**I. Background**

The Postal Service seeks to add a new product identified as Priority Mail Contract 13 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

On June 15, 2009, the Postal Service filed a notice, pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5, announcing that it has entered into an additional contract (Priority Mail Contract 13), which it attempts to classify within the previously proposed Priority Mail Contract Group product.<sup>1</sup> In support, the Postal Service filed the proposed contract and referenced Governors' Decision 09-6 filed in Docket No. MC2009-25. *Id.* at 1. The Notice has been assigned Docket No. CP2009-39.

In response to Order No. 224,<sup>2</sup> and in accordance with 39 U.S.C. 3642 and 39 CFR part 3020 subpart B, the Postal Service filed a formal request to add Priority Mail Contract 13 to the Competitive Product List as a separate

product.<sup>3</sup> The Postal Service asserts that the Priority Mail Contract 13 product is a competitive product "not of general applicability" within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2009-29.

In support of its Notice and Request, the Postal Service filed the following materials: (1) A redacted version of the contract which, among other things, provides that the contract will expire 3 years from the effective date, which is proposed to be the day that the Commission issues all regulatory approvals;<sup>4</sup> (2) requested changes in the Mail Classification Schedule product list;<sup>5</sup> (3) a Statement of Supporting Justification as required by 39 CFR 3020.32;<sup>6</sup> and (4) certification of compliance with 39 U.S.C. 3633(a).<sup>7</sup>

In the Statement of Supporting Justification, Mary Prince Anderson, Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. Request, Attachment B, at 1. W. Ashley Lyons, Manager, Corporate Financial Planning, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). Notice, Attachment B.

The Postal Service filed much of the supporting materials, including the unredacted contract, under seal. In its Notice, the Postal Service maintains that the contract and related financial information, including the customer's name and the accompanying analyses that provide prices, terms, conditions, and financial projections, should remain confidential. Notice at 2-3.

In Order No. 224, the Commission gave notice of the two dockets, requested supplemental information, appointed a public representative, and provided the public with an opportunity to comment.<sup>8</sup> On June 23, 2009, the Postal Service filed the supplemental information requested.<sup>9</sup>

## II. Comments

Comments were filed by the Public Representative.<sup>10</sup> No comments were submitted by other interested parties. The Public Representative states that the Postal Service's filing complies with applicable Commission rules of practice and procedure, and concludes that the Priority Mail Contract 13 agreement comports with the requirements of title 39 and is appropriately classified as competitive. *Id.* at 3.

The Public Representative believes that the Postal Service has provided adequate justification for maintaining confidentiality in this case. *Id.* at 2–3. He indicates that the contractual provisions are mutually beneficial to the parties and general public. *Id.* at 4.

## III. Commission Analysis

The Commission has reviewed the Notice, the Request, the contract, the financial analysis provided under seal that accompanies it, the Postal Service's responses to Chairman's Information Request No. 1, the Postal Service's response to the Commission's request for supplemental information, and the comments filed by the Public Representative.

**Statutory requirements.** The Commission's statutory responsibilities in this instance entail assigning Priority Mail Contract 13 to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C. 3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

**Product list assignment.** In determining whether to assign Priority Mail Contract 13 as a product to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products.

39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant.

The competitive category of products shall consist of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns. 39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the risk of losing volume to private companies. Request, Attachment B, para. (d). The Postal Service also contends that it may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. *Id.* It further states that the contract partner supports the addition of the contract to the Competitive Product List to effectuate the negotiated contractual terms. *Id.* at para. (g). Finally, the Postal Service states that the market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. It indicates that large carriers serve this market. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.* at para. (h).

No commenter opposes the proposed classification of Priority Mail Contract 13 as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that Priority Mail Contract 13 is appropriately classified as a competitive product and should be added to the Competitive Product List.

**Cost considerations.** The Postal Service presents a financial analysis showing that Priority Mail Contract 13 results in cost savings while ensuring that the contract covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that Priority Mail Contract 13 should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed Priority Mail Contract 13 indicates that it comports with the provisions applicable to rates for competitive products.

**Other considerations.** The Postal Service shall promptly notify the Commission of the scheduled termination date of the agreement. If the agreement terminates earlier than anticipated, the Postal Service shall inform the Commission prior to the new termination date. The Commission will then remove the product from the Mail Classification Schedule at the earliest possible opportunity.

In conclusion, the Commission approves Priority Mail Contract 13 as a new product. The revision to the Competitive Product List is shown below the signature of this Order and is effective upon issuance of this order.

[FRL–8933–4]

#### Approval and Promulgation of Air Quality Implementation Plans; Nebraska; Update to Materials Incorporated by Reference

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; notice of administrative change.

**SUMMARY:** EPA is updating the materials submitted by Nebraska that are incorporated by reference (IBR) into the State implementation plan (SIP). The regulations affected by this update have been previously submitted by the state agency and approved by EPA. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA), the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the Regional Office.

**DATES:** *Effective Date:* This action is effective July 30, 2009.

**ADDRESSES:** SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 7, 901 North 5th Street, Kansas City, Kansas 66101; or at <http://www.epa.gov/region07/programs/artd/air/rules/fedapprv.htm>; the Air and Radiation Docket and Information Center, EPA Headquarters Library, Room Number 3334, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC 20460, and the National Archives and Records Administration. If you wish to obtain materials from a docket in the EPA Headquarters Library, please call the Office of Air and Radiation Docket at (202) 566–1742. For information on the availability of this material at NARA, call (202) 741–6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

**FOR FURTHER INFORMATION CONTACT:** Evelyn VanGoethem at (913) 551–7659, or by e-mail at [vangoethem.evelyn@epa.gov](mailto:vangoethem.evelyn@epa.gov).

**SUPPLEMENTARY INFORMATION:** The SIP is a living document which the state revises as necessary to address the unique air pollution problems in the state. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations to make them part of the SIP. On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference Federally-approved SIPs, as a result of consultations between EPA and the Office of Federal Register. The description of the revised SIP document, IBR procedures and “Identification of plan” format are discussed in further detail in the May 22, 1997, **Federal Register** document.

On February 12, 1999, EPA published a document in the **Federal Register** (64 FR 7091) beginning the new IBR procedure for Nebraska. On December 1, 2003 (68 FR 67045), EPA published an update to the IBR material for Nebraska.

In this document, EPA is doing the following:

1. Announcing the update to the IBR material as of July 1, 2009.
2. Correcting the date format in the “State effective date” or “State Submittal date” and “EPA approval date” columns in § 52.1420 paragraphs (c), (d) and (e). Dates are numerical month/day/year without additional zeros.
3. Modifying the **Federal Register** citation in § 52.1420 paragraphs (c), (d)
