BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-454 and 50-455; NRC-2009-0292]

Exelon Generation Company, LLC; Byron Station, Unit Nos. 1 and 2; Notice of Consideration of Approval of an Application for Indirect License Transfer Resulting From the Proposed Merger Between Exelon Corporation and NRG Energy, Inc. and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under Title 10 of the Code of Federal Regulations (10 CFR), Section 50.80 approving the indirect transfer of Facility Operating Licenses, which are numbered NPF-37 and NPF-66 for Byron Station, Unit Nos. 1 and 2 (Byron), and the associated spent fuel storage installation, currently held by Exelon Generation Company, LLC (EGC), as owner and licensed operator of Byron. EGC is a wholly-owned subsidiary of Exelon Corporation (Exelon).

According to an application for approval filed by Exelon, acting on behalf of itself, Exelon Xchange Corporation, Exelon Ventures Company, LLC, and EGC (together, the applicants), Exelon is considering a merger with NRG Energy Inc. (NRG Energy), with NRG Energy as the surviving entity. Exelon is the ultimate parent company of EGC and Exelon's proposed merger with NRG Energy would result in NRG Energy becoming the ultimate parent company of EGC and thus result in the indirect transfer of control of the Byron licenses to NRG Energy. The applicants request that the NRC consent to this indirect transfer of control of the Byron licenses.

No physical changes to the Byron facility or operational changes are being proposed in the application.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the licenses, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the proposed transaction effecting the indirect transfer (here, the proposed merger) will not affect the qualifications of the licensee to hold the license and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto. In this instance, Exelon asserts that the

proposed indirect transfer will not result in any change in the licensee's financial qualifications or operating organization.

The Commission is reviewing the application and has not made any decision regarding the outcome of its review.

Within 20 days from the date of publication of this notice, any person(s) whose interest may be affected by the Commission's action on the application may request a hearing and intervention through the NRC E-filing system. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart C "Rules of General Applicability: Hearing Requests, Petitions to Intervene, Availability of Documents, Selection of Specific Hearing Procedures, Presiding Officer Powers, and General Hearing Management for NRC Adjudicatory Hearings," of 10 CFR Part 2. In particular, such requests and petitions must comply with the requirements set forth in 10 CFR 2.309. Untimely requests and petitions may be denied, as provided in 10 CFR 2.309(c)(1), unless good cause for failure to file on time is established. In addition, an untimely request or petition should address the factors that the Commission will also consider, in reviewing untimely requests or petitions, set forth in 10 CFR 2.309(c)(1)(i)-(viii).

All documents filed in NRC adjudicatory proceedings, including a request for hearing, a petition for leave to intervene, any motion or other document filed in the proceeding prior to the submission of a request for hearing or petition to intervene, and documents filed by interested governmental entities participating under 10 CFR 2.315(c), must be filed in accordance with the NRC E-Filing rule, which the NRC promulgated in August 28, 2007 (72 FR 49139). The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek an exemption in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least ten (10) days prior to the filing deadline, the petitioner/requestor should contact the Office of the Secretary by e-mail at hearing.docket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal
