Proposed Project

National Vital Statistics Report Forms (0920-0213)—Extension—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The compilation of national vital statistics dates back to the beginning of the 20th century and has been conducted since 1960 by the Division of Vital Statistics of the National Center for Health Statistics, CDC. The collection of the data is authorized by 42 U.S.C. 242k.

The National Vital Statistics Report forms provide counts of monthly occurrences of births, deaths, infant deaths, marriages, and divorces. Similar data have been published since 1937 and are the sole source of these data at the National level. The data are used by the Department of Health and Human Services and by other government, academic, and private research and commercial organizations in tracking changes in trends of vital events.

Respondents for the Monthly Vital Statistics Report Form are registration officials in each State and Territory, the District of Columbia, and New York City; in addition, 60 local (county) officials in New Mexico who record marriages occurring and divorces and annulments granted in each county of New Mexico will use this form. This form is designed to collect counts of monthly occurrences of births, deaths,

infant deaths, marriages, and divorces immediately following the month of occurrence.

The Annual Marriage and Divorce Statistical Report Form collects final annual counts of marriages and divorces by month for the United States and for each State. The statistical counts requested on this form differ from provisional estimates obtained on the Monthly Vital Statistics Report Form in that they represent complete counts of marriages, divorces, and annulments occurring during the months of the prior year. These final counts are usually available from State or county officials about eight months after the end of the data year. The data are widely used by government, academic, private research, and commercial organizations in tracking changes in trends of family formation and dissolution.

Respondents for the Annual Marriage and Divorce Statistical Report Form are registration officials in each State, the District of Columbia, New York City, Guam, Puerto Rico, Virgin Islands, Northern Marianas, and American Samoa. In addition, counts of marriages will be collected from individual counties in New Mexico, and counts of divorces will be collected from individual counties in California, Colorado, Indiana, Louisiana, New Mexico, and the boroughs of New York City due to a lack of centralized complete collections in these registration areas.

This submission requests approval for three years. There are no costs to respondents other than their time; the data are routinely available in each reporting office as a by-product of ongoing activities.

Title: Help America Vote Act (HAVA) Voting Access Annual Report.
OMB No.: 0970-0327.

Description: This is a revision to include the application for the

previously cleared Help America Vote Act (HAVA) Annual Report, Payments to States and Units of Local Government, 42 U.S.C. 15421.

The Help America Vote Act (HAVA) application to States and Units of Local Government is required by federal statute and regulation. Each State or Unit of Local Government must prepare an application to receive funds under the Help America Vote Act (HAVA), Public Law 107-252, Title II, Subtitle D, Part 2, Sections 261 to 265, Payments to States and Units of Local Government to Assure Access for Individuals with Disabilities (42 U.S.C. 15421-25). The application is provided in writing to the Administration for Children and Families, Administration on Developmental Disabilities.

An annual report is required by Federal statute (the Help America Vote Act (HAVA) of 2002, Public Law 107-

252, Section 261, Payments to States and Units of Local Government, 42 U.S.C. 15421). Each State or Unit of Local Government must prepare and submit an annual report at the end of every fiscal year. The report addresses the activities conducted with the funds provided during the year. The information collected from the annual report will be aggregated into an annual profile of how States have utilized the funds and establish best practices for election officials. It will also provide an overview of the State election goals and accomplishments and permit the Administration on Developmental Disabilities to track voting progress to monitor grant activities.

Respondents: Secretaries of State, Directors, State Election Boards, State Chief Election officials.
