In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0006; Employment Standards, 49 CFR parts 1542 and 1544. The information collected is used to determine compliance with 49 CFR parts 1542 and 1544. TSA Transportation Security Inspectors (TSIs) review these records to ensure that the safety and security of the public is not compromised, to include using this information to take corrective action when necessary. Abstract: We administer 18 wildlife and sport fish financial assistance programs. For a list of the programs included in this information collection, see our previous notice published on March 18, 2009 (74 FR 11596). We provide most of this financial assistance as grants, but cooperative agreements are possible if the Federal Government is substantially involved in carrying out the project.

To compete for financial assistance funds, you must submit an application that describes in substantial detail project locations, benefits, funding, and other characteristics. Materials to assist applicants in formulating project

proposals are available on Grants.gov. We use the application to determine:

- (1) Eligibility for the grant.
- (2) The scale of resource values or relative worth of the project.
- (3) The effect of the project on environmental and cultural resources.
- (4) How well the proposed project will meet the purposes of the program's establishing legislation.

Persons or entities receiving grants must submit periodic performance reports that contain information necessary for us to track costs and accomplishments.

Comments: On March 18, 2009, we published in the **Federal Register** (74 FR 11596) a notice of our intent to

request that OMB renew this information collection. In that notice, we solicited comments for 60 days, ending on May 18, 2009. We received one comment in response to the notice. The commenter stated that many of the grant programs "need cutting" and opposed any expenditure of public funds for hunter education and safety training. The commenter did not address the information collection requirements, and we did not did not make any changes based on this comment.
