Permethrin; Second Revision to Reregistration Eligibility Decision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's decision to modify the 2006 Reregistration Eligibility Decision (RED) for the pesticide permethrin based on the revised occupational and residential (ORE) risk assessment. EPA conducted this reassessment of the permethrin RED in response to new data submitted by the Consumer Specialty Product Association, Permethrin Dermal Absorption Group. Based on the new data received, the Agency has revised the ORE risk assessment and the permethrin RED, appropriately. In addition, the Agency revised the permethrin label table to reflect the updated labeling for permethrin residential, agricultural, and wide area public health use products.

FOR FURTHER INFORMATION CONTACT: Jacqueline Guerry, Special Review and Reregistration Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (215) 814–2184; fax number: (215) 814–3113; e-mail address: guerry.jacqueline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farm worker and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action

to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA–HQ–OPP–2004–0385. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S–4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305–5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr>.

II. Background

A. What Action is the Agency Taking?

Section 4 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) directs EPA to reevaluate existing pesticides to ensure that they meet current scientific and regulatory standards. In April 2006, EPA issued a reregistration eligibility decision (RED) for permethrin under section 4(g)(2)(A) of FIFRA. The 2006 permethrin RED was first revised in December 2007 based on public comments and post-RED activities. However, the Agency has completed this most recent RED revision following receipt of a new study, Estimated Dermal Penetration in Humans Based on *In Vitro* and *In Vivo* Data, submitted by the Consumer Specialty Products Association, Permethrin Dermal Absorption Group. The amended permethrin RED reflects changes resulting from Agency consideration of the new data, as well as efforts by the Agency to appropriately mitigate overall risk.

The new data served to revise the dermal absorption factor relied upon in the cancer portion of the occupational and residential exposure (ORE) risk assessment from 15% to 5.7%. The revised RED captures the recent ORE cancer risk assessment, and also modifies the required risk mitigation appropriately. The Agency has also revised the RED document to reflect the current status of Office of Pesticide Program initiatives, such as the

cumulative risk assessment and the Endangered Species Program. Further, in addition to the revised risk mitigation, which is captured in the Summary of Labeling Changes for Permethrin (label table), the Agency has incorporated a number of revisions to the label table to reflect updates in labeling on permethrin residential, agricultural, and wide area public health use products.

B. What is the Agency's Authority for Taking this Action?

Section 4(g)(2) of FIFRA, as amended, directs that, after submission of all data concerning a pesticide active ingredient, “the Administrator shall determine whether pesticides containing such active ingredient are eligible for reregistration,” before calling in product specific data on individual end-use products and either reregistering products or taking other “appropriate regulatory action.”

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget, Comments Requested

June 4, 2009.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501–3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the

information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before July 10, 2009. If you anticipate that you will be submitting PRA comments but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via Internet at Nicholas.A.Fraser@omb.eop.gov and to Judith-B.Herman@fcc.gov, Federal Communications Commission, or an e-mail to PRA@fcc.gov. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith B. Herman at 202-418-0214 or via the Internet at Judith-B.Herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0931.

Title: Sections 0.131 and 80.103, Digital Selective Calling (DSC) Operating Procedures—Maritime Mobile Identity (MMSI).

Form Number: N/A.

Type of Review: Extension of an existing collection.

Respondents: Individuals or households, businesses or other for-profit and Federal Government.

Number of Respondents and Responses: 40,000 respondents; 40,000 responses.

Estimated Time per Response: .25 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. There is no statutory authority for this information collection. The reporting requirement is in international agreements and ITU-R M.541-9.

Total Annual Burden: 10,000 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: Yes.

Nature and Extent of Confidentiality: There is a need for confidentiality with respect to all owners of Marine VHF radios with Digital Selective Calling (DSC) capability in this information collection. Pursuant to section 208(b) of the E-Government Act of 2002, 44 U.S.C. 3501, in conformance with the Privacy Act of 1974, 5 U.S.C. 552(a), the Wireless Telecommunications Bureau instructs licensees to use the FCC Universal Licensing System (ULS), Antenna Structure Registration (ASR), Commission Registration System (CORES) and related systems and subsystems to submit information. CORES is used to receive an FCC Registration Number (FRN) and password, after which one must register all current call signs and ASR numbers associated with a FRN within the bureau's system of records (ULS database). Although ULS stores all information pertaining to the individual license via the FRN, confidential information is accessible only by persons or entities that hold the password for each account, and the bureau's Licensing Division staff. Upon the request of FRN, the individual licensee is consenting to make publicly available, via the ULS database, all information that is not confidential in nature.

Needs and Uses: The Commission will submit this information collection to the OMB for review and approval in order to obtain the full three-year clearance from them. The Commission is requesting approval of an extension (no change in the reporting and/or third party disclosure requirements). There is a significant increase in the estimated burden hours, which is due to an adjusted increase in the number of respondents/responses, which was 2,000 in 2006 and 40,000 at this time of submission to the OMB. Therefore, the hourly burden has increased from 1,000 hours in 2006 to 10,000 hours at this time.

This information collection is necessary to require owners of marine VHF radios with Digital Selective Calling (DSC) capability to register

information such as name, address, and type of vessel, with a private entity issuing marine mobile service identities (MMSI). The Commission collects this information and assigns MMSIs through the ship station licensing process; however, those ship stations operating domestically are not required to obtain an individual license and are licensed by rule. The Commission developed procedures to privatize the issuance of MMSIs by providing blocks of MMSI numbers to qualified entities for distribution to ship vessel operators that are not required by law to carry a radio and do not make international voyages or communications.

The Commission has a Memorandum of Understanding (MOU) with the U.S. Coast Guard and the private entities to collect the data that is on Attachment A. The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods. The requirement to collect this information is not contained in a formal FCC order, but in the agreements the FCC executes with private sector entities that issue MMSIs and 47 CFR 80.103, which requires ship owners using VHF radios with DSC to have an MMSI.

The information is used by private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the collection were not conducted, the U.S. Coast Guard would not have access to this information, which would increase the time needed to complete a search and rescue operation.

Federal Communications Commission.

Secretary.
