

removal and treatment of sewage from all vessels are reasonably available for the Broad and Jackson Creeks, the Fishing Bay and Porpoise Cove and Moore Creek areas, in and around Deltaville Virginia. The Commonwealth of Virginia has demonstrated that there is adequate and sufficient law enforcement capability of these regulations. The Commonwealth has also submitted data to document that local citizens, advocacy groups, and marina personnel are concerned about the adverse impacts from vessel sanitary discharges into the Broad and Jackson Creeks and Fishing Bay, and adjacent areas. In response to public meetings in May and June 2008, professional and public comments were all supportive of the decision to designate the affected areas as a no discharge zone. There were sufficient agency and environmental groups' comments to also support these measures.

A final determination on this matter will be made following the 30 day period for public comment and may result in a Virginia State prohibition of any sewage discharges from vessels in the Broad and Jackson Creeks and Fishing Bay areas. Comments and views regarding this application and EPA's tentative determination may be filed on or before July 6, 2009. Comments or requests for information or copies of the application should be addressed to Robert Runowski, EPA Region III, Office of State and Watershed Partnerships, 1650 Arch Street, Philadelphia, PA 19103. E-mail: runowski.bob@epa.gov. Telephone: (215) 814-5385. Fax: (215) 814-2301.

Dated: May 19, 2009.

C. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

- Explain your views as clearly as possible.
- Describe any assumptions that you used.
- Provide copies of any technical information and/or data you used that support your views.
- Provide specific examples to illustrate your concerns and suggest alternatives.
- To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response.

You may also provide the name, date, and **Federal Register** citation.

D. How May I Participate in This Meeting?

You may participate in this meeting by following the instructions in this section. To ensure proper receipt by EPA, it is imperative that you identify docket ID number EPA-HQ-ORD-2009-0183 in the subject line on the first page of your request.

a. *Oral comments.* Requests to present oral comments will be accepted up to June 17, 2009. To the extent that time permits, interested persons who have not pre-registered may be permitted by the Chair of the HSRB to present oral comments at the meeting. Each individual or group wishing to make brief oral comments to the HSRB is strongly advised to submit their request (preferably via e-mail) to the person listed under **FOR FURTHER INFORMATION CONTACT** no later than noon, Eastern time, June 17, 2009 in order to be included on the meeting agenda and to provide sufficient time for the HSRB Chair and HSRB Designated Federal Officer (DFO) to review the agenda to provide an appropriate public comment period. The request should identify the name of the individual making the presentation, the organization (if any) the individual will represent, and any requirements for audiovisual equipment (e.g., overhead projector, LCD projector, chalkboard). Oral comments before the HSRB are limited to five minutes per individual or organization. Please note that this limit applies to the cumulative time used by all individuals appearing either as part of, or on behalf of an organization. While it is our intent to hear a full range of oral comments on the science and ethics issues under discussion, it is not our intent to permit organizations to expand these time limitations by having numerous individuals sign up separately to speak on their behalf. If additional time is available, there may be flexibility in time for public comments. Each speaker should bring 25 copies of his or her comments and presentation slides for distribution to the HSRB at the meeting.

b. *Written comments.* Although you may submit written comments at any time, for the HSRB to have the best opportunity to review and consider your comments as it deliberates on its report, you should submit your comments at least five business days prior to the beginning of the meeting. If you submit comments after this date, those comments will be provided to the Board members, but you should recognize that the Board members may not have adequate time to consider those

comments prior to making a decision. Thus, if you plan to submit written comments, the Agency strongly encourages you to submit such comments no later than noon, Eastern Time, June 17, 2009. You should submit your comments using the instructions in Unit I.C. of this notice. In addition, the Agency also requests that person(s) submitting comments directly to the docket also provide a copy of their comments to the person listed under **FOR FURTHER INFORMATION CONTACT**. There is no limit on the length of written comments for consideration by the HSRB.

E. Background

A. Topics for Discussion

The HSRB is a Federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. App. 2 section 9. The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: (1) Research proposals and protocols; (2) reports of completed research with human subjects; and (3) how to strengthen EPA’s programs for protection of human subjects of research. The HSRB reports to the EPA Administrator through EPA’s Science Advisor.

The June 24–25, 2009 meeting of the Human Studies Review Board will address scientific and ethical issues surrounding:

- Four unpublished reports of research completed before enactment of the 2006 expanded EPA Regulation 40 CFR part 26 (Protection of Human Subjects rule) on the organophosphate pesticide chlorpyrifos:

a. A study by Coulston *et al.* (1972) of the subacute oral toxicity of chlorpyrifos to adult male prisoners.

b. A study by Nolan *et al.* (1982) of the metabolism and excretion of chlorpyrifos and cholinesterase activity in adult males after a single oral or dermal exposure.

c. A study by Honeycutt and DeGeare (1993) monitoring the Acetylcholinesterase activity and urinary metabolites of chlorpyrifos in agricultural workers who re-entered chlorpyrifos-treated citrus groves.

d. A study by Kisicki *et al.* (1999) of the acute oral toxicity of chlorpyrifos to adult male and female volunteers.

- A proposal for new research to be conducted by Carroll-Loye Biological Research to evaluate the repellent efficacy to biting flies in the field of two

registered products containing 20% picaridin.

- The report of a completed laboratory study conducted by ICR, Inc., to evaluate the repellent efficacy to stable flies of two registered products containing 20% picaridin.

- A new scenario design and associated protocol for field studies at five sites from the Agricultural Handlers Exposure Task Force (AHETF), describing proposed research to monitor exposure of professional pesticide handlers who mix and load pesticides formulated as wettable powders in water-soluble packaging.

In addition, the Board will be reviewing its draft February 17, 2009 meeting report for subsequent Board approval. Finally, the HSRB may also discuss planning for future HSRB meetings.

B. Meeting Minutes and Reports

Minutes of the meeting, summarizing the matters discussed and recommendations, if any, made by the advisory committee regarding such matters will be released within 90 calendar days of the meeting. Such minutes will be available at <http://www.epa.gov/osa/hsrb/> and <http://www.regulations.gov>. In addition, information concerning a Board meeting report, if applicable, can be found at <http://www.epa.gov/osa/hsrb/> or from the person listed under **FOR FURTHER INFORMATION**.

Dated: May 29, 2009.

EPA Acting Science Advisor.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by American Petroleum Institute (API) in the United States Court of Appeals for the District of Columbia Circuit: *American Petroleum Institute v. EPA*, No. 06-1321 (D.C. Cir.). API filed a petition for review of an EPA rule promulgating regulations requiring new

source performance standards for new stationary compression ignition internal combustion engines. Under the terms of the proposed settlement agreement, EPA agrees to propose revisions to the new source performance standards and to issue guidance specifying particular standards applicable under the regulations.

DATES: Written comments on the proposed settlement agreement must be received by *July 6, 2009*.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2009-0354, Online at <http://www.regulations.gov> (EPA's preferred method); by e-mail to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: Michael Horowitz, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: (202) 564-5583; fax number (202) 564-5603; e-mail address: horowitz.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement Agreement

This proposed settlement agreement would potentially resolve a petition for judicial review filed by API for review of a rule promulgating new source performance standards for new stationary compression ignition internal combustion engines. Under the terms of the proposed settlement agreement, EPA agrees to propose, no later than one year after execution of the settlement agreement, revisions to the new source performance standards. The proposed revisions would allow owners and operators more options in operating and maintaining their engines, but would require more testing for sources using the additional options. The proposal would also clarify certain provisions of the existing regulations and make minor modifications unrelated to the stringency of the standards. After considering any comment reviewed,

EPA agrees to sign a final rule within one year of the publication of the proposal. If the relevant provisions of the final rule are in substantial conformance with the revisions in the draft agreement, then API agrees to the dismissal of its petition for review. Additionally, based on API concerns that the regulations are not sufficiently clear regarding the not-to-exceed standards and multiples applicable to engines subject to the regulations, EPA agrees to issue guidance specifying the not-to-exceed standards and multiples applicable to such engines.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment submitted, that consent to this settlement agreement should be withdrawn, the terms of the agreement will be affirmed.
