SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60068; File No. SR-NSX-2009-04]

Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee and Rebate Schedule To (i) Increase From 50,000 to 5 Million the Liquidity Adding Average Daily Volume Thresholds in the Automatic Execution Mode of Order Interaction ("AutoEx"); (ii) Include Securities Less Than One Dollar in the Calculation of Liquidity Adding and Total Average Volume Thresholds in AutoEx; and (iii) Eliminate the Two Lower Tiers With Respect to the AutoEx Liquidity Adding Zero Display Order Rebate

June 8, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 29, 2009, National Stock Exchange, Inc. filed with the Securities and Exchange Commission ("Commission") the proposed rule change, as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comment on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

National Stock Exchange, Inc. ("NSX" or "Exchange") is proposing to amend the Fee and Rebate Schedule (the "Fee Schedule") issued pursuant to Exchange Rule 16.1(c) in order to (i) increase from 50,000 to 5 million the liquidity adding average daily volume thresholds in the Automatic Execution Mode of order interaction ("AutoEx"); (ii) include securities less than one dollar in the calculation of liquidity adding and total average volume thresholds in AutoEx; and (iii) eliminate the two lower tiers with respect to the AutoEx liquidity adding zero display order rebate.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nsx.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Purpose

With this rule change, the Exchange is proposing to make three changes to the Fee Schedule, in each case only with respect to AutoEx.³

First, the liquidity adding average daily volume ("Liquidity Adding ADV") thresholds in AutoEx that are currently set at 50,000 are proposed to be increased to 5 million. This threshold is used to determine both the amount of the liquidity taking fee in AutoEx and eligibility for receipt of the liquidity adding zero display order rebate in AutoEx. Under the Fee Schedule in effect prior to effectiveness of the instant proposed rule change, an ETP Holder needs to achieve a Liquidity Adding ADV⁴ of 50,000 in order to obtain a reduced liquidity taking fee from \$0.0030 to \$0.0028 per share. The instant rule filing proposes to increase the Liquidity Adding ADV used with respect to AutoEx liquidity taking fees from 50,000 to 5 million. In addition, under the Fee Schedule in effect prior to effectiveness of the instant proposed rule change, an ETP Holder needs to achieve a Liquidity Adding ADV of 50,000 in order to become eligible to receive rebates for submitting liquidity adding Zero Display Orders⁵ in AutoEx. If an ETP Holder fails to achieve a Liquidity Adding ADV of 50,000, such ETP Holder is not eligible to receive a liquidity adding Zero Display Order rebate. The instant rule filing proposes to increase the Liquidity Adding ADV used with respect to eligibility to receive a liquidity adding Zero Display

³ The Exchange's two modes of order interaction are described in NSX Rule 11.13(b).

⁴ Explanatory Endnote 3 of the Fee Schedule contains the definition of "Liquidity Adding ADV."

⁵ "Zero Display Orders" means "Zero Display Reserve Orders" as specified in NSX Rule 11.11(c)(2)(A).

² 17 CFR 240.19b-4.

Order rebate in AutoEx from 50,000 to 5 million.

Second, the instant rule change proposes to include securities less than one dollar in the calculation of Liquidity Adding ADV and Total ADV.⁶ Prior to effectiveness of the instant rule change, securities less than one dollar were excluded from such calculations except only with respect to the volume tier thresholds relative to the AutoEx liquidity adding displayed order rebate for Tape A and C securities.⁷ The instant rule change would include sub-dollar securities in all calculations of both Liquidity Adding ADV and Total ADV.

Third, the two lower of the three tiers used to determine the amount, if any, of an ETP Holder's rebate for liquidity adding Zero Display Orders in AutoEx would be eliminated under the proposed rule change. Under the Fee Schedule prior to effectiveness of the instant proposed rule change, progressively higher rebates may be awarded where an ETP Holder achieves Total ADV of 1 million,⁸ 15 million⁹ and 30 million¹⁰ shares. The instant rule change proposes to eliminate the 1 million and 15 million tiers (together with the associated lesser rebate amounts of \$0.0022 and \$0.0023 per share, respectively), such that the sole remaining Total ADV tier would be 30 million, for which the associated rebate would remain \$0.0025 per share.

The proposed rule change would not modify other calculations of average daily volume, volume tiers, or associated fees that are included in the Fee Schedule.

Rationale

The Exchange has determined that these changes are necessary to increase the volume of liquidity adding and sub-dollar orders in AutoEx for the purpose of increasing the revenue of the Exchange and adequately funding its regulatory and general business functions. The proposed modifications are reasonable and equitably allocated to those ETP Holders that opt to provide

liquidity adding and sub-dollar orders in AutoEx, and are not discriminatory because ETP Holders are free to elect whether or not to send such orders. Based upon the information above, the Exchange believes that the proposed rule change is consistent with the protection of investors and the public interest.

Operative Date and Notice

The Exchange intends to utilize the proposed volume thresholds effective June 1, 2009. Pursuant to Exchange Rule 16.1(c), the Exchange will "provide ETP Holders with notice of all relevant dues, fees, assessments and charges of the Exchange" through the issuance of a Regulatory Circular of the changes to the Fee Schedule and will post a copy of the rule filing on the Exchange's Web site (<http://www.nsx.com>).

Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b) of the Act,¹¹ in general, and Section 6(b)(4) of the Act,¹² in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using the facilities of the Exchange. Moreover, the proposed fee and rebate structure is not discriminatory in that all ETP Holders are eligible to submit (or not submit) liquidity adding and sub-dollar trades and quotes, and may do so at their discretion in the daily volumes they choose during the course of the measurement period.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has taken effect upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act¹³ and subparagraph (f)(2) of Rule 19b-4¹⁴

thereunder, because, as provided in (f)(2), it changes "a due, fee or other charge applicable only to a member" (known on the Exchange as an ETP Holder). At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NSX-2009-04 on the subject line.

Paper Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60067; File No. SR-NYSEArca-2009-48]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Its Schedule of Fees and Charges for Exchange Services

June 8, 2009.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on May 29, 2009, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. NYSE Arca filed the proposal pursuant to Section 19(b)(3)(A) ⁴ of the Act and Rule 19b-4(f)(2) ⁵ thereunder. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the section of its Schedule of Fees and Charges for Exchange Services (the "Schedule"). While changes to the Schedule pursuant to this proposal will be effective upon filing, the changes will become operative on June 1, 2009. A copy of this filing is available on the Exchange's Web site at <http://www.nyse.com>, at the Exchange's

principal office and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to make multiple changes to its Schedule that will take effect on June 1, 2009. A more detailed description of the proposed changes follows.

Tier 1 Rates:

Currently, Tier 1 rates are applied to customers with an average daily share volume per month greater than 90 million shares in Tape A, B and C securities, including adding liquidity of more than 45 million shares. The Exchange proposes making Tier 1 rates more attainable for customers by lowering the adding liquidity component from 45 million shares to 30 million shares. In Tape A and Tape C securities, the Exchange proposes a rebate of \$0.0030 per share for orders that add liquidity (previously \$0.0029) and a take fee of \$0.0030 per share for orders that remove liquidity (previously \$0.0028).

Tier 2 Rates:

Tier 2 rates are applied to customers with an average daily share volume per month greater than 60 million shares in Tape A, B and C securities, including adding liquidity of more than 30 million shares. The Exchange proposes making Tier 2 rates more attainable for customers by lowering the adding liquidity component from 30 million shares to 20 million shares. In Tape A and Tape C securities, the Exchange proposes a rebate of \$0.0028 per share for orders that add liquidity (previously \$0.0027) and a take fee of \$0.0030 per share for orders that remove liquidity (previously \$0.0029).

Take Tier:

The Take Tier rates are applied to customers that take liquidity or route to

an away market center with an average daily share volume per month greater than 85 million shares and route an average daily share volume per month greater than 2 million shares. The Exchange proposes to eliminate the Take Tier.

The proposed changes will become operative on June 1, 2009.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 (the "Act"), ⁶ in general, and Section 6(b)(4) of the Act, ⁷ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The proposed rates are part of the Exchange's continued effort to attract and enhance participation on the Exchange, by offering attractive rebates for liquidity providers and volume-based incentives. The Exchange believes that the proposed changes to the Schedule are equitable in that they apply uniformly to our Users.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A) ⁸ of the Act and subparagraph (f)(2) of Rule 19b-4 ⁹ thereunder, because it establishes a due, fee, or other charge imposed by NYSE Arca.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,
