Activities: Notice of Request for
Extension of Currently Approved
Information Collection****AGENCY:** Federal Highway
Administration (FHWA), DOT.**ACTION:** Notice and request for
comments.

SUMMARY: The FHWA has forwarded the information collection request described in this notice to the Office of Management and Budget (OMB) to renew an information collection. We published a **Federal Register** Notice with a 60-day public comment period on this information collection on March 28, 2008. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by August 4, 2008.

ADDRESSES: You may send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention DOT Desk Officer. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. All comments should include the Docket number FHWA-2008-0088.

SUPPLEMENTARY INFORMATION:

Title: Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process, Third Survey.

OMB Control Number: 2125-0591.

Background: The U.S. Department of Transportation (DOT), FHWA, has

contracted with the Gallup Organization to conduct a survey of professionals associated with transportation and resource agencies in order to gather their views about the workings of the environmental review process for transportation projects and how the process can become more efficient. The purpose of the survey is to: (1) Collect the responses of agency professionals to questions about their involvement in conducting the decision-making processes mandated by the National Environmental Policy Act (NEPA) and other resource protection laws in order to develop benchmark performance measures; and (2) identify where the performance of the process might be improved by the application of techniques for streamlining. This is a survey conducted of only local, state, and federal officials who work with the NEPA process.

Respondents: Approximately 2,000 professionals/officials from transportation and natural resource agencies.

Frequency: This is the third time in seven years that this survey will be conducted.

Estimated Average Burden per Response: Annual Burden Hours: The FHWA estimates that each respondent will complete the survey in approximately 15 minutes. Respondents will have the option of answering the survey's questions either over the telephone or online.

Estimated Total Annual Burden Hours: With a potential total of 2,000 survey respondents, an estimated 500 hours is the total burden.

Electronic Access: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>. Follow the online instructions for accessing the dockets.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: June 30, 2008.

James R. Kabel,

Chief, Management Programs and Analysis Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Environmental Impact Statement:
Riverside and Orange Counties, CA**

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice of Intent.

SUMMARY: The FHWA, on behalf of the California Department of Transportation (Caltrans), is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for the proposed State Route 91 (SR-91) Corridor Improvement Project, in the Counties of Orange and Riverside, California.

FOR FURTHER INFORMATION CONTACT:

Russell Williams, Office Chief,
California Department of
Transportation, Division of
Environmental Planning, 464 West 4th
Street, 11th Floor, San Bernardino, CA
92401; or call (909) 383-1554.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and Caltrans assumed environmental responsibilities for this project pursuant to 23 U.S.C. 327. Caltrans will prepare an EIS on a proposal to increase capacity within the project segments of the SR-91 (between the State Route 241 and Pierce Street) and the Interstate 15 (between Cajalco Road and Hidden Valley Parkway), in the Counties of Orange and Riverside, California.

The proposed improvements is considered necessary to facilitate movement of people and goods between the Counties of Orange and Riverside, by improving travel conditions for work, recreation, school, commerce, as well as all other trip purposes. Alternatives under consideration include (1) Taking no action; (2) High Occupancy Vehicle (HOV) Lanes; (3) High Occupancy Toll (HOT) Lanes.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. In addition, interested Tribal governments will be involved as determined by the Native American Heritage Commission consultation. Public information meetings will be held to discuss the alternatives and the potential impacts of the proposed action. Public notice will be given of the time and place of the public meetings as well as the public hearings. The draft EIS will be available for public and agency review and comment prior to the first public meeting.

To ensure that the full range of issues related to this proposed action is addressed and that all significant concerns are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to

Caltrans' contact at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: June 26, 2008.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on December 28, 2007 [72 FR 73972].

DATES: Comments must be submitted on or before August 4, 2008.

FOR FURTHER INFORMATION CONTACT: David Sparks, National Highway Traffic Safety Administration, Office of Odometer Fraud Investigation (NVS-230), 202-366-4761. 1200 New Jersey Avenue, SE., Room W55-318, Washington, DC 20590.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration
Title: 49 CFR part 580 Odometer Disclosure Statement.

OMB Number: 2127-0047.

Type of Request: Extension of a currently approved collection.

Abstract: The Federal Odometer Law, 49 U.S.C. Chapter 327, and implementing regulations, 49 CFR part 580 require each transferor of a motor vehicle to provide the transferee with a written disclosure of the vehicle's mileage. This disclosure is to be made on the vehicle's title, or in the case of a vehicle that has never been titled, on a separate form. If the title is lost or is

held by a lien holder, and where permitted by state law, the disclosure can be made on a state-issued, secure power of attorney.

NHTSA received comments from: South Dakota Department of Revenue & Regulation, Texas Department of Transportation Vehicle Titles and Registration, Virginia Department of Motor Vehicles, and Wisconsin Department of Transportation. Each commenter cites a need for the ability to disclose odometer information electronically in a paperless environment. Texas and Virginia specifically reference a petition filed with NHTSA by the Virginia Department of Motor Vehicles seeking approval of alternate odometer disclosure requirements, to wit, electronic odometer statements. NHTSA has preliminarily granted Virginia's proposed alternate disclosure requirements and is seeking public comments concerning Virginia's proposal via the **Federal Register** through July 24, 2008. NHTSA's initial determination concerning Virginia's petition was published in the **Federal Register** on June 24, 2008 (73 FR 35617-23).

Additionally, Wisconsin suggests eliminating the ten-year exemption for odometer disclosure statements and conversely Virginia supports the ten-year exemption. NHTSA is reviewing the ten-year exemption and may seek comments in a future **Federal Register** notice.

This ICR notice concerns only the information collection requirements under current law, and does not relate to the issues raised by those commenting.

Affected Public: Households, Business, other for-profit, and not-for-profit institutions, Federal Government, and State, Local, or Tribal Government.

Estimated Total Annual Burden: 2,034,910.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information

on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued in Washington, DC, on June 27, 2008.

David W. Sparks,

Director, Office of Odometer Fraud Investigation.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2008-0048; Notice 2]

Hyundai Motor Company, Grant of Petition for Decision of Inconsequential Noncompliance

Hyundai Motor Company (Hyundai), has determined that certain vehicles that it manufactured during the period beginning July 14, 2006 through November 23, 2007, did not fully comply with paragraph S9.5 of 49 CFR 571.225 (Federal Motor Vehicle Safety Standard (FMVSS) No. 225 Child Restraint Anchorage Systems). On November 28, 2007 Hyundai filed an appropriate report pursuant to 49 CFR Part 573, Defect and Noncompliance Responsibility and Reports.

Pursuant to 49 U.S.C. 30118(d) and 30120(h) and the rule implementing those provisions at 49 CFR Part 556, Hyundai has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety. Notice of receipt of the petition was published, with a 30-day public comment period, on March 25, 2008 in the **Federal Register** (73 FR 15835). No comments were received. To view the petition and all supporting documents log onto the Federal Docket Management System (FDMS) Web site at: <http://www.regulations.gov/>. Then follow the online search instructions to locate docket number "NHTSA-2008-0048."

For further information on this decision, contact Mr. Ed Chan, Office of Vehicle Safety Compliance, the National Highway Traffic Safety Administration (NHTSA), telephone (202) 493-0335, facsimile (202) 366-3081.

Affected are approximately 115,000 model years 2007 and 2008 Hyundai Elantra passenger cars produced beginning July 14, 2006 through November 23, 2007.
