SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a

Code of Federal Regulations (CFR) part or section number.

iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. Registration Applications

EPA received an application as follows to register a pesticide product that proposes a new use for one of its currently registered active ingredients. Notice of receipt of this application does not imply a decision by the Agency on the applications.

A. Product Proposing the New Use/Changed Use Pattern For Certain of the Active Ingredients.

File Symbol: 84592-R. *Applicant:* Japan Ecologia, Co., Ltd.; Wing 410 Building; 4-10-8 Sendagaya; Shibuya-ku Tokyo 151-0051, Japan; *Designated U.S. representative:* Pyxis Regulatory Consulting, Inc. 4110 136th St. NW; Gig Harbor, WA 98332. *Product name:* ByLohas Pestcontroller. *Active ingredient:* Insecticide and Azadirachtin at 0.66%. *Proposal classification/Use:* None. A. Bryceland).

B. Description of the New Use/Changed Use Pattern Represented by the Above-mentioned Proposed Product Registration Application

This notice is being issued because the proposed pesticide product (i.e., EPA File Symbol 84592-R) contains the active ingredient, azadirachtin, whose inclusion in this proposed insecticide product represents a new use pattern for this active ingredient, and well as the first public health claim (i.e., cockroach control) for this active ingredient.

Program Requirement Revisions Related to the Public Water System Supervision Programs for the Commonwealth of Massachusetts and the State of Rhode Island

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given that the Commonwealth of Massachusetts and the State of Rhode Island are in the process of revising their respective approved Public Water System Supervision (PWSS) programs to meet the requirements of the Safe Drinking Water Act (SDWA).

The Commonwealth of Massachusetts has adopted drinking water regulations for the Long Term 1 Enhanced Surface Water Treatment Rule (67 FR 1812) promulgated on January 14, 2002. After review of the submitted documentation, EPA has determined that the Commonwealth of Massachusetts' Long Term 1 Enhanced Surface Water Treatment Rule is no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve Massachusetts' PWSS program revision for this rule.

The State of Rhode Island has adopted drinking water regulations for the Interim Enhanced Surface Water Treatment Rule (63 FR 69478) promulgated on December 16, 1998, the Long Term 1 Enhanced Surface Water Treatment Rule (63 FR 69389) promulgated on December 16, 1998, and the Radionuclides Rule (66 FR 76708-76753) promulgated on December 7, 2000. After review of the submitted documentation, EPA has determined that these rules are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve Rhode Island's PWSS program revision for these rules.

DATES: All interested parties may request a public hearing for any of the above EPA determinations. A request for a public hearing must be submitted within thirty (30) days of this **Federal Register** publication date to the Regional Administrator at the address

shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator.

However, if a substantial request for a public hearing is made by this date, a public hearing will be held. If no timely and appropriate request for a hearing is received, and the Regional Administrator does not elect to hold a hearing on his/her own motion, this determination shall become final and effective 30 days after the publication of this **Federal Register** Notice.

Any request for a public hearing shall include the following information: (1) The name, address, and telephone number of the individual organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination; (3) information that the requesting person intends to submit at such hearing; and (4) the signature of the individual making the request, or if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:30 a.m. and 4 p.m., Monday through Friday, at the following office(s): U.S. Environmental Protection Agency, Office of Ecosystem Protection, One Congress Street, 11th floor, Boston, MA 02114.

For documents specific to that State: MA Department of Environmental Protection, Division of Water Supply, 1 Winter Street, 6th Floor, Boston, MA 02108.

Rhode Island Department of Public Health, Division of Drinking Water Quality, 3 Capitol Hill, Providence, RI 02908-5097.

FOR FURTHER INFORMATION CONTACT: Stafford Madison, U.S. EPA—New England, Office of Ecosystem Protection (telephone 617-918-1622).

Authority: Section 1401 (42 U.S.C. 300f) and Section 1413 (42 U.S.C. 300g-2) of the Safe Drinking Water Act, as amended (1996), and (40 CFR 142.10) of the National Primary Drinking Water Regulations.

Dated: June 12, 2009.

SUPPLEMENTARY INFORMATION:

Background: Section 9 (a) and (b) of the National Environmental Education Act of 1990 (Pub. L. 101-619) mandates a National Environmental Education Advisory Council. The Advisory Council provides the Administrator with advice and recommendations on EPA implementation of the National Environmental Education Act. In

general, the Act is designed to increase public understanding of environmental issues and problems, and to improve the training of environmental education professionals. EPA will achieve these goals, in part, by awarding grants and/or establishing partnerships with other Federal agencies, State and local education and natural resource agencies, not-for-profit organizations, universities, and the private sector to encourage and support environmental education and training programs. The Council is also responsible for preparing a national biennial report to Congress that will describe and assess the extent and quality of environmental education, discuss major obstacles to improving environmental education, and identify the skill, education, and training needs for environmental professionals.

The National Environmental Education Act requires that the Council be comprised of eleven (11) members appointed by the Administrator of EPA. Members represent a balance of perspectives, professional qualifications, and experience. The Act specifies that members must represent the following sectors: primary and secondary education (one of whom shall be a classroom teacher)—two members; colleges and universities—two members; business and industry—two members; nonprofit organizations involved in environmental education—two members; State departments of education and natural resources—one member each; senior Americans—one member. Members are chosen to represent various geographic regions of the country, and the Council strives for a diverse representation. The professional backgrounds of Council members should include education, science, policy, or other appropriate disciplines. Each member of the Council shall hold office for a one (1) to three (3) year period. Members are expected to participate in up to two (2) meetings per year and monthly or more conference calls per year. Members of the Council shall receive compensation and allowances, including travel expenses, at a rate fixed by the Administrator.

Expertise Sought: The NEEAC staff office seeks candidates with demonstrated experience and/or knowledge in any of the following environmental education issue areas: (a) Integrating environmental education into State and local education reform and improvement; (b) State, local and Tribal level capacity building; (c) cross-sector partnerships; (d) leveraging resources for environmental education; (e) design and implementation of environmental education research; (f)
