SUPPLEMENTARY INFORMATION:

Title: California Campfire Permit.

OMB Number: 0596-New.

Type of Request: New.

Abstract: The issuance of the California Campfire Permit by Forest

Service and Bureau of Land Management offices in California is a requirement resulting from a formal agreement with the State of California. The agreement outlines fire management responsibilities for each party and results in enhanced cooperation for fire suppression and fire prevention activities across agency boundaries throughout the State. California State Law requires individuals to possess a permit to light, maintain, or use a campfire on the property of another person and also requires individuals to obtain a campfire permit issued under Forest Service authority for campfires on National Forest System lands. As part of a formal agreement with the State, the Forest Service, Bureau of Land Management, and the California Department of Forestry and Fire Protection (Cal Fire) have agreed to issue an interagency campfire permit that meets the intent of the State law.

California Public Resources Code 4433: Permits Required. A person shall not light, maintain, or use a campfire upon any brush-covered land, grass-covered land, or forest-covered land which is the property of another person unless he first obtains a written permit from the owner, lessee, or agent of the owner or lessee of the property.

If, however, campsites and special areas have been established by the property owner and posted as areas for camping, a permit is not necessary.

A written campfire permit duly issued by or under the authority of the United States Forest Service is necessary for use on land under the jurisdiction and control of the United States Forest Service.

The California Campfire Permit is issued in every Forest Service, Bureau of Land Management, and Cal Fire office in the State that is open to the public. The permit is required for any individual that intends to make a campfire on National Forest System lands or Bureau of Land Management lands. Only one permit is required per year per person. The permit requires individuals to provide their printed name and signature, which is used by designated law enforcement officials to verify that the permit belongs to a responsible individual that is present at a campfire. The information is not otherwise used or maintained for any purpose by the Forest Service, Bureau of Land Management or Cal Fire.

The California Campfire Permit is a valuable fire prevention tool that

provides firefighting organizations in California an opportunity to educate members of the public on safe and responsible campfire use, and allows agencies to personally provide fire prevention messages to every individual that intends to build or maintain a campfire in the State. Without the Forest Service and Bureau of Land Management participating in the distribution of this permit, those agencies would lose an important fire prevention tool while making it impossible for individuals to comply with state law due to the language in the State law requiring a campfire permit to be issued under Forest Service authority for campfires on National Forest System lands.

Estimate of Annual Burden: Five minutes.

Type of Respondents: Individuals who use government facilities and services.

Estimated Annual Number of Respondents: 250,000 (per National Visitor Use Monitoring or NVUM).

Estimated Annual Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 20,833 hours.

Comment is Invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Dated: June 1, 2009.

James Hubbard,

Deputy Chief, State and Private Forestry.

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: NMFS announces free Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops to be held in July, August, and September of 2009. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and have also been issued shark or swordfish limited access permits.

Additional free workshops will be held in 2009 and announced in the **Federal Register**.

DATES: The Atlantic Shark Identification Workshops will be held July 2, August 6, and September 3, 2009.

The Protected Species Safe Handling, Release, and Identification Workshops will be held July 15, July 29, August 5, August 26, September 2, and September 30, 2009.

See **SUPPLEMENTARY INFORMATION** for further details.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Wilmington, NC; Richmond, TX; and Charleston, SC.

The Protected Species Safe Handling, Release, and Identification Workshops will be held in Ronkonkoma, NY; North Charleston, SC; Clearwater, FL; Kenner, LA; Peabody, MA; and Manahawkin, NJ.

See **SUPPLEMENTARY INFORMATION** for further details on workshop locations.

FOR FURTHER INFORMATION CONTACT: Richard A. Pearson by phone: (727) 824-5399, or by fax: (727) 824-5398.

SUPPLEMENTARY INFORMATION: The workshop schedules, registration information, and a list of frequently asked questions regarding these workshops are posted on the internet at: <http://www.nmfs.noaa.gov/sfa/hms/workshops/>.

Atlantic Shark Identification Workshops

Since December 31, 2007, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit which first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for three years.

Currently permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who: is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and fills out dealer reports. Atlantic shark dealers are prohibited

from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location which first receives Atlantic sharks has been submitted with the permit renewal application. The certificate(s) are valid for three years. Additionally, trucks or other conveyances which are extensions of a dealer's place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate. Approximately 35 free Atlantic Shark Identification Workshops have been conducted since January 2007.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander by email at esander@peoplepc.com or by phone at (386) 852-8588.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following items to the workshop:

Atlantic shark dealer permit holders must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.

Atlantic shark dealer proxies must bring documentation from the shark dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate permit, and proof of identification.

Workshop Objectives

The shark identification workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified
