DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion: Texarkana Museums System, Texarkana, TX

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects in the possession of the Texarkana Museums System (formerly the Texarkana Historical Museum), Texarkana, TX. The human remains and associated funerary objects were removed from Bowie County, TX.

This notice is published as part of the National Park Service's administrative

responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was made by the Texarkana Museums System professional staff in consultation with representatives of the Caddo Nation of Oklahoma.

In 1978, human remains representing a minimum of three individuals were removed from the Cabe Mounds in Bowie County, TX. The human remains and associated artifacts were acquired by the museum through its then-director, Katy Caver, as part of an archeological survey of the region. No known individuals were identified. The 141 associated funerary objects are 3 pieces of pottery; 13 pottery fragments; 2 beads; 2 projectile points; 70 lots of debitage; and 51 pre-form tools and fragments.

Two of the three individuals removed from the Cabe Mounds were found scattered around two burials, and the remaining individual was found intact in a third burial. The pottery fragments, tools and tool fragments were found scattered among all three burials. The human remains and associated funerary objects are related to the Caddo Nation who settled the Red River Valley more than 1,200 years ago. The Caddo Nation remained a strong presence in this region well into the 18th century. The manner of interment is consistent with Caddo tradition, as are the decorative and construction techniques used in the pottery found in proximity to the grave sites. References to the complex now known as the Cabe Mounds date back to the latter part of the 19th century and were made by C.B. Moore, one of the first to identify and explore Caddo sites in East Texas. The site was acquired by the Archaeological Conservancy in 1985.

Officials of the Texarkana Museums System have determined that, pursuant to 25 U.S.C. 3001 (9–10), the human remains described above represent the physical remains of three individuals of Native American ancestry. Officials of the Texarkana Museums System also have determined that, pursuant to 25 U.S.C. 3001 (3)(A), the 141 objects described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Texarkana Museums System have determined that, pursuant to 25 U.S.C.

3001 (2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and the Caddo Nation of Oklahoma.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the human remains and associated funerary objects should contact J.A. Simmons, Texarkana Museums System, PO Box 2343, Texarkana, TX 75504, telephone (903) 793–4831, before April 24, 2009. Repatriation of the human remains and associated funerary objects to the Caddo Nation of Oklahoma may proceed after that date if no additional claimants come forward.

The Texarkana Museums System is responsible for notifying the Caddo Nation of Oklahoma that this notice has been published.

The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On January 26, 2009, a petition was filed with the Commission and Commerce by Korff Holdings LLC dba Quaker City Castings, Salem, Ohio, alleging that an industry in the United States is materially injured by reason of subsidized imports of Ni-resist piston inserts from Argentina and Korea. Accordingly, effective January 26, 2009, the Commission instituted countervailing duty investigations Nos. 701-TA-460-461 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of February 3, 2009 (74 FR 5946). The conference was held in Washington, DC, on February 17, 2009, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on March 12, 2009. The views of the Commission are contained in USITC Publication 4066 (March 2009), entitled Ni-Resist Piston Inserts from Argentina and Korea: Investigation Nos. 701-TA-460-461 (Preliminary).
