

OMB Control Number: 0575-0115.

Summary of Collection: The Rural Housing Service (RHS) is authorized to make grants to eligible applicants to provide repair and rehabilitation assistance so that very low- and low-income rural residents can obtain adequate housing. Such assistance is made by grantees to very low- and low-income persons, and to co-ops. Grant funds are used by grantees to make loans, grants, or other comparable assistance to eligible homeowners, rental unit owners, and co-ops for repair and rehabilitation of dwellings to bring them up to code or minimum property standards. These grants were established by Public Law 98-181, the Housing Urban Rural Recovery Act of 1983, which amended the Housing Act of 1949 (Pub. L. 93-383) by adding section 533, 42 U.S.C. S 2490(m), Housing Preservation Grants.

Need and Use of the Information: An applicant will submit a "Statement of Activity" that describes its proposed program. RHS will collect information to determine eligibility for a grant to justify its selection of the applicant for funding; to report program accomplishments and to justify and support expenditure of grant funds. RHS uses the information to determine if the grantee is complying with its grant agreement and to make decisions regarding continuing with modifying, or terminating grant assistance. If the information were not collected and presented to RHS, the Agency could not monitor the program or justify disbursement of grant funds.

Title: National Poultry Improvement Plan (NPIP).

OMB Control Number: 0579-0007.

Summary of Collection: The National Poultry Improvement Plan (NPIP) is a voluntary Federal-State-industry mechanism for controlling certain poultry diseases and for improving poultry flocks and products through disease control techniques. The National Turkey Improvement Plan was combined with the NPIP in 1970 to create the NPIP, as it now exists. Emu, rhea, ostrich, and cassowary breeding flocks are also allowed participation in the Plan. The effective implementation of the NPIP necessitates the use of several information collection activities, including sentinel bird identification, as well as the creation and submission of flock testing reports, sales reports, breeding flock participation summaries, hatchery participation summaries, salmonella investigation reports, salmonella serotyping requests, and small chick order printouts. Authority for this program is contained in the U.S. Department of Agriculture Organic Act of 1944, as amended (7 U.S.C. 429). The cooperative work is carried out through a Memorandum of Understanding with the participating States.

Need and Use of the Information: Information is collected from various types of poultry breeders and flock owners to determine the number of eggs hatched and sold as well as to report outbreaks of diseases. This information allows APHIS officials to track, control, and prevent many types of poultry diseases. APHIS will use several forms to collect the needed information.

Description of Respondents: State, Local or Tribal Government; Federal Government; Farms.

Title: Animal Welfare.

OMB Control Number: 0579–0036.

Summary of Collection: The Laboratory Animal Welfare Act (AWA) (Pub. L. 89–544) enacted August 24, 1966, and as amended, required the U.S. Department of Agriculture (USDA), to regulate the humane care and handling of dogs, cats, guinea pigs, hamsters, rabbits, and nonhuman primates. This legislation was the result of extensive demand by organized animal welfare groups and private citizens requesting a Federal law covering the transportation, care, and handling of laboratory animals. The Animal and Plant Health Inspection Service (APHIS), Regulatory Enforcement and Animal Care (AC) has the responsibility to enforce the Animal Welfare Act (7 U.S.C. 2131–2156) and the provisions of 9 CFR, Subchapter A, which implements the Animal Welfare Act. The purpose of the AWA is to ensure that animal use in research facilities or exhibition purposes are provided humane care and treatment, to ensure humane treatment of the animal during transportation in commerce, and to protect the owners of animals from the theft of their animals by preventing the sale or use of animals which have been stolen. APHIS will collect information using several forms.

Need and Use of the Information: APHIS will collect health certificates, program of veterinary care, application for license and record of acquisition, disposition and transportation of animals. The information is used to ensure those dealers, exhibitors, research facilities, carriers, etc., are in compliance with the Animal Welfare Act and regulations and standards promulgated under this authority of the Act.

Title: Lacey Act Declaration Requirements; Plants and Plant Products.

OMB Control Number: 0579–0349.

Summary of Collection: The Lacey Act, enacted in 1900 and significantly amended in 1988, is the United States' oldest Wildlife Protection Statute. The Act combats trafficking in "illegal" wildlife, fish, or plants. The Food, Conservation and Energy Act of 2008,

which took effect May 22, 2008, amended the Lacey Act by expanding its protection to a broader range of plants and plant products (Section 8204, Prevention of Illegal Logging Practices).

Need and Use of the Information: Under the amended Lacey Act, importers are required to submit a declaration form (PPQ–505) for certain plants and plant products. The declaration must contain, among other things, the scientific name of the plant, value of the importation, quantity of the plant, and name of the country from which the plant was harvested. If species varies or is unknown, importers will have to declare the name of each species that may have been used to produce the product. Failure to collect this information would cause significant losses for importers of plants and plant products resulting in serious economic consequences to the U.S. industries.

Description of Respondents: Business or other for-profit.

Number of Respondents: 279,398.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 5,029,164.

Rural Housing Service

Notice of Funding Availability (NOFA) for Loan Guarantees Under Section 538 Guaranteed Rural Rental Housing Program (GRRHP) for Fiscal Year 2009

AGENCY: Rural Housing Service, USDA.

ACTION: NOFA.

SUMMARY: This NOFA supersedes the notice published January 21, 2009 (74 FR 3551–3558). Responses to the notice published January 21, 2009 (74 FR 3551–3558) will no longer be accepted.

This is a request for proposals for loan guarantees under the section 538 Guaranteed Rural Rental Housing Program pursuant to 7 CFR 3565.4 for Fiscal Year (FY) 2009. The Omnibus Appropriations Act, 2009, Public Law 111–8 (the Act) signed on March 11, 2009, states funds to be available from the rural housing fund for the section 538 guaranteed multi-family loans up to \$129,090,000. The Act goes on to state: "Provided further, That, for applications received under the 2009 notice of funding availability, section 538 multi-family housing guaranteed loans funded pursuant to this paragraph shall not be

subject to a guarantee fee and the interest on such loans may not be subsidized."

For FY 2009, there are also approximately \$12,372,000 in additional funds for GRRHP properties that are located in a presidentially declared disaster area. Disaster funds may be used for new construction or repair and rehabilitation. Interest credit assistance will be available for responses that request and are eligible for disaster funds. To be eligible for these disaster funds, a property must be located in a county affected by hurricanes, floods, and other natural disasters occurring during 2008 for which the President declared a major disaster under Title IV of the Robert T. Stafford and Disaster and Emergency Assistance Act of 1974. Applicants must notify the Rural Development contact person for the respective State, as indicated in the "Submission Address" section of this NOFA, that their project is located in an eligible disaster zone and that they want the project considered for these funds.

Applicants for both, general program funding or disaster funds will submit proposals in the form of "responses." The commitment of program dollars will be made to applicants of selected responses that have fulfilled the necessary requirements for obligation. Expenses incurred in developing applications will be at the applicant's risk. The following paragraphs outline the timeframes, eligibility requirements, lender responsibilities, and the overall response and application processes.

The GRRHP operates under 7 CFR part 3565. The GRRHP Origination and Servicing Handbook (HB–1–3565) is available to provide lenders and the general public with guidance on program administration. HB–1–3565, which contains a copy of 7 CFR part 3565 in Appendix 1, can be found at the Agency's Instructions Web site address <http://www.rurdev.usda.gov/regs/hblist.html#hbw6>.

Eligible lenders are invited to submit responses for the new construction and the acquisition with rehabilitation of affordable rural rental housing.

Also eligible is the revitalization, repair, and transfer (as stipulated in 7 CFR 3560.406) of existing direct section 515 housing (transfer costs are subject to Agency approval and must be an eligible use of loan proceeds as listed in 7 CFR 3565.205), and properties involved in the Agency's multi-family preservation and revitalization (MPR) program. Equity payments, as stipulated in 7 CFR 3560.406, in connection with the transfer of existing direct section 515 housing, are an eligible use of
