

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60314; File No. SR-MSRB-2009-09]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing of Proposed Rule Change Relating to Rule G-32, on Disclosures in Connection With Primary Offerings, Form G-32, and the Primary Market Disclosure and Primary Market Subscription Services of the MSRB's Electronic Municipal Market Access System (EMMA®)

July 15, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 14, 2009, the Municipal Securities Rulemaking Board ("MSRB") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB has filed with the Commission a proposed rule change to require brokers, dealers and municipal securities dealers ("dealers") acting as underwriters, placement agents or remarketing agents for primary offerings of municipal securities ("underwriters") to provide to the Electronic Municipal Market Access system ("EMMA") and to make available on the EMMA Web portal and through the EMMA primary market subscription service, information about whether the issuer or other obligated person has undertaken to provide continuing disclosures, the identity of any obligated persons other than the issuer, and the timing by which such issuers or obligated persons have agreed to provide annual financial and operating data. The MSRB has requested an effective date for the proposed rule change of a date to be announced by the MSRB in a notice published on the MSRB Web site, which date shall be no later than nine months after Commission approval of the proposed rule change and shall be announced no later than sixty (60) days prior to the effective date.

The text of the proposed rule change is available on the MSRB's Web site

(<http://www.msrb.org/msrb1/sec.asp>), at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change consists of amendments to Rule G-32 and Form G-32 to require underwriters of primary offerings of municipal securities to submit to the MSRB's EMMA system, as part of their primary offering submission obligation under Rule G-32(b), certain key items of information relating to continuing disclosure undertakings made by issuers and other obligated persons in connection with such primary offerings. These items of information would be made available to the public through the EMMA Web portal and are intended to inform investors in advance whether continuing disclosures will be made available with respect to a particular municipal security, from and about whom such continuing disclosures are expected to be made, and the timing by which such disclosures should be made available. The items of information regarding continuing disclosure undertakings to be provided by underwriters through Form G-32 would include:

- Whether the issuer or other obligated persons have agreed to undertake to provide continuing disclosure information as contemplated by Securities Exchange Act Rule 15c2-12;
- The name of any obligated person, other than the issuer of the municipal securities, that has or will undertake, or is otherwise expected to provide, continuing disclosure pursuant to the continuing disclosure undertaking;
- The date or dates identified in the continuing disclosure undertaking, pursuant to Securities Exchange Act Rule 15c2-12(b)(5)(ii)(C) or otherwise,

by which annual financial information is expected to be submitted each year by the issuer and/or any obligated persons to the EMMA system; and

- Contact information for a representative of the issuer and/or any obligated persons for purposes of establishing continuing disclosure submission accounts for such issuer and/or obligated persons in connection with their submissions to the EMMA system.

The underwriter would be required to provide information regarding whether the issuer or other obligated persons have agreed to undertake to provide continuing disclosure information as contemplated by Securities Exchange Act Rule 15c2-12 by no later than the date of first execution of transactions in municipal securities sold in the primary offering. The remaining items of information would be required to be provided by the closing date of the primary offering. The name or names of obligated persons to be provided would be of the entity acting as an obligated person, not an individual at such entity, unless the obligated person is in fact an individual. The date by which the issuer or obligated person has undertaken to submit annual financial information would be submitted as a specific month and day, accurate as of the closing of the primary offering.³ If annual financial information is expected to be submitted by more than one entity and such information is expected to be submitted on different dates, each such date provided would be matched to the appropriate issuer and/or obligated person. Underwriters currently are able to provide contact information for issuer or obligated person representatives with respect to current and past primary offerings through EMMA on a voluntary basis. The proposed rule change would require that such information be provided as part of the underwriter's Form G-32 submission process for new primary offerings.

Until closing, the underwriter would be required to update promptly any information it has previously provided on Form G-32 which may have changed

³ For example, EMMA would not accept a submission of information stating that the annual financial information will be provided within a particular number of days after the end of the fiscal year since investors and other market participants may not have ready access to information about the issuer or obligated person's fiscal year. Simultaneous with this filing, the MSRB is filing with the Commission a proposed rule change that would amend EMMA's continuing disclosure service to, among other things, allow an issuer or obligated person to publish on the public EMMA Web portal, on a voluntary basis, information about its undertaking to provide audited financial statements within 120 days after the end of the fiscal year. See SR-MSRB-2009-10 (July 14, 2009).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

or to correct promptly any inaccuracies in such information, and would be responsible for ensuring that such information provided by it is accurate as of the closing date. So long as the underwriter has provided such information accurately as of the closing date, it would not be obligated to update the information provided if there are any subsequent changes to such information, such as additions, deletions or modifications to the identities of obligated persons or changes in the timing for providing annual financial information. Issuers and obligated persons will be able to make changes to such information through their submission accounts established in connection with EMMA's continuing disclosure service.

Information regarding whether an offering is subject to a continuing disclosure undertaking, the names of obligated persons and the dates for providing annual financial information would be displayed on the EMMA Web portal and also would be included in EMMA's primary market disclosure subscription service.⁴ These items are intended to provide investors and others with information on the expected availability of disclosures following the initial issuance of the securities. In particular, users of the EMMA Web portal would be able to determine which obligated persons are expected to submit annual financial information, audited financial statements and material event notices on an on-going basis, as well as the date each year by which they should expect to have access to the annual financial information.

2. Statutory Basis

The MSRB has adopted the proposed rule change pursuant to Section 15B(b)(2)(C) of the Act,⁵ which provides that the MSRB's rules shall:

be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.

⁴ Contact information for issuers and obligated persons provided by underwriters would be used by the MSRB solely for purposes of inviting such issuers and obligated persons to establish submission accounts with the MSRB and will not be displayed on the EMMA Web portal and will not be included in the primary market disclosure subscription service.

⁵ 15 U.S.C. 78o-4(b)(2)(C).

The MSRB believes that the proposed rule change is consistent with the Act in that it serves to remove impediments to and helps perfect the mechanisms of a free and open market in municipal securities and would serve to promote the statutory mandate of the MSRB to protect investors and the public interest. The information that underwriters would provide and that would be made available to the public with regard to the continuing disclosure undertakings of issuers and obligated persons would assist investors to understand whether and when they should expect to have access to key continuing disclosure information in the future. Investors and other market participants would be able to include such assessment of on-going access to information in the mix of factors upon which they may evaluate their investment decisions. The issuer and obligated person contact information would assist such persons to establish EMMA submission accounts and thereby promote more efficient and timely submissions of continuing disclosure documents.

B. Self-Regulatory Organization's Statement on Burden on Competition

The MSRB does not believe the proposed rule change would impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The additional items of information submitted by underwriters to the EMMA system for public dissemination would be available to all persons simultaneously. In addition to making such information available for free on the EMMA Web portal to all members of the public, the MSRB would make such documents and information available by subscription on an equal and non-discriminatory basis. Further, the proposed rule change would apply equally to all underwriters. Specifically, the addition of these items of information to the existing EMMA primary market submission process would not compete with other information providers and, to the extent other information providers were to seek to make such information available to the public, such providers could obtain the information from the MSRB through the subscription service on an equal and non-discriminatory basis. The proposed rule change also would not impose any additional burdens on competition among issuers of municipal securities since the proposed rule change does not impose any direct or indirect obligations on issuers but merely provides for disclosure of information by underwriters regarding continuing disclosure undertakings

entered into under Exchange Act Rule 15c2-12.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

In a notice published by the MSRB on January 31, 2008, the MSRB described its plan for implementing a continuing disclosure service that would be integrated into other services to be offered through EMMA.⁶ In particular, the MSRB stated its plan to institute the continuing disclosure service to accept submissions of continuing disclosure information in a designated electronic format directly from issuers, obligated persons and their designated agents acting on their behalf. Among other things, the notice sought comment on whether underwriters for new issues should be required to submit to the MSRB information about (i) Whether a continuing disclosure undertaking exists, (ii) the identity of any obligated persons other than the issuer, and (iii) the date identified in the continuing disclosure undertaking by which annual financial information is expected to be disseminated. Such information would be provided by underwriters through the same information submission process as, and simultaneously with, the information to be provided in connection with official statement submissions. The notice also asked whether other items of information should be required, such as the identity of designated agents for submitting continuing disclosure or the criteria for identifying obligated persons subject to the continuing disclosure obligations.

Four commentators provided comments on the issue of underwriter submission of information relating to the issuer's continuing disclosure obligations.⁷ First Southwest supported requiring the submission of the three items of information identified in the notice and stated that no other

⁶ See MSRB Notice 2008-05 (January 31, 2008).

⁷ See letters from Robert Donovan, Executive Director, Rhode Island Health and Educational Building Corporation, Stephen M. Fillebrown, Director of Research, Investor Relations and Compliance, NJ Health Care Facilities Financing Authority, and Charles A. Samuels and Meghan B. Burke, Mintz Levin Cohn Ferris Glovsky and Popeo PC, on behalf of National Association of Health and Educational Facilities Finance Authorities ("NAHEFFA"), to Ernesto A. Lanza, Senior Associate General Counsel, MSRB, dated March 3, 2008; Jack Addams, Managing Director, First Southwest Company ("First Southwest"), to Mr. Lanza, dated February 25, 2008; J. Foster Clark, President, National Association of Bond Lawyers ("NABL"), to Mr. Lanza, dated February 25, 2008; Leslie Norwood, Managing Director and Associate General Counsel, Securities Industry and Financial Markets Association ("SIFMA"), to Mr. Lanza, dated February 25, 2008.

information in addition to the three items listed in the notice should be required. NABL, NAEFFA and SIFMA provided comments on the items relating to identification of obligated persons and the date on which annual financial information is expected to be disseminated.

With respect to identification of obligated persons, NABL and SIFMA noted that only those obligated persons for whom financial or operating data is provided in the official statement are relevant. NABL suggested only requiring underwriters "to identify those persons expressly specified in the continuing disclosure undertaking who will be required to make continuing disclosure filings or to state that such persons will be determined by the functional descriptions contained in the continuing disclosure undertaking." SIFMA stated that a requirement for the underwriter to provide such information is "unnecessarily complicated since the official statement itself, which is on the portal, has a summary paragraph stating who will be filing continuing disclosure and where it will be filed."

The proposed rule change would require that underwriters provide the name of any obligated person (other than the issuer) that would be providing continuing disclosures pursuant to the continuing disclosure undertaking, rather than all obligated persons regardless of whether such obligated persons will be providing disclosure information. The MSRB believes that collecting the identity of obligated persons in a fielded manner that permits automated indexing and search functions is an important feature that would make the EMMA Web portal considerably more useful for users. Such indexed information would assist EMMA Web users in finding some or all of the offerings for a particular obligated person, thereby allowing the user to review the continuing disclosure undertakings that more fully spell out how the continuing disclosure obligations will be fulfilled.

With respect to the expected date of filing of annual financial information, NABL and SIFMA questioned the value of providing this information. NABL noted that the information is already provided in the official statement's description of the continuing disclosure undertaking and can become confusing if several obligated persons are required to file annual filings on different dates, while SIFMA noted that the information can be vague, often based on a stated period of time following the end of a fiscal year, and will become readily apparent based on the pattern of posting over time. NAEFFA sought

clarification of the purpose for requiring this date and requested that the data entry be flexible enough to reflect a deadline measured from the end of a fiscal year or other milepost, rather than a date certain.

The MSRB believes that there is considerable value in providing the expected date of submission of annual financial information in a manner that is extracted from the official statement. The MSRB would require that such information be provided in the form of a specific month and day. This would permit investors and the general public to readily identify when such disclosures should become available from each issuer or obligated person expected to provide the annual filings. Issuers and obligated persons would be able to update the timing requirement, as well as the identity of any obligated persons, through EMMA as appropriate.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

The MSRB has requested an effective date for the proposed rule change of a date to be announced by the MSRB in a notice published on the MSRB Web site, which date shall be no later than nine months after Commission approval of the proposed rule change and shall be announced no later than sixty (60) days prior to the effective date.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-MSRB-2009-09 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-MSRB-2009-09. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the MSRB. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-MSRB-2009-09 and should be submitted on or before August 12, 2009.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

Florence E. Harmon,
Deputy Secretary.
