shelby Counties, Texas, and DeSoto, Red River, and Bienville

Parishes, Louisiana. Southern also requests a determination that, upon the closing of the sale, the facilities to be abandoned will be considered non-jurisdictional gathering facilities under section 1(b) of the NGA, or non-jurisdictional intrastate transmission facilities under section 2(16) of the Natural Gas Policy Act (NGPA). Southern states that the proposed abandonment will not affect the capacity of its pipeline system or the availability of gas supplies on its system. Southern's proposal and a detailed description of the facilities are fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the application should be directed to John C. Griffin, Senior Counsel, Southern Natural Gas Company, P.O. Box 2563, Birmingham, Alabama 35202-2563 at (205) 325-7133.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the

requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

appurtenances, located in Illinois, Indiana, and Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Texas Eastern asserts that there will be no termination or reduction in firm service to any existing customers of Texas Eastern as a result of the proposed abandonment of these facilities.
