SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6)

Title: Higher Education Opportunity Act (HEOA) Title II Reporting Forms on Teacher Quality and Preparation.

Frequency: Annually.

Affected Public: Businesses or other for-profit; not-for-profit institutions; State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 1,309.

Burden Hours: 235,961.

Abstract: The Higher Education Opportunity Act of 2008 calls for annual reports from states and institutions of higher education (IHEs) on the quality of teacher preparation and state teacher certification and licensure (Pub. L. 110-315, sections 205-208). The purpose of the reports is to provide greater accountability in the preparation of the nation's teaching forces and to provide information and incentives for its improvement. IHEs that have teacher preparation programs must report annually to their states on the performance of their program completers on teacher certification or licensure tests. States, in turn, must report test performance information, institution by institution, to the Secretary of Education. They must also report on their requirements for teacher certification and licensure, state standards, alternative routes to certification, low performing teacher preparation programs and related items.

Project operations are guided by reservoir rule curves which are designed to minimize spill at Spada Lake while providing minimum flow releases to the Sultan River downstream of the diversion dam. The District proposes the following changes to the project: (1) Modifications to the project boundary that include additional land and exclude certain land included in the existing project boundary; (2) a new Operations Plan based on revised Spada Lake rule curves; (3) aquatic habitat enhancement measures; (4) measures to protect and enhance wildlife habitat; (5) measures to enhance recreational opportunities; and (6) measures to protect historic properties.
