DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

May 21, 2009.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Standards for Privately Owned Quarantine Facilities for Ruminants.

OMB Control Number: 0579-0232.

Summary of Collection: Under the Animal Health Protection Act, the Animal and Plant Health Inspection Service (APHIS) is authorized among other things, to prohibit or restrict the importation of animals, animal products, and other articles into the United States to prevent the introduction of animal diseases and pests. The regulations in 9 CFR part 93 govern the importation into the United States of specified animals and animal products in order to help prevent the introduction of various animal diseases into the United States.

Need and Use of the Information: APHIS will collect the following information to determine if permission will be granted to establish and operate a private quarantine facility for ruminants: (1) Application Letter; (2) Compliance Agreement; (3) Daily Log; and (4) Request for Variance. Without the information, APHIS would be forced to discontinue its program of allowing the operation of privately owned quarantine facilities for ruminants, a development that would hamper U.S. animal import activities.

Description of Respondents: Business or other for-profit: State, Local or Tribal Government.

Number of Respondents: 3.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 170.

Forest Service

Title: Special Use Administration.

OMB Control Number: 0596-0082.

Summary of Collection: Several statutes authorize the Forest Service (FS) to issue and administer authorizations for use and occupancy of National Forest System (NFS) lands and require the collection of information from the public for those purposes including Title 5 of the Federal Land Policy and Management Act of 1976 (FLPMA, Pub. L. 94-579), the Organic Administration Act of 1897, (16 U.S.C. 551); the National Forest Ski Area Permit Act (16 U.S.C. 497b); section 28 of the Mineral Leasing Act (30 U.S.C. 185); the National Forest Roads and

Trails Act (FRTA, 16 U.S.C. 532–538); section 7 of the Granger-Thye Act (16 U.S.C. 480d); the Act of May 20, 2000 (16 U.S.C. 460/-6d); and the Federal Lands Recreation Enhancement Act (16 U.S.C. 6801–6814). Forest Service regulations implementing these authorities, found at Title 36, Code of Federal Regulations, Section 251, Subpart B (36 CFR part 251, subpart B), contain information collection requirements, including submission of applications, execution of forms, and imposition of terms and conditions that entail information collection requirements, such as the requirement to submit annual financial information; to prepare and update an operating plan; to prepare and update a maintenance plan; and to submit compliance reports and information updates.

Need and Use of the Information: The information collected is evaluated by the FS to ensure that authorized uses of NFS lands are in the public interest and are compatible with the agency mission. The information helps the agency identify environmental and social impacts of special uses for purposes of compliance with the National Environmental Policy Act and program administration. There are six categories of information collected: (1) Information required from proponents and applicants to evaluate proposals and applications to use or occupy NFS lands; (2) information required from applicants to complete special use authorizations; (3) annual financial information required from holders to determine land use fees; (4) information required from holders to prepare and update operating plans; (5) information required from holders to prepare and update maintenance plans; and (6) information required from holders to complete compliance reports and information updates.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; Federal Government; State, Local or Tribal Government.

Number of Respondents: 85,842.

Frequency of Responses: Reporting: On occasion; Quarterly.

Total Burden Hours: 247,107.

I. Funding Opportunity

Drinking water systems are basic and vital to both health and economic development. Hurricanes Katrina, Rita, Ike and Wilma severely damaged water systems in the States of Florida, Alabama, Mississippi, Louisiana, and Texas. Without dependable water supply, rural communities in these states will not attract families and businesses to return and invest in the hurricane damaged communities.

The Rural Utilities Service (RUS) supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need. The additional funding for Water Resource Studies will allow rural communities to better plan and secure dependable water supplies for rebuilding their
