[No. 06-45]

Paul H. Volkman; Denial of Application

Correction

In notice document E8-11851 beginning on page 30630 in the issue of Wednesday, May 28, 2008 make the following correction:

On page 30641, in the third column, “³⁶No footnote.” should read “³⁶At the time he submitted his renewal and modification applications, Respondent’s registration had been immediately suspended. It would make no sense to construe this provision as excusing a registrant who is under an immediate suspension (and who has been preliminarily found to pose an imminent danger to public health and safety) from compliance with the 45-day requirement for timely filing of a renewal application. Of course, even when a registrant under an immediate suspension complies with the 45-day

rule, his registration does not continue in effect past the expiration date.”
