BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE**United States Army Corps of Engineers****Solicitation for Public Sector Nominations To Serve on the Committee on Levee Safety**

AGENCY: United States Army Corps of Engineers, DoD.

ACTION: Solicitation of Nominations, Public Sector.

SUMMARY: The U.S. Army Corps of Engineers (USACE) is soliciting nominations from the private sector to serve on the Committee on Levee Safety.

The Water Resources Development Act (WRDA) of 2007 requires formation of a sixteen member Committee on Levee Safety (Committee) charged with developing recommendations for a national levee safety program, including a strategic implementation plan. Two representatives of the private sector will be selected to serve on the Committee.

DATES: Submit nominations on or before August 18, 2008.

ADDRESSES: Nominations shall be submitted to: U.S. Army Corps of Engineers, Headquarters, Attention: Mr. Eric Halpin, Special Assistant for Levee and Dam Safety (CECW-CE), 441 G Street, NW., Washington, DC 20314.

FOR FURTHER INFORMATION CONTACT: Ms. Tammy Conforti, 202-761-4649.

SUPPLEMENTARY INFORMATION: On November 8, 2007, the Water Resources Development Act (WRDA) of 2007 was enacted into law. Title IX of this WRDA, cited as the National Levee Safety Act of 2007 (the Act), involves development of a strategic plan for a national levee safety program, in addition to, inventory and inspection of levees. The initial step will be formation of a sixteen member "Committee on Levee Safety," (Committee) charged with developing recommendations for a national levee safety program, including a strategic implementation plan. Recommendations shall address the nine program goals named in the Act. Committee membership will include the Secretary of the Army, or the Secretary's designee as Chairperson; the Administrator of the Federal Emergency Management Agency (FEMA) or the Administrator's designee; eight representatives of state levee safety agencies; two representatives of the private sector; two representatives of local and regional governmental agencies; and two representatives of Indian tribes.

The purpose of this notice is to solicit nominations for the private sector representatives. A private sector representative is defined as a person who is not an employee of a Federal, state, local, regional government or Indian tribe, with experience in levee safety. Nominees not selected as a Committee member may be given the opportunity to be on the review team for the strategic implementation plan. Potential review team members will be contacted by Headquarters of the U.S. Army Corps of Engineers (HQUSACE) at a later time.

The expected time commitment for Committee members is two years, with no financial compensation, except for travel. Review team members will serve without compensation. It is estimated

that most of the time commitment will be to develop the strategic implementation plan within the first six months. The remaining 18 months will consist mainly of responding to comments or expanding recommendations for implementation. Total labor time is estimated to be a 75% time commitment in the first year, including approximately 16 meetings, and a 15% time commitment in the second year, including quarterly meetings. The review team will provide independent review of the strategic implementation plan developed by the Committee in the first year.
