

acquisition of Grupo IMSA (and its subsidiary IMSA), demonstrates that there was little to no change in management structure, supplier relationships, or customer base between pre-acquisition Hylsa and post-acquisition (after the acquisitions of Hylsamex and Grupo IMSA) Ternium. For these reasons, we preliminarily find that Ternium is the successor-in-interest to Hylsa and, thus, should be accorded the same antidumping duty treatment with respect to standard pipe and tube from Mexico as Hylsa. If the above preliminary results are affirmed in the Department's final results, the cash deposit rate from this changed circumstances review will apply to all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this changed circumstances review. *See Granular Polytetrafluoroethylene Resin from Italy; Final Results of Antidumping Duty Changed Circumstances Review*, 68 FR 25327 (May 12, 2003).

Public Comment

In accordance with 19 CFR 351.310(c), any interested party may request a hearing within 30 days of publication of this notice. Any hearing, if requested, will be held no later than 37 days after the date of publication of this notice, or the first workday thereafter. Case briefs from interested parties may be submitted not later than 30 days after the date of publication of this notice, in accordance with 19 CFR 351.309(c)(ii). Rebuttal briefs, limited to the issues raised in those comments, may be filed not later than 5 days after the time limit for filing the case brief, in accordance with 19 CFR 351.309(d). All written comments shall be submitted in accordance with 19 CFR 351.303. Persons interested in attending the hearing, if one is requested, should contact the Department for the date and time of the hearing. In accordance with 19 CFR 351.216(e), the Department will issue the final results of its antidumping duty changed circumstances review not later than 270 days after the date on which the review is initiated.

During the course of this antidumping duty changed circumstances review, deposit requirements for the subject merchandise exported and manufactured by Ternium will continue to be the all-others rate established in the investigation. *See Notice of Antidumping Duty Orders: Certain Circular Welded Non-Alloy Steel Pipe from Brazil, the Republic of Korea (Korea), Mexico, and Venezuela, and Amendment to Final Determination of Sales at Less Than Fair Value: Certain*

Circular Welded Non-Alloy Steel Pipe from Korea, 57 FR 49453 (November 2, 1992). The cash deposit rate will be altered, if warranted, pursuant only to the final results of this review.

We are issuing and publishing these preliminary results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216.

Purified Carboxymethylcellulose from Finland; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 9, 2009, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on purified carboxymethylcellulose from Finland. *See Purified Carboxymethylcellulose from Finland; Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 16180 (April 9, 2009) (*Preliminary Results*). We gave interested parties an opportunity to comment on the *Preliminary Results*, and received no comments.

EFFECTIVE DATE: June 18, 2009.

FOR FURTHER INFORMATION CONTACT: Tyler Weinhold, or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-1121 or (202) 482-0649, respectively

SUPPLEMENTARY INFORMATION:

Background

On April 9, 2009, the Department published the preliminary results of administrative review of the antidumping duty order covering purified CMC from Finland. *See Preliminary Results*. The parties subject to this review are CP Kelco Oy and CP Kelco U.S., Inc. (collectively, CP Kelco). The petitioner in this proceeding is the

Aqualon Company, a division of Hercules Incorporated (Petitioner).

In the *Preliminary Results*, the Department stated that interested parties were to submit case briefs within 30 days of publication of the *Preliminary Results* and rebuttal briefs within five days after the due date for filing case briefs. *See Preliminary Results* at 16185. No interested party submitted a case or rebuttal brief. On April 8, 2009, we issued a supplementary questionnaire to CP Kelco to address certain inconsistencies in CP Kelco's U.S. sales response. CP Kelco responded on April 14, 2009, and submitted a corrected U.S. sales database. We modified the margin calculation program used in the *Preliminary Results* in order to use CP Kelco's April 14, 2009, U.S. sales database for the final results. We made no other changes for the final results.¹

Period of Review

The period of review (POR) is July 1, 2007, through June 30, 2008.

Scope of the Order

The merchandise covered by this order is all purified carboxymethylcellulose (CMC), sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Review

The Department has determined that the following margins exist for the period July 1, 2007, through June 30, 2008:

¹ In past segments of this proceeding, the Department has included the transaction fees relating to the factoring of certain comparison market and U.S. sales by CP Kelco Oy through an affiliated finance company in its dumping margin calculations. However, the Department intends to re-examine the appropriateness of including these affiliated transactions in its calculations in subsequent reviews of this proceeding.

Manufacturer / Exporter	Weighted Average Margin (percentage)
CP Kelco	12.00%

Assessment Rates

Pursuant to these final results, the Department has determined, and CBP shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions for CP Kelco to CBP 15 days after the date of publication of these final results. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific (or customer-specific) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific (or customer-specific) assessment rate calculated in the final results of this review are above *de minimis*.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment of Antidumping Duties*). This clarification will apply to entries of subject merchandise during the POR produced by CP Kelco for which CP Kelco did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at the 6.65 percent all-others rate if there is no company-specific rate for an intermediary involved in the transaction. See *Notice of Antidumping Duty Orders: Purified Carboxymethylcellulose from Finland, Mexico, the Netherlands and Sweden*, 70 FR 39734 (July 11, 2005) (*Purified Carboxymethylcellulose Orders*). See *Assessment of Antidumping Duties* for a full discussion of this clarification.

Cash Deposit Requirements

Furthermore, the following deposit requirements will be effective upon publication of these final results for all shipments of CMC from Finland entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act: 1) the cash deposit rate for CP Kelco will be the rate established in the final results of review; 2) if the exporter is not a firm covered in this review or the less-than-fair-value (LTFV) investigation, but the manufacturer is,

the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and 3) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be the all-others rate of 6.65 percent *ad valorem* from the LTFV investigation. See *Purified Carboxymethylcellulose Orders*. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Tariff Act.

Preliminary Results of Antidumping Duty Changed Circumstances Review: Light-Walled Rectangular Pipe and Tube From Mexico

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 27, 2008, the Department of Commerce (the Department) published in the **Federal Register** a notice of initiation of a changed circumstances review of the antidumping duty order on light-walled rectangular pipe and tube (LWRPT) from Mexico in order to determine whether Ternium Mexico, S.A. de C.V. (Ternium) is the successor-in-interest to Hylsa S.A. de C.V. (Hylsa) for purposes of determining antidumping duty liability. See *Notice of Initiation of Antidumping Duty Changed Circumstances Review: Light-Walled Rectangular Pipe and Tube from Mexico*, 73 FR 63686 (October 27, 2008) (*Notice of Initiation*). We have preliminarily determined that Ternium is the successor-in-interest to Hylsa for purposes of determining antidumping duty liability in this proceeding. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: June 18, 2009.

FOR FURTHER INFORMATION CONTACT: John Drury or Brian Davis, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0195 or (202) 482-7924, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the antidumping duty order of LWRPT from Mexico on August 5, 2008. See *Light-Walled Rectangular Pipe and Tube from Mexico, the People's Republic of China, and the Republic of Korea (Korea): Antidumping Duty Orders; Light-Walled Rectangular Pipe and Tube from Korea: Notice of Amended Final Determination of Sales at Less Than Fair Value*, 73 FR 45403 (August 5, 2008).

On September 3, 2008, Ternium filed a request for a changed circumstances review of the antidumping duty order of LWRPT from Mexico (Initial Submission), claiming that Hylsa, a Mexican producer of LWRPT, changed its name to Ternium. Ternium requested
