

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and or gas operators/lessees.

Estimated Reporting and Recordkeeping Hour Burden: The

currently approved annual reporting burden for this collection is 84 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed

that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

NTL Requirement	Hour burden
	Non-Hour cost burdens
Purchase and installation of tracking/locator devices—one time purchase for each existing MODU	\$5,000 per device.
Purchase and installation of tracking/locator devices—(these are for future new MODUs or repair/replacement devices due to normal wear and tear).	\$5,000 per device.
Notify MMS with tracking/locator data access (one-time burden for initial submission)	15 minutes.
Notify MMS with tracking/locator data access (these are future submissions after initial purchase and notification in subsequent years).	15 minutes.
Notify Hurricane Response Team as soon as you know a rig has moved off location	10 minutes.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified two non-hour paperwork cost burdens for this collection, see the burden table.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”.

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the non-hour paperwork cost burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful

life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Parts 227, 228, and 229, Delegated and Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1010-0087.

Bureau Form Number: None.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under the Mineral Leasing Act of 1920, Outer Continental Shelf Lands Act of 1953, Geothermal Steam Act of 1970, and Indian Mineral Development Act of 1982, the Secretary is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties and other mineral revenues from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the mineral revenue management functions and assists the Secretary in

carrying out the Department's trust responsibility for Indian lands.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information MMS collects includes data necessary to ensure that the lessee accurately values and appropriately pays all royalties and other mineral revenues due.

The Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), as amended by the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996, sections 3, 4, and 8 for Federal lands, authorizes the Secretary to develop delegated and cooperative agreements with states (sect. 205) and Indian tribes (sect. 202) to carry out certain inspection, auditing, investigation, or limited enforcement activities for oil and gas leases in their jurisdiction. The states and Indian tribes are working partners and are an integral part of the overall onshore and offshore compliance effort. The Appropriations Act of 1992 also authorizes the states and Indian tribes to perform the same functions for coal and other solid mineral leases.

Public laws pertaining to mineral revenues are located on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

Relevant parts of the Code of Federal Regulations (CFR) include 30 CFR parts 227, 228, and 229, as described below:

Title 30 CFR Part 227—Delegation to States, provides procedures to delegate certain Federal minerals revenue management functions to states for Federal oil and gas leases. The regulation also provides only audit and investigation functions to states for Federal geothermal and solid mineral leases, and leases subject to Section 8(g) of the OCS Lands Act, within their state boundaries. To be considered for such delegation, states must submit a written proposal, and receive approval from MMS, and provide periodic accounting documentation to MMS.

Title 30 CFR Part 228—Cooperative Activities with States and Indian Tribes, provides procedures to utilize the capabilities of the Indian tribes to carry out audits and related investigations of their respective leased lands. Indian tribes must submit a written proposal to enter into a cooperative agreement to MMS, outlining the activities to be undertaken and present evidence that they can meet the standards of the Secretary for the activities to be conducted. The tribes must also submit an annual work plan and budget, as well as quarterly reimbursement vouchers.

Title 30 CFR Part 229—Delegation to States, provides procedures to utilize the capabilities of the states to carry out audits and related investigations of leased Indian lands within their respective state boundaries, by permission of the respective Indian tribal councils or individual Indian mineral owners. The state must receive the Secretary's delegation of authority and submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. The state is also required to maintain records.

In summary, this collection of information is necessary in order for states and Indian tribes to conduct audits and related investigations of Federal and Indian oil, gas, coal, any other solid minerals, and geothermal royalty revenues from Federal and tribal leased lands.

The MMS protects proprietary information submitted under this collection. The MMS does not collect items of a sensitive nature. A response to engage in these programs is required to obtain the benefit of entering into a cooperative agreement with the Secretary.

Frequency: Varies based on the function performed.

Estimated Number and Description of Respondents: 11 states and 7 Indian tribes.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 6,178 hours.

We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

Estimated Annual Reporting and Recordkeeping "Non-hour" Cost Burden: We have identified no "non-hour cost" burden associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency to " * * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on October 27, 2008 (73 FR 63723), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your

comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 8, 2009.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We also will post all comments including names and addresses of respondents, at <http://www.regulations.gov>. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, intend to prepare a comprehensive conservation plan (CCP) and associated National Environmental Policy Act (NEPA) documents for Chassahowitzka National Wildlife Refuge (NWR). We provide this notice in compliance with our CCP policy to advise other Federal and State agencies, Tribes, and the public of our intentions, and to obtain suggestions and information on the scope of issues to consider in the planning process.

DATES: To ensure consideration, we must receive your written comments by July 8, 2009. Special mailings, newspaper articles, and other media announcements will be used to inform the public and State and local government agencies of the opportunities for input throughout the planning process. A public scoping meeting will be held early in the CCP development process. The date, time, and place for the meeting will be announced in the local media.
