

State Grain

Pursuant to section 7(f)(2) of the Act, the following geographic area, the State of Minnesota, is assigned to State Grain.

In Minnesota:

Hennepin, Ramsey, Washington, Carver, Scott, Dakota, Brown, Nicollet, Le Sueur, Rice, Goodhue, Watonwan, Blue Earth, Waseca, Steele, Dodge, McLeod, and Sibley Counties.

Washington

Pursuant to section 7(f)(2) of the Act, the following geographic area, the entire State of Washington, except those export port locations within the State, is assigned to Washington.

Opportunity for Designation

Interested persons, including Alabama, Kankakee, Springfield, State Grain, and Washington, may apply for designation to provide official services in the geographic areas specified above under the provisions of section 7(f) of USGSA (7 U.S.C. 79(f)(2)), and 7 CFR 800.196(d) regulations. Designation in the specified geographic areas is for the period beginning January 1, 2009, and ending December 31, 2011. To apply for designation, contact the Compliance Division at the address listed above for forms and information, or obtain applications at the GIPSA Web site, <http://www.gipsa.usda.gov>.

Request for Comments

We are also publishing this notice to provide interested persons the opportunity to present comments on the quality of services provided by the Alabama, Kankakee, Springfield, State Grain, and Washington official agencies. In the designation process, we are particularly interested in receiving comments citing reasons and pertinent data for support or objection to the designation of the applicants. Submit all comments to the Compliance Division at the above address or at <http://www.regulations.gov>.

In determining which applicant will be designated, we will consider applications, comments, and other available information.

Authority: 7 U.S.C. 71–87k.

Alan Christian,

Acting Administrator, Grain Inspection, Packers and Stockyards Administration.

BILLING CODE 3410-KD-P

DEPARTMENT OF COMMERCE

Foreign–Trade Zones Board

Docket 34–2008

Foreign–Trade Zone 222 - Montgomery, AL, Application for Expansion of Manufacturing Authority, Subzone 222A - Hyundai Motor Manufacturing Alabama, LLC (Motor Vehicles and Engines)

An application has been submitted to the Foreign–Trade Zones Board (the Board) by the Montgomery Area Chamber of Commerce, grantee of FTZ 222, on behalf of Hyundai Motor Manufacturing Alabama, LLC (HMMA), operator of Subzone 222A at the HMMA motor vehicle manufacturing plant in Montgomery, Alabama, requesting an expansion of the scope of FTZ manufacturing authority to include new manufacturing capacity under FTZ procedures. The application was submitted pursuant to the provisions of the Foreign–Trade Zones Act, as amended (19 U.S.C. 81a–81u), and Section 400.28(a)(2) of the Board's regulations (15 CFR Part 400). It was formally filed on May 21, 2008.

Subzone 222A was approved in 2003 for the manufacture of up to 250,000 light-duty passenger vehicles annually at the HMMA plant (3,300 employees/1,750 acres/2.1 million sq.ft.) in Montgomery (Montgomery County), Alabama (Board Order 1278, 68 FR 35622, 6–16–2003).

The applicant currently requests that the scope of FTZ manufacturing authority be extended to include an additional 350,000 square feet of production area to accommodate new engine production capacity (an additional 120,000 engines annually), which will be added within the existing boundaries of Subzone 222A. The additional engine output will be shipped to the Kia Motors Manufacturing Georgia, Inc. (KMMG), assembly plant in West Point, Georgia.

Foreign–origin components that are used in engine production (representing approximately 31% of finished engine value) include: oils, self-adhesive plastic/polyurethane sheets/foil/film/labels, pumps, rubber tubes/hoses, parts of engines, filters, paint, gaskets, fasteners, bearings, belts, locks, half shafts, parts of transmissions, electrical components, wire and cable, and measuring instruments and related parts (duty rate range: free - 8.5%).

Expanded FTZ procedures would continue to exempt HMMA from customs duty payments on the foreign components used in production for export. On its shipments transferred in–

bond to the KMMG facility (located within FTZ 26), no duties would be paid on the foreign components within the engines until KMMG's finished vehicles are subsequently entered for consumption, at which time the finished automobile duty rate (2.5%) could be applied to the foreign inputs noted above. The application indicates that the savings from FTZ procedures helps to improve the HMMA plant's international competitiveness.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002. The closing period for receipt of comments is August 1, 2008. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 18, 2008.

A copy of the application will be available for public inspection at the Office of the Foreign–Trade Zones Board's Executive Secretary at the address listed above. For further information, contact Pierre Duy, examiner, at: pierre_duy@ita.doc.gov, or (202) 482–1378.

Dated: May 21, 2008.

Pierre V. Duy,

Acting Executive Secretary.

Foreign–Trade Zones Board

(Docket 43–2007)

Foreign–Trade Zone 235 - Lakewood, New Jersey, Application for Expansion, Amendment of Application

Notice is hereby given that the application submitted by the Township of Lakewood, New Jersey, grantee of FTZ 235, requesting authority to expand its existing zone to include additional sites in Cranbury and Jamesburg, New Jersey (72 FR 51406, 9/7/07), has been amended to include two additional sites in Middlesex County.

The proposed sites are located in South Brunswick: *Proposed Site 5* (159 acres) Middlesex Center located at 200 Middlesex Drive (listed in application

as proposed Site 5A); and, *Proposed Site 6* (35 acres) EastPointe Property located on South River Road at the New Jersey Turnpike (listed in application as proposed Site 5B). The sites will provide warehousing and distribution services to area businesses. The application otherwise remains unchanged.

Public comment is invited from interested parties. The comment period is hereby reopened until July 2, 2008. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below.

A copy of the application and the amended is available for public inspection at each of the following locations: Township of Lakewood, Municipal Building, 231 Third Street, Lakewood, NJ 08701; and, Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230. For further information, contact Camille Evans at Camille_Evans@ita.doc.gov or (202) 482-2350.

Dated: May 22, 2008.

(A-580-816)

Corrosion-Resistant Carbon Steel Flat Products from Korea: Notice of Correction of Extension of Time Limits for the Final Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 2, 2008.

FOR FURTHER INFORMATION CONTACT: Victoria Cho or George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5075 and (202) 482-1167, respectively.

SUPPLEMENTARY INFORMATION:

CORRECTION:

On April 21, 2008, the Department published the extension of time limits for the final results of the antidumping duty new shipper review of corrosion-

resistant carbon steel flat products from Korea. See *Corrosion-Resistant Carbon Steel Flat Products from Korea: Extension of Time Limits for the Final Results of Antidumping Duty New Shipper Review*, 73 FR 21316 (April 21, 2008) (Extension Notice). Subsequent to the signature of the Extension Notice, we identified two inadvertent errors in the above-referenced notice. First, in the Extension Notice, the Department inadvertently included a caption "Extension of Time Limit of *Preliminary Results*," however, this caption should have stated "Extension of Time Limit of *Final Results*." Second, the Department mistakenly indicated that "we are extending the time period for issuing the final results of review to 150 days after the publication of the preliminary results." However, in accordance with section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act)¹ and 19 CFR 351.214(i)(2), the Department should have stated "we are extending the time period for issuing the final results of review to 150 days after the date on which the preliminary results were issued." As a result of this correction, the final results are now due no later than June 13, 2008.

This notice serves to correct both the caption and the due date for the final results of this new shipper review, as listed in the Extension Notice. This notice is issued and published in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act, and 19 CFR 351.214(i)(2).

Dated: May 27, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

International Trade Administration

(A-583-833)

Polyester Staple Fiber from Taiwan: Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 2, 2008

¹ Section 751(a)(2)(B)(iv) of the Act requires the Department to issue the final results of a new shipper review of an antidumping order within 90 days after the date the preliminary results are issued. However, if the review is extraordinarily complicated, the Act allows the Department to extend the time limit for the final results to a maximum of 150 days.

FOR FURTHER INFORMATION CONTACT:

Thomas Schauer or Richard Rimlinger, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0410 and (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 17, 2008, the U.S. Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on polyester staple fiber from Taiwan. See *Certain Polyester Staple Fiber from Taiwan: Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 20907 (April 17, 2008). The final results of this review are currently due no later than August 15, 2008.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue final results within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days. See also 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the original time limit. We will conduct a verification of the respondent's home-market and U.S. sales responses in June and we will need additional time to give interested parties sufficient time to comment on any verification findings and to analyze and respond to any comments.

Accordingly, we are extending the due date for the final results by 60 days, in accordance with section 751(a)(3)(A) of the Act. The final results are now due no later than October 14, 2008.

This extension is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: May 27, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
