

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1,190.

Frequency of response: Quarterly.

Estimated total annual burden hours: 404,705 hours.

Estimated total annual costs:

\$51,472,083, which included \$26,309,080 in capital and O&M costs.

Changes in the Estimates: There is an increase of 22,012 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This ICR incorporates the burden associated with all CAIR-affected sources, including those located in NO_x SIP Call States. The NO_x SIP Call ICR (OMB Control Number 2060-0445) expires at the end of 2008. As such, starting in 2009, the burden associated with the NO_x trading program requirements under the NO_x SIP Call are now covered in this ICR. Without incorporating those burdens and costs, the overall labor burden in this ICR would be less than the estimate in the prior version of this ICR.

Dated: August 28, 2008.

Sara Hisel-McCoy,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-RCRA-2008-0242; FRL-8711-5]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; State Program Adequacy Determination: Municipal Solid Waste Landfills and Non-Municipal, Non-Hazardous Waste Disposal Units That Receive Conditionally Exempt Small Quantity Generator Hazardous Waste (Renewal), EPA ICR Number 1608.05, OMB Control Number 2050-0152

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before October 6, 2008.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-RCRA-2008-0242, to (1) EPA, either online using <http://www.regulations.gov> (our preferred method), or by email to rcra-docket@epa.gov, or by mail to: RCRA Docket (28221T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; and (2) OMB, by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Craig Dufficy, Office of Solid Waste (mail code 5306P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 703-308-9037; fax number: 703-308-8686; e-mail address: dufficy.craig@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 6, 2008 (73 FR 24979), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-RCRA-2008-0242, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Resource Conservation and Recovery Act (RCRA) Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the RCRA Docket is (202) 566-0270.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without

change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: State Program Adequacy Determination: Municipal Solid Waste Landfills and Non-Municipal, Non-Hazardous Waste Disposal Units that Receive Conditionally Exempt Small Quantity Generator Hazardous Waste (Renewal).

ICR numbers: EPA ICR No. 1608.05, OMB Control No. 2050-0152.

ICR Status: This ICR is scheduled to expire on September 30, 2008. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Section 4010(c) of the Resource Conservation and Recovery Act (RCRA) of 1976 requires that EPA revise the landfill criteria promulgated under paragraph (1) of Section 4004(a) and Section 1008(a)(3). Section 4005(c) of RCRA, as amended by the Hazardous Solid Waste Amendments (HSWA) of 1984, requires states to develop and implement permit programs to ensure that municipal solid waste landfills (MSWLFs) and non-municipal, non-hazardous waste disposal units that receive household hazardous waste or conditionally exempt small quantity generator (CESQG) hazardous waste are in compliance with the revised criteria for the design and operation of non-municipal, non-hazardous waste disposal units under 40 CFR Part 257, Subpart B and MSWLFs under 40 CFR Part 258. (40 CFR Part 257, Subpart B and 40 CFR Part 258 are henceforth referred to as the "revised federal criteria".) Section 4005(c) of RCRA further mandates the EPA Administrator to determine the adequacy of state permit programs to ensure owner and/or operator compliance with the revised federal criteria. A state program that is deemed adequate to ensure compliance

may afford flexibility to owners or operators in the approaches they use to meet federal requirements, significantly reducing the burden associated with compliance.

In response to the statutory requirement in section 4005(c), EPA developed 40 CFR Part 239, commonly referred to as the State Implementation Rule (SIR). The SIR describes the state application and EPA review procedures and defines the elements of an adequate state permit program. The collection of information from the state during the permit program adequacy determination process allows EPA to evaluate whether a program for which approval is requested is appropriate in structure and authority to ensure owner or operator compliance with the revised federal criteria.

The EPA Administrator has delegated the authority to make determinations of adequacy, as contained in the statute, to the EPA Regional Administrator. The appropriate EPA Regional Office, therefore, will use the information provided by each state to determine whether the state's permit program satisfies the statutory test reflected in the requirements of 40 CFR Part 239. In all cases, the information will be analyzed to determine the adequacy of the state's permit program for ensuring compliance with the federal revised criteria.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 242 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State, Local, or Tribal Governments.

Estimated Number of Respondents: 12.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 968.

Estimated Total Annual Cost: \$51,545, which includes \$51,545 for annualized labor and \$0 for annualized capital or O&M costs.

Changes in the Estimates: There is no change in the estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: August 28, 2008.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at 202-564-7146.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 6, 2008 (73 FR 19833).

Draft EISs

EIS No. 20080234, ERP No. D-AFS-L65556-WA, Dosewallips Road Washout Project, To Reestablish Road Access to both Forest Service Road (FSR) 2610 and Dosewallips Road, Hood Canal Ranger District Olympic National Forest, Olympic National Park, Jefferson County, WA.

Summary: EPA expressed environmental concerns about air quality, water quality and critical fish habitat impacts. EPA also recommended that the Final EIS include additional information regarding erosion and sediment control measures to minimize aquatic impacts. Rating EC2.

EIS No. 20080259, ERP No. D-AFS-J65521-WY, Spruce Gulch Bark Beetle and Fuels Reduction Project, Proposes to Implement Bark Beetle Related Salvage and Suppression Vegetative Treatments and Hazardous Fuels Abatement Treatments, Laramie Ranger District, Medicine Bow-Routt National Forests, Albany and Carbon Counties, WY.

Summary: EPA expressed environmental concerns about potential impacts to water quality and wildlife habitat from new road construction and

proposed silvicultural activities. EPA recommended including more detailed implementation parameters when applying adaptive management prescriptions in the final EIS. Rating EC2.

EIS No. 20080261, ERP No. D-USA-K11121-CA, PROGRAMMATIC—Brigade Combat Team Transformation Project, Restructure the 11th Armored Cavalry Regiment (ACR) to a Multi-Component (active duty/reserve) Heavy Brigade Combat Team (HBCT) and change/add several other organizations, Fort Irwin, CA.

Summary: EPA expressed environmental objections to impacts on water resources. Rating EO2.

EIS No. 20080267, ERP No. DS-BLM-K08066-CA, Sunrise Powerlink Transmission Line Project, New Information, Proposed Land Use Plan Amendment, Construction and Operation of a New 91-mile 500 kilovolt (kV) Electric Transmission Line from Imperial Valley Substation (in Imperial Co. near the City of El Centro) to a New Central East Substation (in Central San Diego County) Imperial and San Diego Counties, CA.

Summary: EPA continues to have environmental concerns about adverse impacts to watershed resources, air quality, and the Anza-Borrego Desert State Park. EPA recommends further discussion on purpose and need, and recommends consideration of alternatives with reduced environmental impacts. Rating EC2.

Dated: September 2, 2008.
