The Secretary, under the Mineral Leasing Act of 1920 (30 U.S.C. 1923), Indian Mineral Development Act of 1982 (Pub. L. 97-382—Dec. 22, 1982), and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties and other mineral revenues from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the mineral revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral revenues are on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

Regulations at 30 CFR 243 govern the suspension of orders or decisions pending administrative appeal for Federal and Indian leases. These regulations require the submission of information demonstrating financial

solvency by the person who represents the appellant, requesting a suspension without the need to provide a surety. For Federal leases, the RSFA Section 4(l), "Stay of Payment Obligation Pending Review," requires MMS to evaluate any person, ordered by the Secretary or a delegated state to pay any obligation (other than an assessment) subject to RSFA, to determine whether that person is entitled to a stay of the order without bond or other surety instrument, pending an administrative or judicial proceeding, based on the financial solvency of that person. For those appellants who are not financially solvent or for appeals involving Indian leases, MMS requires that a surety instrument be posted to secure the financial interest of the public and Indian lessors during the entire administrative or judicial appeal process. This information collection request covers the burden hours associated with appellants submitting financial statements or surety instruments, subject to annual audit, required to stay an MMS order.

Minerals produced from Federal and Indian leases vary greatly in the nature of occurrence, production, and processing methods. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information collected includes data necessary to ensure that the royalties are accurately valued and appropriately paid.

Proprietary information submitted to MMS under this collection is protected, and no items of a sensitive nature are collected. A response is voluntary and required to obtain the benefit of suspending compliance of an order pending appeal.

Stay of Payment Pending Appeal

Title 30 CFR 243.1 states that lessees or recipients of MMS Minerals Revenue Management (MRM) orders may suspend compliance with an order if they appeal in accordance with 30 CFR Part 290, Subpart B—Minerals Revenue Management Appeal Procedures. Pending appeal, MMS suspends the payment requirement if the appellant submits a formal agreement of payment

in case of default, such as a bond or other surety, or demonstrates financial solvency. The MMS accepts the following surety types: Form MMS-4435, Administrative Appeal Bond; Form MMS-4436, Letter of Credit; Form MMS-4437, Assignment of Certificate of Deposit; Self-bonding; and U.S. Treasury Securities.

When one of the surety types is selected and put in place, appellants must maintain the surety until completion of the appeal. If the appeal is decided in favor of the appellant, MMS returns the surety to the appellant. If the appeal is decided in favor of MMS, then MMS will take action to collect full royalty payment or draw down on the surety. The MMS draws down on a surety if the appellant fails to comply with requirements relating to amount due, timeframe, or surety submission or resubmission. Whenever MMS must draw down on a surety, MMS must draw down the total amount due, which is defined as unpaid principal plus the interest accrued to the projected receipt date of the surety payment. Appellants may refer to the Surety Instrument Posting Instructions for each of the five surety types to submit the respective information. These instructions for the five surety types discussed below can also be found at <http://www.mrm.mms.gov/ReportingServices/PDFDocs/SuretyInst.pdf>.

Forms and Other Surety Types

Form MMS-4435, Administrative Appeal Bond

Appellants may file Form MMS-4435, Administrative Appeal Bond, which MMS uses to secure the financial interests of the public and Indian lessors during the entire administrative and judicial appeal process. Under 30 CFR 243.4, appellants are required to submit their contact and surety amount information on the bond to obtain the benefit of suspension of an obligation to comply with an order. The bond must be issued by a qualified surety company that is approved by the Department of the Treasury (see Department of the Treasury Circular No. 570, revised periodically in the **Federal Register**). The Associate Director for MRM (Associate Director) or the MRM-delegated bond-approving officer (officer) maintains these bonds in a secure facility. Once the appeal has concluded, MMS may release and return the bond to the appellant or collect royalty payment on the bond. If collection is necessary for a remaining royalty payment balance, MMS will issue a demand for payment to the

surety company with a notice to the appellant. The MMS will also include all interest accrued on the affected bill.

Form MMS-4436, Letter of Credit

Appellants may choose to file Form MMS-4436, Letter of Credit, with no modifications. Requirements of 30 CFR 243.4 continue to apply. The Associate Director or officer maintains the Letter of Credit (LOC) in a secure facility. A bank must notarize and issue the LOC for appellants in which the bank has a minimum Fitch rating of "C" for an LOC of less than \$1 million, "B/C" for an LOC between \$1 million and \$10 million, or "B" for an LOC over \$10 million. The LOC must have a minimum coverage period of 1 year and be automatically renewable for up to 5 years.

The appellant is responsible for verifying that the bank provides a current rating to MMS. If the issuing bank's rating falls below the minimum acceptable level, a satisfactory replacement surety must be submitted within 14 days, or MMS will draw down the existing LOC. If the bank issuing the LOC chooses not to renew the existing LOC, it must provide MMS with a notice of its decision not to renew 30 days prior to expiration of the LOC. Once the appeal has been concluded, MMS may release and return the LOC to the appellant or collect royalty payment on the LOC. If collection is necessary for a remaining royalty payment balance, MMS will issue a demand for payment, which includes all interest assessed on the affected bill, to the bank with a notice to the appellant.

Form MMS-4437, Assignment of Certificate of Deposit

Appellants may choose to secure their debts by requesting to use a Certificate of Deposit (CD) from their bank and submitting Form MMS-4437, Assignment of Certificate of Deposit. Requirements of 30 CFR 243.4 continue to apply. Appellants must file the request with MMS prior to the invoice due date. The MMS will accept a book-entry CD that explicitly assigns the CD to the Associate Director. A bank must issue the CD in which the bank has a minimum Fitch rating or is confirmed by a bank with an acceptable rating. The acceptable ratings for a CD are the same as for an LOC. If collection of the CD is necessary for a royalty payment balance, MMS will return unused CD funds to the appellant after total settlement of the appealed issues, including applicable interest charges.

Self-Bonding

For Federal oil and gas leases, RSFA Section 4(l), as promulgated at 30 CFR 243.201, provides that no surety instrument is required when a person representing the appellant periodically demonstrates, to the satisfaction of MMS, that guarantor or appellant is financially solvent or otherwise able to pay the obligation. Appellants must submit a written request to "self-bond" every time a new appeal is filed. To evaluate the financial solvency and exemption from requirements of appellants to maintain a surety related to an appeal, MMS requires appellants to submit a consolidated balance sheet, subject to annual audit. In some cases, MMS also requires copies of the most recent tax returns—up to 3 years—filed by appellants.

In addition, appellants must annually submit financial statements, subject to annual audit, to support their net worth. The MMS uses the consolidated balance sheet or business information supplied to evaluate the financial solvency of a lessee, designee, or payor seeking a stay of payment obligation pending review. If appellants do not have a consolidated balance sheet documenting their net worth, or if they do not meet the \$300 million net worth requirement, MMS selects a business information or credit reporting service to provide information concerning an appellant's financial solvency. We charge the appellant a \$50 fee each time we need to review data from a business information or credit reporting service. The fee covers our costs in determining an appellant's financial solvency.

U.S. Treasury Securities

Appellants may choose to secure their debts by requesting to use a U.S. Treasury Security (TS). Appellants must file the letter of request with MMS prior to the invoice due date. The TS must be a U.S. Treasury note or bond with maturity equal to or greater than 1 year. The TS must equal 120 percent of the appealed amount plus 1 year of estimated interest (necessary to protect MMS against interest rate fluctuations). The MMS accepts only a book-entry TS.

Request to OMB

The MMS is requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in loss of royalty payments.
