SUPPLEMENTARY INFORMATION:

I. What Action Is the Agency Taking?

EPA is granting a waiver of the asbestos-in-schools program to the State of New Hampshire. This waiver is issued under section 203(m) of the Toxic Substances Control Act (TSCA) and 40 CFR 763.98. Section 203 is within Title II of TSCA, also known as the Asbestos Hazard Emergency Response Act (AHERA). The Agency recognizes that a waiver granted to any State would not encompass schools operated under the defense dependents' education system (the third type of local education agency (LEA) defined at TSCA section 202(7) and 40 CFR 763.83), which serve dependents in overseas areas, and other elementary and secondary schools outside a State's jurisdiction, which generally includes schools in Indian country. Such schools would remain subject to EPA's asbestos-in-schools program.

On December 19, 2008, (FRL–8754–4) EPA published a notice of proposed approval and request for comments. A detailed description of this waiver request and EPA's rationale for approving it was provided in that notice and is not restated here.

II. What Is the Agency's Authority for Taking This Action?

In 1987, under TSCA section 203, the Agency promulgated regulations that require the identification and management of asbestos-containing material by LEAs in the nation's elementary and secondary school buildings: The "AHERA Schools Rule" (40 CFR part 763, subpart E). Under section 203(m) of TSCA and 40 CFR 763.98, upon request by a State Governor and after notice and comment and opportunity for a public hearing in the State, EPA may waive, in whole or in part, the requirements of the asbestos-in-schools program (TSCA section 203 and the AHERA Schools Rule) if EPA determines that the State has established and is implementing or intends to implement a program of asbestos inspection and management that contains requirements that are at least as stringent as those in the Agency's asbestos-in-schools program. A State seeking a waiver must submit its request to the EPA Region in which that State is located.

III. When Did New Hampshire Submit Its Request for a Waiver?

On July 15, 2008, Governor John H. Lynch submitted to the EPA Region 1

Regional Administrator, a letter with supporting documentation requesting a full waiver of the requirements of EPA's asbestos-in-schools program pursuant to the AHERA statute and 40 CFR 763.98. The EPA Regional Administrator indicated to New Hampshire, by letter dated July 31, 2008, that the request was received. On September 30, 2008, the Manager of EPA's Toxics and Pesticides Unit submitted comments to the New Hampshire Department of Environmental Service's Air Resources Division regarding the AHERA waiver request. The State provided EPA with a response, dated October 10, 2008, in which each of EPA's comments was addressed.

IV. Materials in the Official Record

The official record, under Docket ID Number EPA–HQ–OPPT–2008–0790, contains the New Hampshire waiver request, and any other supporting or relevant documents pertaining to the approval, by EPA Region 1, of New Hampshire's AHERA waiver request.
