

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****Petition for Waiver of Compliance**

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

BNSF Railway Company**(Waiver Petition Docket Number FRA-2009-0065)**

The BNSF Railway Company (BNSF) and the Brotherhood of Locomotive Engineers and Trainmen (BLET) seek a limited waiver from compliance of the provisions of the Federal hours of service law for yard assignments. The parties state that their request is not for system-wide application, but rather specifically identified assignments listed in their application, which may be found at <http://www.regulations.gov> under the docket number listed above.

Specifically, BNSF and BLET are requesting a limited waiver of U.S.C. 21103(a)(4), which states that a train employee may not be required or allowed to remain or go on duty after that employee has initiated an on-duty period each day for 6 consecutive days, unless that employee has had at least 48 hours off duty at the employee's home terminal. BNSF and BLET currently have collective bargaining agreements which provide for the trainmen's return to duty with less than 48 hours off duty following 6 consecutive days in which an on duty period was initiated.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA-2009-0065) and may be submitted by any of the following methods:

- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., W12-140, Washington, DC 20590.

- *Hand Delivery:* 1200 New Jersey Avenue, SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 20 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://www.regulations.gov>.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). Canadian National Railway Company

(Waiver Petition Docket Number FRA-2009-0074)

The Canadian National Railway Company (CN), the United Transportation Union (UTU), and the Brotherhood of Locomotive Engineers and Trainmen (BLET) jointly seek a waiver from compliance of the provisions of U.S.C. 21103(a)(4), which mandates 48 and 72 hour off duty periods following qualifying number of days in which an on duty period was initiated. The parties state that their current collective bargaining agreements offer an enhanced level of safety and rest beyond the provisions of § 21103(a)(4). The entire joint CN, UTU and BLE petition may be viewed at <http://www.regulations.gov> under the docket number listed above.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Canadian National Railway Company (Waiver Petition Docket Number FRA–2009–0075)

The Canadian National Railway Company (CN), the United Transportation Union (UTU), and the Brotherhood of Locomotive Engineers and Trainmen (BLET) jointly petitioned to establish a pilot project under 49 U.S.C. 21108 providing for an alternative means of measuring the monthly cycle under which employees' on-duty hours are capped at 276 hours per month. The pilot project would be made possible by a partial waiver of 49 U.S.C. 21103(a)(1), permitting the cap on total service for certain train employees to be computed on other than a calendar month basis. The parties propose to divide the affected employees into two groups, one of which would measure their on-duty time from the first day of each month to the last day of the same month. For the other group, the measurement would be made from the fifteenth (15th) day of the month until the fourteenth (14th) day of the following month. The parties aver that this approach will be as effective as the statutory pattern in preventing fatigue while ensuring that rested employees will be available throughout

each calendar month. The entire joint CN, UTU and BLE petition may be viewed at <http://www.regulations.gov> under the docket number listed above.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings, since the facts do not appear to warrant a hearing.
