Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this investigation are addressed in the Decision Memorandum. Attached to this notice as an Appendix is a list of the issues that parties raised and to which we have responded in the Decision Memorandum. Parties can find a complete discussion of all issues raised in this investigation and the corresponding recommendations in this public memorandum, which is on file in the Department's Central Records Unit (CRU). In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn/>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Application of Facts Available, Including the Application of Adverse Inferences

For purposes of this final determination, we have relied on facts available and have used adverse inferences to determine the countervailable subsidy rates for the two mandatory respondents: China Ningbo Cixi Import Export Corporation (Cixi) and Polyflex Magnets Ltd. (Polyflex), in accordance with sections 776(a) and (b) of the Act. A full discussion of our decision to apply adverse facts available (AFA) is presented in the Decision Memorandum in the section "Application of Facts Available and Use of Adverse Inferences" and in "Analysis of Comments" at Comment 6.

Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i)(I) of the Act, we have calculated an individual rate for the companies under investigation, Cixi and Polyflex. With respect to the all-others rate, section 705(c)(5)(A)(ii) of the Act provides that if the countervailable subsidy rates established for all exporters and producers individually investigated are determined entirely under section 776 of the Act, the Department may use any reasonable method to establish an all-others rate for exporters and producers not individually investigated. In this case,

the rate calculated for the two investigated companies is based entirely on facts available under section 776 of the Act. There is no other information on the record upon which we could determine an all-others rate. As a result, we have used the AFA rate calculated for Cixi and Polyflex as the all-others rate. This method is consistent with the Department's past practice. *See Final Affirmative Countervailing Duty Determination: Certain Hot-Rolled Carbon Steel Flat Products From Argentina*, 66 FR 37007, 37008 (July 16, 2001); *see also Final Affirmative Countervailing Duty Determination: Prestressed Concrete Steel Wire Strand From India*, 68 FR 68356, 68357 (December 8, 2003).

Producer/Exporter	Subsidy Rate
China Ningbo Cixi Import Export Corporation	109.95 percent <i>ad valorem</i>
Polyflex Magnets Ltd.	109.95 percent <i>ad valorem</i>
All Others	109.95 percent <i>ad valorem</i>

As a result of our *RFM Preliminary Determination* and pursuant to section 703(d) of the Act, we instructed the U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of RFM from the PRC which were entered or withdrawn from warehouse, for consumption on or after February 25, 2008, the date of the publication of the *RFM Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, we instructed CBP to discontinue the suspension of liquidation for CVD purposes for subject merchandise entered on or after June 24, 2008, but to continue the suspension of liquidation of entries made from February 25, 2008, through June 24, 2008.

We will issue a CVD order and reinstate the suspension of liquidation under section 706(a) of the Act if the ITC issues a final affirmative injury determination, and will require a cash deposit of estimated countervailing duties for such entries of merchandise in the amounts indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-

privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an APO, without the written consent of the Assistant Secretary for Import Administration.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This determination is published pursuant to sections 705(d) and 777(i) of the Act.

Dated: July 2, 2008.

David M. Spooner,
Assistant Secretary for Import
Administration.
