QA Program"), EPA has approved voluntary laboratories that have demonstrated, and continue to demonstrate, proficient detection and enumeration of *Cryptosporidium* in surface water sources for public water systems. Approved laboratories that do not continue to meet the criteria for the Lab QA Program, including successful participation in tri-annual proficiency tests, may have their status downgraded to "provisional" or have their approval suspended.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 74.5 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Public and private water testing laboratories. Estimated Number of Respondents: 65.

Frequency of Response: Annual.
Estimated Total Annual Hour Burden:
4 843

Estimated Total Annual Cost: \$411,729.40, includes \$141,929.00 annualized capital or O&M costs.

Changes in the Estimates: There is an increase of 863 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. Changes in burden have occurred due to re-evaluation of hours for tasks, improved demonstration of capability and growth in the respondent universe. Inflation has increased all operation and maintenance and labor costs accordingly. EPA's original estimates for hours to participate and maintain the Lab QA Program were made before the program began. Because the program has matured and several years of QC data have been collected, the burden has changed for performing improved and refined procedures. The burden for some tasks has been estimated and will be re-evaluated as the program progresses.

Dated: May 12, 2009.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-8906-3]

Science Advisory Board Staff Office; Notification of an Upcoming Meeting of the Science Advisory Board Committee on Science Integration for Decision Making

**AGENCY:** Environmental Protection

Agency (EPA). **ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public meeting of the SAB Committee to develop a work plan for its study.

**DATES:** The meeting dates are Tuesday, June 9, 2009 from 9 a.m. to 5 p.m. through Wednesday, June 10, 2009 from 8:30 a.m. to 12 p.m. (Eastern Time). **ADDRESSES:** The meeting will be held at the Ritz-Carlton Hotel, 1150 22nd Street.

NW., Washington, DC 20037.

FOR FURTHER INFORMATION CONTACT: Members of the public who wish to obtain further information about this meeting must contact Mr. Thomas Miller, Designated Federal Officer (DFO). Mr. Miller may be contacted at the EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; or via telephone/voice mail; (202) 343-9982; fax (202) 233-0643; or e-mail at miller.tom@epa.gov. General information about the EPA SAB, as well as any updates concerning the meeting announced in this notice, may be found on the SAB Web site at http:// www.epa.gov/sab.

**SUPPLEMENTARY INFORMATION: Pursuant** to the Federal Advisory Committee Act, 5 U.S.C., App. 2 (FACA), notice is hereby given that the SAB Committee on Science Integration for Decision Making will hold a public meeting to develop a work plan for its evaluative study on EPA scientific assessment practices for decision making. The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under FACA. The SAB will

comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: EPA uses many kinds of scientific assessments for policy analysis and decision making. Previous studies by the SAB and National Research Council (NRC) have recommended improvements to strengthen EPA scientific assessment practices for decision making. In its 2000 report, Toward Integrated **Environmental Decision-Making** (available on the SAB Web site at http://www.epa.gov/sab), the SAB found that an integrated approach to scientific assessment and decision making was needed to effectively address new and complex environmental problems. In its 2008 report, Science and Decisions: Advancing Risk Assessment (National Academies Press, Washington, DC), the NRC recommended improvements in EPA's risk assessment processes to address the complexities of current problems and potential decisions, and ensure that the best available options for managing risks are considered. The SAB is undertaking a new study at the request of the EPA Administrator to evaluate the extent to which scientific assessment practices are integrated into EPA's environmental decision-making processes. The study will build upon the findings of the previous SAB and NRC studies, and recommend actions that EPA could take to improve the integration of scientific assessments for decision making.

To conduct this new study, the SAB Staff Office formed the ad hoc SAB Committee on Science Integration for Decision Making. The Committee is comprised of members of the chartered SAB and its standing committees. The roster and biosketches of members of the Committee are posted on the SAB Web site at <a href="http://www.epa.gov/sab">http://www.epa.gov/sab</a>. The purpose of this meeting is to develop a plan for the new study.

Availability of Meeting Materials: The meeting agenda and other material in support of this meeting are posted on the SAB Web site at http://www.epa.gov/sab.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information on the topic of this advisory activity, and/or the group conducting the activity, for the SAB to consider during the advisory process.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Mr. Miller, DFO, in

writing (preferably via e-mail) at the contact information noted above, by June 2, 2009 to be placed on a list of public speakers for the meeting.

Written Statements: Written statements should be received in the SAB Staff Office by June 2, 2009 so that the information may be made available to the SAB Panel members for their consideration. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format). Submitters are requested to provide two versions of each document submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Miller at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting to give EPA as much time as possible to process your request.

Dated: May 12, 2009.

### Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

# FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget, Comments Requested

May 11, 2009.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501-3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper

performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before June 17, 2009. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via Internet at Nicholas A. Fraser@omb.eop.gov and to Judith-B.Herman@fcc.gov, Federal Communications Commission, or an email to PRA@fcc.gov. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page http://reginfo.gov/public/do/ PRAMain, (2) look for the section of the Web page called "Currently Under Review," (3) click on the downwardpointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith B. Herman at 202–418–0214 or via the Internet at Judith-B.Herman@fcc.gov.

### SUPPLEMENTARY INFORMATION:

OMB Control Number: None. Title: Section 10.350, Testing Requirements for the Commercial Mobile Alert System (CMAS). Form Number: N/A.

Type of Review: New collection. Respondents: Businesses or other forrofit.

Number of Respondents and Responses: 146 respondents; 1,752 responses.

*Ēstimated Time per Response:* 0.00114155251 hours (2.5 seconds).

Frequency of Response: Monthly and on occasion reporting requirement and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 151, 154(i) and (o), 201, 303(r), 403 and 606 of the Communications Act of 1934, as amended, as well as by sections 602(a), (b), (c), (f), 603, 604 and 606 of the WARN Act.

Total Annual Burden: 2 hours.
Total Annual Cost: None

*Privacy Act Impact Assessment:* No impact.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: As required by the Warning, Alert, and Response Network (WARN) Act, Public Law 109-347, the Federal Communications Commission adopted final rules to establish a Commercial Mobile Alert System (CMAS), under which Commercial Mobile Service (CMS) providers may elect to transmit emergency alerts to the public, see Second Report and Order and Further Notice of Proposed Rulemaking, FCC 08-164. In order to ensure that the CMAS operates efficiently and effectively, the Commission will require participating CMS providers to receive required monthly test messages initiated by the Federal Alert Gateway Administrator, to test their infrastructure and internal CMAS delivery systems by distributing the monthly message to their CMAS coverage area, and to log the results of the tests. The Commission will also require periodic testing of the interface between the Federal Alert Gateway and each CMS Provider Gateway to ensure the availability and viability of both gateway functions. The CMS Provider Gateways must send an acknowledgement to the Federal Alert Gateway upon receipt of these interface test messages.

The Commission, the Federal Alert Gateway and participating CMS providers will use this information to ensure the continued functioning of the CMAS, thus complying with the WARN Act and the Commission's obligation to promote the safety of life and property through the use of wire and radio communication.

Federal Communications Commission.

### Marlene H. Dortch,

Secretary.
