

Currency Conversions

CP Kelco reported certain U.S. sales prices and certain U.S. expenses and adjustments in euros. Therefore, we made euro-U.S. dollar currency conversions, where appropriate, based on the exchange rates in effect on the dates of the U.S. sales, as certified by the Federal Reserve Board, in accordance with section 773A(a) of the Tariff Act.

Preliminary Results of Review

As a result of our review, we preliminarily find the following weighted-average dumping margin exists for the period July 1, 2007, through June 30, 2008:

Manufacturer / Exporter	Weighted Average Margin (percentage)
CP Kelco	11.94%

The Department will disclose calculations performed within five days of the date of publication of this notice in accordance with section 351.224(b) of the Department's regulations. An interested party may request a hearing within thirty days of publication. See section 351.310(c) of the Department's regulations. Any hearing, if requested, will be held 37 days after the date of publication, or the first business day thereafter, unless the Department alters the date pursuant to section 351.310(d) of the Department's regulations. Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. At the hearing, each party may make an affirmative presentation only on issues raised in that party's case brief and may make rebuttal presentations only on arguments included in that party's rebuttal brief.

Comments

Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. See 19 CFR 351.309(c). Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than 35 days after the date of publication of this notice. See 19 CFR 351.309(d). Parties who submit arguments in these proceedings are requested to submit with the argument: 1) a statement of the issue; 2) a brief summary of the argument; and 3) a table of authorities. Further, parties submitting written comments should provide the Department with an additional copy of the public version of any such comments on diskette. The

Department will issue final results of this administrative review, including the results of our analysis of the issues in any such written comments or at a hearing, within 120 days of publication of these preliminary results.

Assessment Rates

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. Upon completion of this administrative review, pursuant to section 351.212(b) of the Department's regulations, the Department will calculate an assessment rate on all appropriate entries. CP Kelco has reported entered values for all of its sales of subject merchandise to the U.S. during the POR. Therefore, in accordance with section 351.212(b)(1) of the Department's regulations, we will calculate importer-specific duty assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales of that importer. These rates will be assessed uniformly on all entries the respective importers made during the POR. Where the assessment rate is above *de minimis*, we will instruct CBP to assess duties on all entries of subject merchandise by that importer. The Department will issue appropriate assessment instructions directly to CBP fifteen days after publication of the final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by the respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. *Id.*

Cash Deposit Requirements

Furthermore, the following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of CMC from Finland entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act: 1) the cash deposit rate for CP Kelco will be the rate established in the final results of review; 2) if the exporter is not a firm

covered in this review or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and 3) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be the all-others rate of 6.65 percent *ad valorem* from the LTFV investigation. See *Notice of Antidumping Duty Orders: Purified Carboxymethylcellulose from Finland, Mexico, the Netherlands and Sweden*, 70 FR 39734 (July 11, 2005). These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double the antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: April 2, 2009.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

SUMMARY: Pursuant to the negotiated settlement between the United States and Mexican industries, the panel

proceedings of the above-noted case were stayed as of April 3, 2006 until April 1, 2009. A panel was appointed to this panel review and no further action was taken in the administration of the case effective April 3, 2006 through April 1, 2009. The U.S. Department of Commerce has revoked, as of April 1, 2009, the antidumping duty order on Gray Portland Cement and Clinker from Mexico.

FOR FURTHER INFORMATION CONTACT: Valerie Dees, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, NW., Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") established a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada, and the Government of Mexico established Rules of Procedure for Article 1904 Binational Panel Reviews ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter was requested.

Pursuant to these Rules and terminated in accordance with the settlement agreement.

Dated: April 3, 2009.
