### Indirect Costs:

This section applies to all grant recipients that request indirect costs in their application. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to have a current indirect cost rate agreement in place prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate means the rate covering the applicable activities and the award budget period. If the current rate is not on file with the awarding office, the award shall include funds for reimbursement of indirect costs. However, the indirect cost portion will remain restricted until the current rate is provided to the Division of Grant Operations (DGO).

Generally, indirect cost rates for IHS Tribal organization grantees are negotiated with the Division of Cost Allocation at <http://rates.psc.gov/>, and indirect cost rates that are for IHS-funded, Federally-recognized Tribes are negotiated with the Department of Interior. If your organization has

questions regarding the indirect cost policy, please contact the DGO at (301) 443-5204.

## 3. Reporting

A. Progress Report—Program progress reports are required semi-annually by March 1 and September 1 of each funding year. These reports will include a brief comparison of actual accomplishments to the goals established for the period, reasons for slippage (if applicable), and other pertinent information as required. A final report must be submitted within 90 days of expiration of the budget/project period.

B. Financial Status Report—Annual financial status reports (FSR) must be submitted 90 days after the end of each Budget Period. Final FSRs are due within 90 days of expiration of the project period. Standard Form 269 (long form) can be downloaded from: <http://www.whitehouse.gov/omb/grants/sf269.pdf> for financial reporting.

Failure to submit required reports may result in one or both of the following:

- A. The imposition of special award provisions; and
- B. The withholding of support of other eligible projects or activities. This applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports.
