INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-631]

In the Matter of Certain Liquid Crystal Display Devices and Products Containing the Same; Notice of Commission Decision To Review-in-Part a Final Initial Determination Finding a Violation of Section 337; Request for Written Submissions Regarding Remedy, Bonding, and the Public Interest; and Extension of Target Date

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part a final initial determination ("ID") of the presiding administrative law judge ("ALJ") finding a violation of section 337 in the above-captioned investigation, and to request written submissions regarding remedy, bonding, and the public interest. The Commission has also extended the target date for completion of the investigation by 30 days until May 27, 2009.

FOR FURTHER INFORMATION CONTACT: Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2310. Copies of non-confidential documents filed in connection with this

investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on January 25, 2008, based on a complaint filed by Samsung Electronics Co., Ltd. ("Samsung") of Korea. 73 FR 4626-27. The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain liquid crystal display ("LCD") devices and products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 7,193,666 ("the '666 patent"); 6,771,344 ("the '344 patent"); 7,295,196; and 6,937,311 ("the '311 patent"). The complaint further alleges the existence of a domestic industry. The Commission's notice of investigation named the following respondents: Sharp Corporation of Japan; Sharp Electronics Corporation of Mahwah, New Jersey; and Sharp Electronics Manufacturing Company of America, Inc. of San Diego, California (collectively "Sharp").

On January 26, 2009, the ALJ issued his final ID finding a violation of section 337 by respondents. On February 9, 2009, Sharp and the Commission investigative attorney ("IA") filed petitions for review of the final ID. The IA and Samsung filed responses to the petitions on February 17, 2009. Also, on March 12, 2009, Sharp filed a motion to extend the target date for completion of the investigation to allow consideration of the final ID scheduled to issue in *Certain Liquid Crystal Display Modules, Products Containing Same, and Methods for Using the Same*, Inv. No. 337-TA-634, on June 12, 2009. On March 23, 2009, Samsung and the IA filed responses in opposition to Sharp's motion. On March 26, Sharp filed a motion for leave to file a reply to Samsung's and the IA's responses in opposition.

Upon considering the parties' filings, the Commission has determined to review-in-part the ID. Specifically, the Commission has determined to review: (1) The ALJ's construction of the claim term "domain dividers" relating to the '311 patent; (2) the ALJ's determination that Sharp's LCD devices infringe the '311 patent; (3) the ALJ's determination that the '311 patent is not unenforceable; and (4) the ALJ's determination that the asserted claims of the '344 patent are not invalid as anticipated by U.S. Patent No. 5,309,264 ("the '264 patent"). The Commission has determined not to review the remainder of the ID. Also, the Commission has extended the target date for completion of the investigation by 30 days until May 27, 2009, for procedural reasons. It has denied Sharp's motion to extend the target date to the extent necessary to allow consideration of the final ID to issue in Inv. No. 337-TA-634. Also, the Commission has denied Sharp's motion for leave to file a reply to Samsung's and the IA's responses in opposition to Sharp's motion to extend the target date.

On review, with respect to violation, the parties are requested to submit briefing limited to the following issues:

(1) Whether one of ordinary skill in the art would understand that the claim term "domain dividers" in claims 6 and 8 of the '311 patent includes protrusions, in light of the intrinsic evidence and the context of the claimed invention. Please discuss *Wang Labs, Inc. v. Am. Online*, 197 F.3d 1377 (Fed. Cir. 1999) in your response.

(2) Under the ID's construction of the claim term "domain dividers" which includes protrusions, whether claims 6 and 8 of the '311 patent are invalid under 35 U.S.C. 112, ¶ 1. Please discuss *ICU Med., Inc. v. Alaris Med. Sys.*, No. 2008-1077, 2009 U.S. App. LEXIS 5271 (Fed. Cir. Mar. 13, 2009) and *LizardTech, Inc. v. Earth Res. Mapping, Inc.*, 424 F.3d 1336 (Fed. Cir. 2005) in your response.

(3) Under the ID's construction of "aperture" in claims 7 and 8 of the '344 patent, (a) whether U.S. Patent No. 5,309,264 anticipates those claims; and (b) how the "orientation" of a multi-pronged aperture is determined. Assume the Commission finds that all other claim terms are met.

In addressing these issues, the parties are requested to make specific reference to the evidentiary record and to cite relevant authority.

In connection with the final disposition of this investigation, the Commission may issue an order that results in the exclusion of the subject articles from entry into the United
