**RE: OBJECTION TO THE SALE OF LANDFILL OWNED BY REPUBLIC SERVICES, INC. and ALLIED WASTE INDUSTRIES (SOLANO GARBAGE COMPANY)**

Dear Chief Petrizzi:

My client, June Guidotti, would like her input to be considered regarding the possible sale of the landfill owned by Republic Services, Inc. and Allied Waste Industries (Solano Garbage Company) that abuts her property.

In the interest, safety, and well being of the people who are living nearby, this landfill should be put back to its original status as a marsh environment. She believes Republic Services should be required to forever clean up and be accountable for the damage they have caused to untold plants and marine life. Further, they should stop the burning in the canyon of the methane gas into the air and leaking into the ground water and adjacent parcels of land. It must be demanded that Republic Services (Allied Services) bear the costs to make the land useable once again, and to restore it to its prior pristine condition. All damages to the marsh and waterways must be repaired.

It is my client's sincere hope that with all of the wrongs that Republic Services, Inc. and Allied Waste Industries have done so far this does not turn into another Erin Brocovich movie.

**Conclusion:** My client is offering \$10 in gold for the rights to useable methane produced from the landfill, provided that the cities and counties build the pipeline to Travis Air Force Base or permit the building of a pyrolysis plant (including all funding of such) on my client's property and take the ash from the waste-to-energy site.

Sincerely,

seeking applications for the development of curricula on the administration of large jails (jails with 1,000 or more beds). The project will be for an eighteen-month period and will be carried out in conjunction with the NIC Jails Division. The awardee will work closely with NIC staff on all aspects of the project. To be considered, applicants must demonstrate, at a minimum, (1) in-depth knowledge of the purpose, functions, and operational complexities of local jails, (2) expertise on the key elements in jail administration (see "Supplementary Information"), (3) expertise on the implications of jail size for implementing these elements, (4)

experience in developing curriculum, based on adult learning principles, and (5) extensive experience in working with local jails on issues related to administration and operations.

**DATES:** Applications must be received by 4 p.m. (EDT) on July 6, 2009.

**ADDRESSES:** Mailed applications must be sent to: Director, National Institute of Corrections, 320 First Street, NW., Room 5007, Washington, DC 20534. Applicants are encouraged to use Federal Express, UPS, or similar service to ensure delivery by the due date as mail at NIC is sometimes delayed due to security screening.

Applicants who wish to hand-deliver their applications should bring them to

500 First Street, NW., Washington, DC 20534, and dial 202-307-3106, ext. 0, at the front desk for pickup.

Faxed or e-mailed applications will not be accepted; however, electronic applications can be submitted via <http://www.grants.gov>.

**FOR FURTHER INFORMATION CONTACT:** A copy of this announcement and the required application forms can be downloaded from the NIC Web page at <http://www.nicic.gov/cooperativeagreements>.

Questions about this project and the application procedures should be directed to Mike Jackson, Correctional Program Specialist, National Institute of Corrections. Questions must be e-mailed to Mr. Jackson at [mpjackson@bop.gov](mailto:mpjackson@bop.gov). Mr. Jackson will respond by e-mail to the individual. Also, all questions and responses will be posted on NIC's Web site at <http://www.nicic.gov> for public review. (The names of those submitting the questions will not be posted). The Web site will be updated daily and postings will remain on the website until the closing date of this cooperative agreement solicitation.

**SUPPLEMENTARY INFORMATION:**

*Background:* The NIC Jails Division has identified the following key elements in the administration of all jails, regardless of size: (1) Use of jail standards in jail management; (2) risk management; (3) policy and procedure development and implementation; (4) analysis of staffing levels required to carry out operations; (5) workforce management, including recruiting, hiring, retaining, training, and supervising staff; (6) development and implementation of strategies to manage inmate behavior; (7) budget management, and (8) operational assessment.

NIC recognizes that, although these elements are common to the administration of all jails, the administrator's role in implementing them is directly affected by the size of the jail. Therefore, the NIC Jails Division currently offers the "Administering the Small Jail" and "Jail Administration" (for medium-sized jails) training programs. The NIC Jails Division now intends to develop a training program for large jail administrators on these elements.

**Scope of Work**

The cooperative agreement awardee will draft a curriculum on the key elements of jail administration for large jail administrators; pilot the curriculum; and revise the curriculum based on an assessment of the pilot. The final curriculum will include: Program

description (overview); detailed narrative lesson plans; presentation slides for each lesson plan; and a participant manual that follows the lesson plans. The curriculum will be designed according to the Instructional Theory Into Practice model for adult learners. Lesson plans will be in a format that NIC provides.

The schedule of activities for this project should include, at a minimum, the following.

**Meetings**

The cooperative agreement awardee will attend an initial meeting with the NIC project manager for a project overview and preliminary planning. This will take place shortly after the cooperative agreement is awarded.

The awardee will also meet up to two times with NIC staff and up to five administrators of large jails. The purpose of these meetings is to clearly identify the role of the large jail administrator in implementing the key elements of jail administration. Note that the jail administrators will be selected by NIC, but all costs associated with their meeting attendance will be paid by the awardee.

The awardee will meet up to three times with NIC staff during the development of the draft curriculum. One meeting will be devoted to drafting a framework for the curriculum, including module topics, performance objectives, estimated timeframes, sequencing, and potential instructional strategies. The other meetings will focus on lesson plan development, review, and revision and other project issues, as they arise. These meetings will last up to three days each.

The awardee will meet up to two times with NIC staff during the refinement of the draft curriculum into a final product. These meetings will focus on curriculum revisions and other project issues, as they arise.

**Development of Draft Curriculum**

The cooperative agreement awardee will draft the full curriculum, in consultation with NIC staff. Once the curriculum is drafted, the awardee will send it to NIC staff and selected large jail administrators for review.

The jail administrators will be chosen by NIC, but the awardee will reimburse them for time and expenses related to the review. The draft curriculum must be submitted sufficiently in advance of the pilot to ensure there is time to make any required changes.

**Curriculum Pilot**

The draft curriculum will be piloted to determine needed refinements.

Although the length of the program will be determined by the content, the awardee should project that the program will last up to six full days.

The awardee, in conjunction with NIC, will identify up to four trainers for the program. The awardee will contract with and pay all costs associated with the trainers, including travel, lodging, meals, fees, and miscellaneous expenses. NIC will secure training space at its academy in Aurora, Colorado, select program participants; notify participants of selection and program details, supply training equipment and materials, and provide for participant lodging, meals, and transportation.

NIC staff will attend the entire program, and the awardee will work closely with NIC staff during program delivery. At the end of each program day, the awardee will meet with NIC staff to review the modules delivered.

**Curriculum Revision and Final Product**

Based on the pilot and discussions with NIC staff, the awardee will revise the curriculum, and submit the revised curriculum to NIC staff for final review. The awardee will also make any remaining changes, and submit the completed curriculum to NIC in hard copy (1) and on disk in Word format.

*Application Requirements:* An application package must include OMB Standard Form 425, Application for Federal Assistance; a cover letter that identifies the audit agency responsible for the applicant's financial accounts as well as the audit period or fiscal year under which the applicant operates (e.g., July 1 through June 30); and an outline of projected costs with the budget and strategy narratives described in this announcement. The following additional forms must also be included: OMB Standard Form 424A, Budget Information—Non-Construction Programs; OMB Standard Form 424B, Assurances—Non-Construction Programs (both available at <http://www.grants.gov>); DOJ/FBOP/NIC Certification Regarding Lobbying, Debarment, Suspension and Other Responsibility Matters; and the Drug-Free Workplace Requirements (available at <http://www.nicic.org/Downloads/PDF/certif-frm.pdf>).

Applications should be concisely written, typed double spaced, and reference the NIC opportunity number and title referenced in this announcement. Submissions that are hand delivered or sent via Fed-Ex, please include an original and three copies of the full proposal (program and budget narrative, application forms, assurances and other descriptions). The original should have the applicant's

signature in blue ink. Electronic submissions will be accepted only via <http://www.grants.gov>.

The narrative portion of the application should include, at a minimum: a brief paragraph indicating the applicant's understanding of the project's purpose; a brief paragraph that summarizes the project goals and objectives; a clear description of the methodology that will be used to complete the project and achieve its goals; a statement or chart of measurable project milestones and timelines for the completion of each milestone; a description of the qualifications of the applicant organization and a resume for the principle and each staff member assigned to the project (including instructors) that documents relevant knowledge, skills, and abilities to carry out the project; and a budget that details all costs for the project, shows consideration for all contingencies for the project, and notes a commitment to work within the proposed budget.

The narrative portion of the application should not exceed ten double-spaced typewritten pages, excluding attachments related to the credentials and relevant experience of staff.

In addition to the narrative and attachments, the applicant must submit one full sample curricula developed by the primary curriculum developers named in the application. The sample curriculum must include lesson plans, presentation slides, and a participant manual.
