

respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Printing, coating, and dyeing of fabrics and other textiles facilities.

Estimated Number of Respondents:

140.

Frequency of Response: On occasion, semiannually and initially.

Estimated Total Annual Hour Burden: 20,821.

Estimated Total Annual Cost:

\$1,687,784; which is comprised of \$3,640 in O&M costs, \$1,680,831 in Labor costs, and \$2,953 in total capital/startup costs.

Changes in the Estimates: There is no change in either the burden hours or cost to the respondents in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the respondents is very low, negative or nonexistent. Therefore, the labor hours and cost figures in the previous ICR reflect the current burden to the respondents and are reiterated in this ICR. It should be noted that the burden hours and annual cost shown in this ICR are somewhat different than in the previous ICR due to the correction of a typographical error and the more accurate rounding of numbers.

Agency Information Collection Activities; Proposed Collection; Comment Request; Information Collection Request for the GreenChill Advanced Refrigeration Partnership

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request for a new Information Collection Request (ICR) to the Office of

Management and Budget (OMB). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before August 3, 2009.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2008-0655, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *E-mail:*

- *a-and-r-docket@epamail.epa.gov.*

- *Fax:* 202-566-9744.

- *Mail:* Attention Docket ID No. EPA-HQ-OAR-2008-0655, U.S.

Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

- *Hand Delivery:* U.S. Environmental Protection Agency, EPA West (Air Docket), 1301 Constitution Avenue, NW., Room 3334, Washington, DC 20004, Attention Docket ID No. EPA-HQ-OAR-2008-0655. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2008-0655. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The

<http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact

you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

The EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2008-0655, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Air Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air Docket is 202-566-1742.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under DATES.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Docket ID No. EPA-HQ-OAR-2008-0655

Affected entities: Entities potentially affected by this action are food retailers that are partners in the GreenChill Advanced Refrigeration Partnership.

Title: Information Collection Request for the GreenChill Advanced Refrigeration Partnership

ICR numbers: EPA ICR No. 2349.1, OMB Control No. 2060-new.

ICR status: This ICR is for a new information collection activity. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or

by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The GreenChill Advanced Refrigeration Partnership (hereafter referred to as GreenChill Partnership or GreenChill) is an EPA cooperative alliance with the supermarket industry to promote advanced refrigeration technologies, strategies, and practices that reduce emissions of ozone-depleting and greenhouse gas refrigerants. A food retailer's decision to participate in the GreenChill Partnership is completely voluntary. After joining GreenChill by submitting a signed "Partnership Agreement," food retailers are asked to submit a "Stocks and Emissions Report" to an independent third party. The form requires partners to provide corporate-wide, aggregated data on the stocks and emissions of all refrigerants used in commercial refrigeration and air-conditioning appliances. The independent third party summarizes the information submitted by the food retailers, removes any identifying information, and sends a summary of the information to GreenChill. Partners are then asked to submit a "Corporate Refrigerant Management Plan" with their emissions reductions goals for the next year, along with a brief description of their plan to meet that goal (such as retrofitting old equipment, etc.). These two forms are necessary for GreenChill to track annual supermarket refrigerant emissions rates, allowing GreenChill and its food retail partners to benchmark partners' progress on reducing emissions. The partner emissions data is also the basis for the achievement awards that GreenChill gives out to its partners.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to be 18.1 hours for the first year and 11 hours per year for the second and third years per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently

changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 17.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: 2.

Estimated total annual burden hours per respondent: 18.1 hours for the first year and 11 hours per year for the second and third years.

Estimated total average annual costs per respondent: \$1378.29 for the first year and \$812.91 per year for the second and third years. This includes an estimated burden cost of \$1367.86 and an estimated cost of \$10.43 for capital investment or maintenance and operational costs for the first year and an estimated burden cost of \$808.05 and an estimated cost of \$4.86 for capital investment or maintenance and operational costs for the second and third years.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received under this notice and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.
