DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Public Health and Science; Title XVII of the Public Health Service Act; Delegation of Authority

Notice is hereby given that in furtherance of the delegation of authority to the Assistant Secretary for Health on September 28, 1979, by the Secretary of Health, Education and Welfare, the Acting Assistant Secretary for Health has delegated to the Deputy Assistant Secretary for Population Affairs all of the authorities under Title XVII of the Public Health Service Act, as amended, pertaining to the mission of the Office of Population Affairs, OSOPHS. The delegation excludes the authorities to issue regulations and to submit reports to the President. The delegation includes, but is not limited to, the authorities under sections 1704(1) and (2).

In addition, I have affirmed and ratified any actions taken by the Deputy Assistant Secretary for Population Affairs which in effect involve the exercise of the authorities delegated

herein prior to the effective date of the delegation.

Redelegation

This authority may not be redelegated.

Prior Delegations

All previous delegations and redelegations under Title XVII of the Public Health Service Act shall continue in effect, provided they are consistent with this delegation.

Effective Date: This delegation became effective on the date stated below.

Dated: June 11, 2008.

Joxel Garcia,

Assistant Secretary for Health.

Administration for Children and Families

Submission for OMB Review; Comment Request

Proposed Projects:

Title: DHHS/ACF/OPRE Head Start Classroom-based Approaches and Resources for Emotion and Social skill promotion (CARES) project: Site Recruitment Materials.

OMB No.: New collection.

Description: The Head Start Classroom-based Approaches and Resources for Emotion and Social skill promotion (CARES) project will evaluate program enhancements within Head Start settings serving three- and four-year-old children. This project focuses on identifying the central features of effective programs to provide the information federal policy makers and Head Start providers will need if they are to increase Head Start's capacity to improve the social and emotional skills and school readiness of preschool age children. The project is sponsored by the Office of Planning, Research, and Evaluation (OPRE) of the Administration for Children and Families (ACF).

The Head Start CARES project will use a group-based randomized design to test the effects of several different evidence-based strategies designed to improve the social and emotional development of children in Head Start classrooms.

The purpose of the proposed information collection is to recruit Head Start grantees to participate in the project, through informing grantee staff about the project, soliciting their interest in participating, and collecting information to assess their programs' eligibility to participate in the project.

Respondents: Respondents will include staff in Head Start grantees and delegate agencies.

Submission for OMB Review; Comment Request

Proposed Projects:

Title: Evaluation of the Community Healthy Marriage Initiative Implementation Study.

OMB No.: 0970-0283.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is conducting a demonstration and evaluation called the Community Healthy Marriage Initiative

(CHMI). Demonstration programs have been funded through Child Support Enforcement waivers authorized under section 1115 of the Social Security Act to support healthy marriage, improve child well-being and increase the financial security of children. The objective of the evaluation is to: (1) Assess the implementation of community interventions designed to provide marriage education by examining the way the projects operate and by examining child support outcomes among low-income families in the community; and (2) evaluate the community impacts of these interventions on marital stability and satisfaction, child well-being and child support outcomes among low-income families.

The purpose of this information collection is to continue to collect

implementation data under the protocols previously approved by the Office of Management and Budget (OMB), OMB Approval No. 0970-0283. Primary data for the implementation evaluation will come from observations, interviews, focus groups and records. One-on-one and small group interviews with project staff and marriage education service providers in the community will provide a detailed understanding of the administration and operation of the demonstrations. Focus group discussions will provide insights into participants' perspectives on marriage education and their experiences with the CHMI interventions.

In addition to the implementation information collected under this request, an impact evaluation will be integrated with the implementation

study and will assess the effects of healthy marriage initiatives by comparing family and child well-being outcomes in the CHMI communities with similar outcomes in comparison communities that are well matched to the project sites. Data from the implementation studies will provide the basis for the instrumental variable models of CHMI impacts to help determine direct or indirect exposure to marriage-related services. Baseline data collected under the impact evaluation has been approved by OMB (see OMB Approval No. 0970-0322).

Respondents: Lead Project Staff, Service Provider Organization Staff, Key Community, Civic Stakeholders, and Program Participants.
