FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collection to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: In accordance with requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the FDIC hereby gives notice that it is submitting to the Office of Management and Budget (OMB) a request for OMB review and approval of the new information collection described below. The collection is related to a mandate under section 7 of the Federal Deposit Insurance Reform Conforming Amendments Act of 2005 ("Reform Act") (Pub. L. 109-173), which calls for the FDIC to conduct ongoing surveys "on efforts by insured depository institutions to bring those individuals and families who have rarely, if ever, held a checking account, a savings account or other type of transaction or check cashing account at an insured depository institution (hereafter in this section referred to as the 'unbanked') into the conventional finance system." Section 7 further instructs the FDIC to consider several factors in its conduct of the surveys, including: (1) "What cultural, language and identification issues as well as transaction costs appear to most prevent 'unbanked' individuals from establishing conventional accounts"; and (2) "What is a fair estimate of the size and worth of the 'unbanked' market in the United States."

To satisfy the Congressional mandate, the FDIC intends to conduct two complementary surveys. One is a survey of FDIC-insured depository institutions on their efforts to serve underbanked, as well as unbanked, populations (underbanked populations include individuals who have an account with an insured depository but also rely on non-bank alternative financial service providers for transaction services or high-cost credit products). The FDIC has already obtained OMB approval for this
