SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60046; File No. SR-Phlx-2009-44]

Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Cancellation Fee

June 4, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 1, 2009, NASDAQ OMX PHLX, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II,

and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to: (i) Increase the Cancellation Fee from \$1.10 per order to \$2.10 per order; (ii) modify the Cancellation Fee by limiting its applicability to cancelled AUTOM-delivered customer orders instead of all cancelled AUTOM-delivered orders; and (iii) specify the types of order activity that are exempt from the Cancellation Fee. The Exchange also proposes to amend an endnote to reflect recently approved Exchange By-Laws and a Rule.

The text of the proposed rule change is available on the Exchange's Web site at *http://*

nasdaqomxphlx.cchwallstreet.com/ NASDAQOMXPHLX/Filings/, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Cancellation Fee to assist the Exchange in recouping costs associated with a large number of order cancellations. Specifically, the costs arise from increased bandwidth and capacity concerns related to increased message traffic.

The Exchange proposes to increase the Cancellation Fee from \$1.10 per order for each cancelled AUTOMdelivered ³ order in excess of the number of orders executed on the Exchange by a member organization in a given month to \$2.10 per order. The Exchange believes this increase will cover costs to the Exchange associated with system congestion resulting from a rising number of cancellation orders.

Currently, the Exchange assesses a Cancellation Fee of \$ 1.10 per order on member organizations for each cancelled AUTOM-delivered order in excess of the number of orders executed on the Exchange by that member organization in a given month. The Exchange calculates the Cancellation Fee by aggregating all orders and cancels received by the Exchange and totaling those orders by member organization. At least 500 cancellations must be made in a given month by a member organization in order for a member organization to be assessed the Cancellation Fee. The Cancellation Fee is not assessed in a month in which fewer than 500 AUTOM-delivered orders are cancelled. Simple cancels and cancel-replacement orders are the types of orders that are counted when calculating the number of AUTOMdelivered orders.4 Also, pre-market cancellations 5 are not included in the calculation of the Cancellation Fee as well as Complex Orders 6 that are submitted electronically.

The Exchange proposes to modify the Cancellation Fee to limit its applicability to cancelled AUTOM-delivered customer ⁷ orders instead of all cancelled AUTOM-delivered orders. This proposal would assess the \$2.10

of equity option and index option orders to the Exchange trading floor. See Exchange Rule 1080. See also proposed rule change SR-Phlx-2009-32 which proposes to amend Rule 1080 to state, "AUTOM and AUTO—X were replaced by the Phlx XL System, such that references to both terms refer to Phlx XL." Therefore, in light of proposed rule change SR-Phlx-2009-32, references throughout this rule filing to AUTOM-delivered orders would be referenced as electronically delivered orders upon the approval of SR-Phlx-2009-32.

⁴ A cancel-replacement order is a contingency order consisting of two or more parts which require the immediate cancellation of a previously received order prior to the replacement of a new order with new terms and conditions. If the previously placed order is already filled partially or in its entirety the replacement order is automatically canceled or reduced by such number. See Exchange Rule 1066(c)(7).

⁵ See Securities Exchange Act Release Nos. 53226 (February 3, 2006), 71 FR 7602 (February 13, 2006) (SR–Phlx–2005–92); and 53670 (April 18, 2006), 71 FR 21087 (April 24, 2006) (SR–Phlx–2006–21).

⁶ A Complex Order is composed of two or more option components and is priced as a single order (a "Complex Order Strategy") on a net debit or net credit basis.

⁷ See e.g. Exchange Rule 1080(b)(i)(A) "* * * is any order entered on behalf of a public customer, and does not include any order entered for the account of a broker-dealer, or any account in which a broker-dealer or an associated person of a broker-dealer has any direct or indirect interest."

^{10 17} CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ AUTOM is the Exchange's electronic order delivery, routing, execution and reporting system, which provides for the automatic entry and routing

proposed Cancellation Fee on cancelled customer orders that are in excess of the number of customer orders executed on the Exchange by a member organization in a given month. The Exchange believes that by modifying the cancellation calculation to customer orders, the Exchange would be able to fairly allocate costs among members according to system use.

The Exchange also proposes to amend the types of order activity that are exempt from the Cancellation Fee. As previously stated, currently the Cancellation Fee is not assessed in a month in which fewer than 500 AUTOM-delivered orders are cancelled; only simple cancels and cancelreplacement orders are the types of orders that are counted when calculating the number of AUTOMdelivered orders. Also, currently premarket cancellations and Complex Orders that are submitted electronically are not included in the calculation of the Cancellation Fee.

The Exchange proposes to continue to exempt fewer than 500 AUTOMdelivered orders that are cancelled, but proposes to amend that provision to state that it will exempt fewer than 500 AUTOM-delivered customer orders that are cancelled in a month. Additionally, the Exchange proposes to exempt unfilled Immediate-or-Cancel⁸ customer orders and cancelled customer orders that improved the Exchange's prevailing bid or offer (PBBO) market at the time the customer orders were received by the Exchange. The Exchange believes that these types of order activity should be exempt from the Cancellation Fee because the activity does not contribute excessively to system congestion. The pre-market cancellations and Complex Orders that are submitted electronically will continue to not be included in the calculation of the Cancellation Fee.

As previously stated, the Exchange currently exempts these types of order activities. However, the Exchange proposes to specifically mention the pre-market cancellation exemption in the Fee Schedule by noting that pre-market cancellations are exempt. The Exchange inadvertently excluded such language from the Fee Schedule in the past and believes that the addition of such language will clarify the Fee Schedule. Similarly, the Exchange still believes that the pre-market cancellation and Complex Order activity do not

excessively contribute to increased order flow traffic.

Finally, the Exchange proposes to amend endnote 70 to reflect the recently approved changes to proposed rules SR–Phlx–2009–23 ¹⁰ and SR–Phlx–2009–17, ¹¹ which amended Exchange By-Law Article VI, Sections 11–1 and 11–3 and Exchange Rule 960.9 to rename certain standing committees and eliminate reference to a Hearing Officer. These proposed amendments to endnote 70 will conform the endnote to the Exchange's current By-Laws and Rules.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act ¹² in general, and furthers the objectives of Section 6(b)(4) of the Act ¹³ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that the proposed amendments to the Cancellation Fee will continue to fairly allocate costs among members according to system use as well as ease system congestion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act 14 and paragraph (f)(2) of Rule 19b-4 15 thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an e-mail to *rule-comments@sec.gov*. Please include File Number SR–Phlx–2009–44 on the subject line.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–60036; File No. SR–DTC–2009–09]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish an Alternate Choice in DTC's Profile Modification System Indemnity Insurance Program

June 3, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on May 11, 2009, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by DTC. DTC filed the proposal pursuant to Section 19(b)(3)(A)(iii) of the Act 2 and Rule 19b-4(f)(4) 3 thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the rule change is to establish an alternate choice in DTC's Profile Modification System Indemnity Insurance Program.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B),

and (C) below, of the most significant aspects of these statements.⁴

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

DTC's Profile Modification System ("Profile") is an electronic communication hub between transfer agents that participate in the Direct Registration System ("DRS"), which transfer agents are Limited Participants ("Limited Participants") of DTC, and broker-dealers that participate in DRS, which broker-dealers are DTC Participants ("Participants;" Participants together with Limited Participants are collectively referred to as "Users").5 Profile allows Participants to submit an investor's instruction to move a share position from the investor's DRS account at the transfer agent to the Participant's account at DTC ("Electronic Participant Instruction"). Profile also allows Limited Participants to submit an investor's instruction to move its share position from the Participant's account at DTC to the DRS account at the transfer agent ("Electronic Limited Participant Instruction;" Electronic Limited Participant Instruction and Electronic Participant Instruction are collectively referred to as "Electronic Instructions"). A User submitting an Electronic Instruction through Profile is required to agree to a Participant Terminal System ("PTS") screen indemnity ("Screen Indemnity").6

On August 22, 2005, the Commission approved a rule filing establishing the DTC Profile Indemnity Insurance Program ("PIP"), 7 on as an alternative to the existing DTC Profile Surety Program ("PSP"). 8 Profile users who agree to the

Screen Indemnity have the option to procure Profile Indemnity Insurance ("Insurance") relating to a particular transaction according to the value of each individual securities transaction. The Insurance option provides a coverage limit of \$25 million per transaction with an annual aggregate limit of \$100 million. In addition to any pass-through fee from the insurer, DTC charges users participating in PIP an annual administration fee of \$250 and a \$27.50 per transaction fee.

DTC is proposing to provide Profile users an option to procure insurance with a different coverage limit than that currently offered ("PIP II"). The coverage limit for PIP II will be \$7.5 million per transaction with an annual aggregate limit of \$15 million. PIP II users will be required to pay an annual premium of \$6,000 to an insurance provider and a DTC administration fee of \$250. The intent of this program is to provide an alternative insurance option for Profile users with high volume and moderate value and also for contingency planning if a provider is no longer able to provide insurance or surety. Users will be permitted to participate with each provider but will continue to be required to select only one provider per Profile transaction.

The insurance company issuing the insurance policy will either be a company selected by DTC as the administrator of such insurance program, or an insurance company selected by the User. If a User elects to use an insurance company other than the one DTC has selected, the insurance company selected must issue its insurance policy in a form consistent with the policy issued by the insurance company selected by DTC.

The proposed rule change is consistent with Section 17A of the Act,⁹ as amended, because it modifies an existing service by establishing an alternate choice for Profile insurance users to provide a broader range of options to safeguard transactions processed within Profile.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

⁴ The Commission has modified the text of the summaries prepared by DTC.

⁵ For a description of Profile, see Securities Exchange Act Release No. 41862 (September 10, 1999), 64 FR 51162 (September 21, 1999) (order approving implementation of Profile).

⁶ The Screen Indemnity protects, among others, the party delivering the share position from liability in connection with the transaction arising from a User's breach of the representation of authority and consent to initiate the transaction. For a broader description of the Screen Indemnity, see Securities Exchange Act Release No. 42704 (April 19, 2000), 65 FR 24242 (April 25, 2000) (order approving modification of Profile to incorporate use of the Screen Indemnity).

⁷ Securities Exchange Act Release No. 42422 (September 14, 2005), 70 FR 55196 (September 20, 2005).

⁸ Under PSP, each user of Profile that agrees to the Screen Indemnity must procure a surety bond to back its obligations under such indemnity ("Surety Bond"). Participation in PSP requires the payment of an annual premium of \$3,150 to a surety provider and a DTC administration fee of \$250. The current PSP surety provider provides for

a coverage limit of \$3 million per transaction with an annual aggregate limit of \$6 million. The Commission approved a rule filing establishing an alternate to PSP in June 2008 ("PSP II"). Securities Exchange Act Release No. 58042 (June 26, 2008), 73 FR 39067 (July 8, 2008).
