BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

[OMB NO. 3206-0150]

Submission for OMB Review; Comment Request for Revised Information Collection: Fingerprint Charts: Standard Form (SF) 87 AND SF 87A

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13) this notice announces that the U.S. Office of Personnel Management (OPM) has submitted to the Office of Management and Budget (OMB) a request for review and clearance of the revised collection of information collection (Fingerprint Charts SF 87 and SF 87A; OMB No. 3206-0150). The Fingerprint Charts are used in processing fingerprint checks submitted to the Federal Bureau of Investigation (FBI) to assist in determining whether an applicant is suitable for Federal employment or should be granted a security clearance.

The SF 87 and SF 87A are completed by respondents for, or incumbents of, Government positions or by military personnel. The SF 87 and SF 87A are used to conduct a criminal history check in connection with background investigations to establish that such persons are:

- Suitable for employment or retention in the position;
- Suitable for employment or retention in a public trust position;
- Suitable for employment or retention in a national security position; or
- Eligible for access to classified national security information.

We received one comment as a result of the 60-day **Federal Register** Notice, published in the **Federal Register** on June 23, 2008. The comment was received from the Internal Revenue Service regarding contractor use of the SF 87 and SF 87A. Contractors do not use the SF 87 and 87A—they use the FD 258. The **Federal Register** notice was updated to reflect this fact. We did not receive any other comments. Therefore, we determined that this collection of information continues to be necessary for the proper performance of functions of the OPM and the Federal Investigative Services Division, which administers background investigations. Further, we believe that our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology.

It is estimated that 196,540 SF 87 or SF 87A inquiries are sent to individuals annually. Each form takes approximately five minutes to complete. The estimated annual burden is approximately 16,380 hours.

For copies of this proposal, contact Mary-Kay Brewer at (703) 305-1002, FAX (703) 603-0576 or via e-mail at marykay.brewer@opm.gov. Please include contact information with your request.

DATES: Comments on this proposal should be received within 30 calendar days from the date of this publication.

ADDRESSES: Send or deliver comments to:

Kathy Dillaman, Associate Director, Federal Investigative Services Division, U.S. Office of Personnel Management, 1900 E. Street, Room 2H31, Washington, DC 20415; and John W. Barkhamer, OMB Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, 725 17th Street, NW., Room 10235, Washington, DC 20503.

FOR INFORMATION REGARDING**ADMINISTRATIVE COORDINATION CONTACT:**

Mary-Kay Brewer, Program Analyst, Operational Policy Group, Federal Investigative Services Division, U.S. Office of Personnel Management, 703-305-1002.

Kathie Ann Whipple,

Acting Director, U.S. Office of Personnel Management.

BILLING CODE 6325-53-P

POSTAL REGULATORY COMMISSION

[Docket No. MT2009-1; Order No. 199]

Market Test

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recently-filed Postal Service notice announcing its intent to initiate a market test. This notice addresses procedural steps associated with this filing.

DATES: Postal Service responses to questions identified in this notice are due April 20, 2009. Comments are due April 27, 2009.

ADDRESSES: Submit filings electronically via the Commission's Filing Online system at <http://www.prc.gov>.

FOR FURTHER INFORMATION CONTACT:

Stephen L. Sharfman, General Counsel, 202-789-6820 and stephen.sharfman@prc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

On April 1, 2009, the Postal Service filed a formal notice, pursuant to 39 U.S.C. 3641(c)(1), announcing its intent to initiate a market test beginning May 6, 2009, of an experimental product, Collaborative Logistics.¹ The Postal Service asserts that the Collaborative Logistics product is a competitive product. Notice at 1. The Notice recites the statutory authority for offering Collaborative Logistics as an experimental product and provides a general description of it. This experiment represents the initial market test conducted by the Postal Service under the Postal Accountability and Enhancement Act (PAEA).

Statutory authority. The Postal Service indicates that it plans to conduct a market test of the proposed Collaborative Logistics product. Section 3641 imposes certain conditions on experimental products which the Notice purports to address. Specifically, the Postal Service asserts that Collaborative Logistics is significantly different from all products within the meaning of 39 U.S.C. 3641(b)(1).

In addition, it contends that “the introduction or continued offering of the product will not create an unfair or otherwise inappropriate competitive advantage for the Postal Service or any mailer, particularly in regard to small business concerns.” *Id.* at 2; *see also* 39 U.S.C. 3641(b)(2). Also, it submits that Collaborative Logistics is correctly classified as a competitive product. *Id.*; *see also* 39 U.S.C. 3641(b)(3).

Product description. Pursuant to 39 U.S.C. 3641(c)(1)(B), the Postal Service provides a brief description of the nature and scope of the market test. The Postal Service explains that, in view of its large and complex transportation network, “the natural imbalance of mail volume between cities and the need to meet operating plans to support service standards makes some underutilized space on some highway transportation predictable.” *Id.* at 2–3. Under this market test, “the Postal Service would sell that available space.” *Id.* at 3. Thus, it defines the experimental product as “transportation of an article or multiple articles on a pallet or other unit load, on a space-available basis, in postal transportation.” *Id.* at 3.

Under the market test, “unit loads will be picked up and delivered to firms, stores, hospitals, warehouses, other large customer and/or postal

facilities.” *Id.* For instance, the Postal Service specifies that the “maximum pallet weight will be 2200 pounds, with articles secured to the pallet using shrink-wrapping and banding.” *Id.* at 3. These unit loads are to be shipped or carried like those loads provided under similar offerings, often called LTL (less-than-truckload) shipping services. The Postal Service notes that terms are to be governed under negotiated contracts. *Id.* at 3–4.

The Postal Service indicates that total revenues from the market test are not anticipated to exceed \$10 million. *Id.* at 2. In addition, it confirms that the market test shall not exceed two years. *Id.*

II. Notice of Filing

The Commission establishes Docket No. MT2009–1 for consideration of matters raised by the Notice. Interested persons may submit comments on whether the Postal Service’s filing in the captioned docket is consistent with the policies of 39 U.S.C. 3641. Comments are due no later than April 27, 2009. The filing can be accessed via the Commission’s Web site (<http://www.prc.gov>).

The Commission appoints Michael J. Ravnitzky to serve as Public Representative in this docket.

III. Supplemental Information

This is the first time the Postal Service has noticed an experimental product under the PAEA. The Commission requests the Postal Service to provide the following supplemental information regarding the market test by April 20, 2009:

1. Please provide the Governors’ decision, if any, authorizing initiation of the experimental product.

2. Please describe: (a) The geographic market where the market test will be conducted; (b) the plan for monitoring the performance of the market test, including specific data items to be collected periodically; (c) the parameters of the market test; and (d) the criteria to be used to assess the success of the test.

3. Please describe how the product, Collaborative Logistics, will be made available to the public.

4. The Notice describes the product, but does not explicitly indicate whether the product is to be classified as a postal service. Please elaborate.

5. *Please identify:* (a) When the “similar product,” referred to at footnote 1 of the Notice, was terminated; and (b) explain how the Collaborative Logistics experimental product is significantly different from the similar product offered previously.

6. (a) Please provide the basis upon which the Postal Service concludes that offering the product will not create an unfair or otherwise inappropriate competitive advantage for the Postal Service or any mailer.

(b) Please discuss the Postal Service’s efforts to determine the impact on small businesses.

7. Please identify all applicable federal and state laws and regulations that apply to the transportation offerings of the experimental product.

8. Please explain if Collaborative Logistics will use Purchased Transportation (Cost Segment 14) or Vehicle Service Drivers (Cost Segment 8).

IV. Ordering Paragraphs

It is Ordered:

1. The Commission establishes Docket No. MT2009–1 for consideration of the matters raised by the Notice.

2. Pursuant to 39 U.S.C. 505, Michael J. Ravnitzky is appointed to serve as officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.

3. Answers to the questions set forth in the body of this Order are due April 20, 2009.

4. Comments by interested persons are due no later than April 27, 2009.

5. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Steven W. Williams,

Secretary.
