3. Indirect Costs

This section applies to all grant recipients that request reimbursement of indirect costs in their grant application. In accordance with HHS Grants Policy Statement, Part II–27, IHS requires applicants to have a current indirect cost rate agreement in place prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate means the rate covering the applicable activities and the award budget period. If the current rate is not on file with the DGM at the time of award, the indirect cost portion of the budget will be restricted and not available to the recipient until the current rate is provided to the DGM.

Generally, indirect costs rates for IHS grantees are negotiated with the Division of Cost Allocation (<http://rates.psc.gov/>) and the Department of the Interior National Business Center (1849 C St., NW., Washington, DC 20240) <http://www.nbc.gov/acquisition/ics/icshome.html>. If your organization has questions regarding the indirect cost policy, please contact the DGM at (301) 443–5204 or (301) 443–6290.

4. Reporting

A. Progress Report. Program progress reports are required semi-annually. These reports must be submitted within 30 days of the end of the half year and will include a brief comparison of actual accomplishments to the goals established for the period, or, if applicable, provide sound justification for the lack of progress, and other pertinent information as required. A final report must be submitted within 90 days of expiration of the budget/project period.

B. Financial Status Report. Semi-annual financial status reports must be submitted within 30 days of the end of the half year. Final financial status reports are due within 90 days of

expiration of the budget/project period. Standard Form 269 (long form) will be used for financial reporting. The final SF–269 must be verified from the grantee’s records on how the value was derived. Grantees must submit reports consistent with the applicable deadlines.

Failure to submit required reports within the time allowed may result in suspension or termination of an active cooperative agreement, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports.

5. Telecommunication for the hearing impaired is available at: TTY (301) 443–6394.

VIII. Other Information

The Public Health Service (PHS) strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.
