SUPPLEMENTARY INFORMATION:

Title: Visitor Surveys for Cape Hatteras National Seashore.

Bureau Form Number: None.

OMB Number: 1024-0258.

Expiration Date: 11/30/2009.

Type of Request: Renewal, with change, of an existing collection.

Description of Need: The National Park Service (NPS) is requesting renewal of an existing information collection that received emergency clearance on May 21, 2009. RTI International, under contract with Cape Hatteras National Seashore, has completed a survey of local businesses under the emergency approval and began conducting a visitor survey at

Cape Hatteras National Seashore (CAHA). The current request for a renewal is to continue the visitor survey. The survey gathers information that will be used in the planning and rulemaking processes for CAHA's Off-Road Vehicle (ORV) Management Plan/ Environmental Impact Statement (EIS) and ORV regulation. The continuation of the visitor survey with the current renewal request will allow the NPS to have a seasonally representative sample of CAHA visitors. By having seasonal representation, the NPS will be better able to have a complete picture of visitors and visitor preferences for park management and for the final economic analysis.

Automated data collection: No automated data collection will be used. Information will be collected via on-site surveys.

Description of respondents: Visitors to Cape Hatteras National Seashore.

Estimated average number of respondents: 2,000 (1,200 respondents & 800 non-respondents)

Estimated average number of responses: 2,000 (1,200 respondents & 800 non-respondents)

Estimated average burden hours per response: 10 minutes for respondents & 2 minutes for non-respondents.

Frequency of Response: 1 time per respondent.

Estimated total annual reporting burden: 66 hours.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
