SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58136; File No. SR-BSE-2008-41]

Self-Regulatory Organizations; Boston Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Options on Shares of the SPDR® Gold Trust

July 10, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 9, 2008, the Boston Stock Exchange, Inc. (“BSE” or “Exchange”), filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. BSE filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Section 3 (Criteria for Underlying Securities) of Chapter IV of the Rules of the Boston Options Exchange Group LLC (“BOX”) to enable the listing and trading on BOX of options on the SPDR® Gold Trust (*Ticker*: GLD). The text of the proposed rule change is available at the Exchange, the Commission’s Public Reference Room, and <http://www.bostonstock.com>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for,

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to enable the listing and trading of options on the SPDR® Gold Trust (the “Gold ETF”) on BOX.

Currently, Section 3(i) of Chapter IV of the BOX Rules provides that securities deemed appropriate for options trading shall include shares or other securities (“Exchange-Traded Fund Shares”) that are traded on a national securities exchange and are defined as an “NMS” stock under Rule 600 of Regulation NMS, and that (i) Represent interests in registered investment companies (or series thereof) organized as open-end management investment companies, unit investment trusts or similar entities that hold portfolios of securities and/or financial instruments, including, but not limited to, stock index futures contracts, options on futures, options on securities and indices, equity caps, collars and floors, swap agreements, forward contracts, repurchase agreements and reverse repurchase agreements (the “Financial Instruments”) and money market instruments, including, but not limited to, U.S. government securities and repurchase agreements (the “Money Market Instruments”) comprising or otherwise based on or representing investments in broad-based indexes or portfolios of securities and/or Financial Instruments and Money Market Instruments (or that hold securities in one or more other registered investment companies that themselves hold such portfolios of securities and/or Financial Instruments and Money Market Instruments) or (ii) represent interests in a trust that holds a specified non-U.S. currency or currencies deposited with the trust when aggregated in some specified minimum number may be surrendered to the trust by the beneficial owner to receive the specified non-U.S. currency or currencies and pays the beneficial owner interest and other distributions on the deposited non-U.S. currency or currencies, if any, declared and paid by the trust or (iii) represent commodity pool interests

principally engaged, directly or indirectly, in holding and/or managing portfolios or baskets of securities, commodity futures contracts, options on commodity futures contracts, swaps, forward contracts and/or options on physical commodities and/or non-U.S. currency. The proposed rule change would expand the types of ETFs that may be approved for options trading on BOX to include the SPDR® Gold Trust.

Apart from allowing the SPDR® Gold Trust to be an underlying for options traded on BOX as described above, the listing standards for ETFs would remain unchanged from those that apply under current BOX rules. In addition to satisfying the aforementioned listing standards in Section 3(i) of Chapter IV of the BOX Rules, the Gold ETF must be traded on a national securities exchange and must be defined as an “NMS stock” under Rule 600 of Regulation NMS. The Gold ETF must also either: (1) Meet the criteria and guidelines of paragraphs (a) and (b) under Section 3 of Chapter IV of the BOX Rules (Criteria for Underlying Securities); or (2) be available for creation or redemption each business day from and through the issuing trust, investment company, commodity pool or other entity in cash or in kind at a price related to net asset value, and the issuer is obligated to issue the Gold ETF in a specified aggregate number even if some or all of the investments and/or cash required to be deposited have not been received by the issuer, subject to the condition that the person obligated to deposit the investment assets has undertaken to deliver them as soon as possible and such undertaking is secured by the delivery and maintenance of collateral consisting of cash or cash equivalents satisfactory to the issuer of the Gold ETF, all as described in the Gold ETF’s prospectus.

The Exchange proposes that the current applicable continued listing standards for options on ETFs would apply to options on the SPDR® Gold Trust. Specifically, as set forth in Section 4(h) of Chapter IV of the BOX Rules, the Gold ETF approved for options trading will not be deemed to meet the requirements for continued approval, and the Exchange will not open for trading any additional series of options contracts if the Gold ETF ceases to be an “NMS stock,” or the Gold ETF is delisted, halted or suspended from trading on its primary market or if any of the following circumstances occur: (1) Following the initial twelve-month period beginning upon the commencement of trading of the Gold ETF, there are fewer than 50 record and/or beneficial holders of the Gold ETF for 30 or more consecutive trading days; (2)
