SUPPLEMENTARY INFORMATION:**I. Purpose**

The National Advisory Council for Healthcare Research and Quality was established in accordance with section 921 (now section 931) of the Public Health Service Act, 42 U.S.C. 299c. In accordance with its statutory mandate, the Council is to advise the Secretary of the Department of Health and Human Services and the Director, Agency for Healthcare Research and Quality (AHRQ), on matters related to actions of AHRQ to enhance the quality, and improve the outcomes of health care services; improve access to such services through scientific research; and promote improvements in clinical practice and in the organization,

financing, and delivery of health care services. The Council is composed of members of the public, appointed by the Secretary, and Federal ex-officio members.

AHRQ's National Advisory Council on Healthcare Research and Quality (NAC) has established a Subcommittee on Quality Measures for Children's Healthcare in Medicaid and Children's Health Insurance Programs (CHIP). The Subcommittee was created to provide advice to the NAC for consideration and transmission to AHRQ as AHRQ undertakes responsibilities in the identification of an initial core quality measure set for use by Medicaid and CHIP programs for children's healthcare.

The identification of an initial core measure set for public comment is required under Public Law 111-3, the Child Health Insurance Program Reauthorization Act (CHIPRA). The initial core measure set is required to be posted for public comment by January 1, 2010. CHIPRA reauthorized the Child Health Insurance Program (CHIP) originally established in 1997, and added a number of new provisions designed to improve health care quality and outcomes for children in Title IV of the law. AHRQ is working closely with the Centers for Medicare and Medicaid Services (CMS) in implementing these provisions. For more information about AHRQ's role in carrying out the quality provisions of CHIPRA, see <http://www.ahrq.gov/chip/chipraact.htm>. This Web site will link to an e-mail address that can be used to submit comments on CHIPRA quality measure development as the process of identifying the initial core measure set proceeds.

AGENCY: Policy Directorate/Office of Strategic Plans, Department of Homeland Security.

ACTION: 30-Day Notice and request for comments; Emergency Submission to the Office of Management and Budget (OMB).

SUMMARY: The Department of Homeland Security, Policy Directorate/Office of Strategic Plans, submits the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). Policy Directorate/Office of Strategic Plans is soliciting comments concerning the Quadrennial Homeland Security Report. The purpose of this notice is to allow 30 days for public comments.

DATES: Comments are encouraged and will be accepted until July 30, 2009. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT: If additional information is required contact: Department of Homeland Security (DHS), Policy Directorate/Office of Strategic Plans, Michael Galang, (202) 282-9118.

SUPPLEMENTARY INFORMATION: A stakeholder online collaboration platform will be created and hosted to engage homeland security stakeholders around the compelling questions produced by the QHSR study groups. The dialogue platform is based on the principle of radical scalability: The more feedback that is received, the more clearly sorted participants' preferences and priorities become. In the platform, users can submit their best ideas, refine them in open discussion, and use simple rating and tagging features to identify the most popular ideas and important overarching themes.

The platform can host multiple simultaneous dialogues, and dynamically pose new questions, so that DHS can repeatedly "pulse" participants over a three-month timeframe. All homeland security stakeholders are eligible and are invited to do so. The Web site will be public facing with self-identify and opt-in user information requested.

Participation by the public is completely voluntary. Content will be posted on the online collaboration Web site for up to five days for each collaboration event. At the conclusion of each event, comments and input will be reviewed by the study groups and incorporated as appropriate into their products. The time required by the public to provide input on content posted on the collaboration site is estimated at between one and two hours per collaboration event for a maximum of six hours over the course of the QHSR. Three online collaboration events are currently proposed (July 16-20, August 13-17, and September 17-21). The public will be notified of content postings via the DHS QHSR public Web site, <http://www.dhs.gov/qhsr>. Other notification options may include FedBiz notices about the scheduled online collaboration events, the DHS Public Affairs news feed, and
