

Duty), DD Form 1821 (Contractor Crewmember Record); Name, Social Security Number (SSN), home address, date of birth, security clearance data, education, waivers, qualifications, disqualifications, re-qualifications, training, proficiency, and experience data, medical and physiological data, approvals to operate Government aircraft, requests for approval or contractor flight crewmember and contractor qualification training, and similar relevant documents.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

10 U.S.C. 3013, Secretary of the Army; DoD Instruction 6055.1, DoD Safety and Occupational Health Program; Army Regulation 95-1, Aviation Flight Regulations; Army Regulation 95-20, Contractor Flight and Ground Operations; and E.O. 9397 (SSN).

PURPOSE(S):

To record the flying experience, qualifications and training data of each aviator, crew member, UAS operator and flight surgeon in aviation service; and to monitor and manage individual contractor flight and ground personnel records.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

Information may be disclosed to the Federal Aviation Agency and/or the National Transportation Safety Board.

The DoD 'Blanket Routine Uses' set forth at the beginning of the Army's compilation of system of record notices apply to this record system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Paper records in file folders and notebooks, and on electronic storage media.

RETRIEVABILITY:

By name, Social Security Number (SSN), or other personal identifier.

SAFEGUARDS:

Records are maintained in secure areas available only to designated persons having official need for the record. Automated systems employ computer hardware/software safeguard features and controls which meet administrative, physical, and technical safeguards.

RETENTION AND DISPOSAL:

PERMANENT. Keep in Current Files Area (CFA) until no longer needed for conducting business, then retire to Records Holding Area/Army Electronic Archives (RHA/AEA). The Transition Center will pull the most current DA Form 759, Individual Flight Record and Flight Certificate-Army from the Individual Flight Record Folder (IFRF) and forward it to the Official Military Personnel File (OMPF) Custodian for inclusion in the soldier's OMPF. The remainder of the IFRF will be given to the soldier upon separation processing at the Transition Center.

SYSTEM MANAGER(S) AND ADDRESS:

Product Manager, Aviation Mission Equipment (PM AME), CAFRS, Sparkman Center, Building 5309, Redstone Arsenal, AL 35898-5000.

NOTIFICATION PROCEDURE:

Individuals seeking access to records about themselves contained in this record system may visit or address written inquiries to the Flight Operations Section of their current unit, contractor facility or via the CAFRS Help Desk at cafrs.help@us.army.mil or <https://www.us.army.mil/suite/page/420577>.

Individual should provide the full name, Social Security Number, and any details which will help locate the records, current address, and signature.

RECORD ACCESS PROCEDURES:

Individuals seeking access to records about themselves contained in this record system may visit or address written inquiries to the Flight Operations Section of their current unit, contractor facility or via the CAFRS Help Desk at cafrs.help@us.army.mil or <https://www.us.army.mil/suite/page/420577>.

Individual should provide the full name, Social Security Number, and any details which will help locate the records, current address, and signature.

CONTESTING RECORD PROCEDURES:

The Army's rules for accessing records, contesting contents, and appealing initial determinations are contained in Army Regulation 340-21; 32 CFR part 505; or may be obtained from the system manager.

RECORD SOURCE CATEGORIES:

From the individual, Federal Aviation Administration, flight surgeons, evaluation reports, proficiency and readiness tests, and other relevant records and reports.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Department of the Army; Army Corps of Engineers

Notice of Intent To Prepare an Environmental Impact Statement/ Environmental Impact Report for Natomas Levee Improvement Program Phase 3 Landside Improvements Project, Sacramento, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers; DoD.

ACTION: Notice of intent.

SUMMARY: The action being taken is preparation of an environmental impact statement/environmental impact report (EIS/EIR) for the Natomas Levee Improvement Program (NLIP) Phase 3 Landside Improvements Project. The Corps is considering a request to issue both 408 permission to the Central Valley Flood Protection Board and 404 permit to Sacramento Area Flood Control Agency (SAFCA) for work on the NLIP. Under 33 U.S.C. 408, the Chief of Engineers may grant permission to alter an existing Federal project if it is not injurious to the public interest and does not impair the usefulness of the project. Under Section 404 of the Clean Water Act, the District Engineer permits the discharge of dredged or fill material into waters of the United States if the discharge meets the requirements of the Environmental Protection Agency's 404 (b)(1) guidelines and is not contrary to the public interest. The NLIP is located in Sacramento and Sutter Counties, CA. The 408 permission and 404 permit are needed for construction along the landside of the Sacramento River east levee, the Natomas East Main Drain Canal, the Natomas Cross Canal, and the Pleasant Grove Creek Canal.

DATES: A public scoping meeting will be held on August 6, 2008 from 4 p.m. until 7 p.m. at Sierra Health Facility (see **ADDRESSES**). Send written comments by August 18, 2008 to (see **ADDRESSES**).

ADDRESSES: Public Scoping Meeting, Sierra Health, 1321 Garden Highway, Bannon Island room, Sacramento, CA. Send written comments and suggestions concerning this study to Ms. Elizabeth Holland, U.S. Army Corps of Engineers, Sacramento District, Attn: Planning Division (CESPK-PD-R), 1325 J Street, Sacramento, CA 95814-2922. Requests

to be placed on the mailing list should also be sent to this address.

FOR FURTHER INFORMATION CONTACT:

Questions about the proposed action and EIS/EIR should be addressed to Ms. Elizabeth Holland at (916) 557-6763, e-mail

Elizabeth.g.holland@usace.army.mil or by mail (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION:

1. *Proposed Action.* The U.S. Army Corps of Engineers is preparing an EIS/EIR to analyze the impacts of the work proposed by SAFCA to implement the NLIP Phase 3. The NLIP Phase 3 is proposed by SAFCA to reduce the risk of flooding to portions of the City and County of Sacramento and Sutter County, CA lying within the Natomas Basin.

2. *Alternatives.* The EIS/EIR will address an array of flood risk management alternatives. Alternatives analyzed during the investigation will consist of a combination of one or more flood protection measures. These measures include raising the existing levee in place, constructing seepage berms, constructing adjacent setback levees, installing seepage wells and seepage cutoff walls, and relocating irrigation ditches.

3. *Scoping Process.* a. A public scoping meeting will be held on August 6, 2008 to present information to the public and to receive comments from the public. This meeting will begin a process to involve concerned individuals, and local, State, and Federal agencies.

b. Significant issues to be analyzed in depth in the EIS/EIR include effects on hydraulic, wetlands and other waters of the U.S., vegetation and wildlife resources, special-status species, cultural resources, land use, fisheries, water quality, air quality, transportation, and socioeconomic. The EIS/EIR will also evaluate the cumulative effects of the proposed NLIP and other related projects in the study area.

c. The Corps is consulting with the State Historic Preservation Officer to comply with the National Historic Preservation Act, and with the U.S. Fish and Wildlife Service to provide a Fish and Wildlife Coordination Act Report.

d. A 45-day public review period will be provided for individuals and agencies to review and comment on the draft EIS/EIR. All interested parties are encouraged to respond to this notice and provide a current address if they wish to be notified of the draft EIS/EIR circulation.

4. *Availability.* The draft EIS/EIR is scheduled to be available for public review and comment in late 2008.

Dated: July 9, 2008

Thomas Chapman,

P.E., COL, EN, Commanding.

BILLING CODE 3710-EZ-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Availability of a Supplemental Environmental Impact Statement/ Supplemental Environmental Impact Report (SEIS/ SEIR) for the Port of Los Angeles Channel Deepening Project, Los Angeles, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army Corps of Engineers, Los Angeles District (USACE) and the Los Angeles Harbor Department (Port) have prepared a joint Supplemental Environmental Impact Statement/Supplemental Environmental Impact Report (SEIS/SEIR) for the Port of Los Angeles Channel Deepening Project, Los Angeles, California. This Draft SEIS/SEIR describes the affected resources and evaluates the potential impacts to those resources as a result of the Proposed Action and alternatives. The purpose of the Proposed Action is to dispose of approximately 3.0 million cubic yards of dredge material required to complete the Channel Deepening Project and to beneficially reuse the dredge material within the Port of Los Angeles.

Three Alternatives have been analyzed in the Draft SEIS/SEIR, including No Action. Alternative 1, Port Development and Environmental Enhancement was developed with a focus on using dredge material for port development and environmental enhancement and would involve use and development of the following disposal sites: Berths 243-245, the Northwest Slip, CSWH Expansion, the Eelgrass Habitat Area, and LA-2. Alternative 2, Environmental Enhancement and Ocean Disposal was developed with a focus on environmental enhancement related uses of the remaining material and does not include any disposal options associated with port development. Under Alternative 2, dredge material would be disposed at the CSWH Expansion, Eelgrass Habitat Area, LA-2 and the Anchorage Road Soil Storage Site. Under Alternative 3, the No Action Alternative, no further dredging would

take place and the Channel Deepening Project would not be completed.

This Notice also serves as the Public Notice/Notice of Availability for the Section 404 Permit under Clean Water Act (CWA). A preliminary application has been received for a Department of the Army permit for the activity described herein. The Corps is considering an application submitted by the Port for a permit, in accordance with Section 404 of the CWA and Section 10 of the Rivers and Harbors Act, to complete dredging activities outside of the Federal Channel and placement of the dredge material in waters of the United States in the Port of Los Angeles.

This SEIS/SEIR would be used by the Corps as part of their application review process. The Corps and the Port independently determined under the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA), respectively, that there are potential significant environmental impacts associated with the proposed action, and an Environmental Impact Statement and Environmental Impact Report are required.

DATES: Submit comments on or before September 1, 2008.

ADDRESSES: U.S. Army Corps of Engineers, Los Angeles District, CESPL-PD-RN, c/o Joy Jaiswal, P.O. Box 532711, Los Angeles, CA 90053-2325.

FOR FURTHER INFORMATION CONTACT: Ms. Joy Jaiswal, Chief, Ecosystem Planning Section, at (213) 452-3851 or e-mail at *Jyotsna.I.Jaiswal@usace.army.mil*. *Additional Information:* This Draft SEIS/SEIR has been filed with the Environmental Protection Agency (EPA) to be published in the **Federal Register** and is available for a forty-five (45) day public review period. The public review period for the Draft SEIS/SEIR will be from July 18, 2008 to September 1, 2008. Please forward your comments on the Draft SEIS/SEIR by mail, email, or fax to the contacts listed below by September 1, 2008.

Ms. Joy Jaiswal, Chief, Ecosystem Planning Section, Attn: Ms. Megan Wong, U.S. Army Corps of Engineers, P.O. Box 532711, Los Angeles, California 90053-2325, Fax: (213) 452-4204, *Megan.T.Wong@usace.army.mil*; or

Dr. Ralph Appy, Los Angeles Harbor Department (LAHD), 425 South Palos Verdes Street, San Pedro, CA 90731.

SUPPLEMENTARY INFORMATION:

1. Authorization

The Port of Los Angeles Channel Deepening Project was authorized for
