### General Services Administration Acquisition Regulation; Submission for OMB Review; Tax Adjustment Clause 552.270-30

**AGENCY:** Office of the Chief Acquisition Officer, General Services Administration (GSA).

**ACTION:** Notice of request for comments regarding a renewal to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the General Services Administration will be submitting to the Office of Management and Budget (OMB) a request to review and approve a renewal of a currently approved information collection requirement regarding tax adjustments under leasehold acquisitions. A request for public comments was published at 73 FR 77698, December 19, 2008. No comments were received.

This collection requires contractors to submit information to the Government to substantiate an increase or decrease in real estate taxes under a leasehold acquisition so that the Government can make tax adjustments as necessary to the leasehold acquisition. Information collected under this authority is necessary to assess proper tax adjustments against each leasehold acquisition.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

**DATES:** Submit comments on or before: July 30, 2009.

#### FOR FURTHER INFORMATION CONTACT:

Edward Chambers, Procurement Analyst, at telephone (202) 501-3221, or via e-mail to [Edward.chambers@gsa.gov](mailto:Edward.chambers@gsa.gov).

#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

The General Services Administration (GSA) has various mission responsibilities related to the acquisition and provision supply, service, and leasehold acquisitions. These mission responsibilities generate requirements that are realized through the solicitation and award of various types of contracts. Individual solicitations and resulting contracts may impose unique information collection and reporting requirements on contractors, not required by regulation, but necessary to evaluate particular program accomplishments, measure success in meeting program objectives, or adjust acquisition requirements. Leasehold acquisitions provide for real estate tax adjustments due to changes in real estate taxes on land and buildings occupied by the Government. In a leasehold acquisition, the lessor shall provide the following information regarding real estate taxes: (1) Any notice which may affect the valuation of land and buildings covered by this lease for real estate tax purposes; (2) Any notice of a tax credit or tax refund related to land and buildings covered by this lease; and (3) Each tax bill related to land and building covered by this lease. The lessor is also required to provide the contracting officer a proper invoice including evidence of payment to receive the tax adjustment. Depending on the leasehold acquisition, the tax adjustment can result in either the lessor receiving a credit or the Government receiving a credit.

## GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0274]

### Public Buildings Service; Information Collection; Art-in-Architecture Program National Artist Registry

**AGENCY:** Public Buildings Service, GSA.

**ACTION:** Notice of request for comments regarding a renewal to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the General Services Administration will be submitting to the Office of Management and Budget (OMB) a request to review and approve a renewal of a currently approved information collection requirement regarding the Art-in-Architecture Program National Artist Registry form. The clearance currently expires on July 31, 2009.

The Art-in-Architecture Program is the result of a policy decision made in January 1963 by GSA Administrator Bernard L. Boudin who had served on the Ad Hoc Committee on Federal Office Space in 1961-1962.

The program has been modified over the years, most recently in 1996 when a renewed focus on commissioning works of art that are an integral part of the building's architecture and adjacent landscape was instituted. The program continues to commission works of art from living American artists. One-half of one percent of the estimated construction cost of new or substantially renovated Federal buildings and U.S. courthouses is allocated for commissioning works of art.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; and ways to enhance the quality, utility, and clarity of the information to be collected.

**DATES:** Submit comments on or before: August 31, 2009.
