

traders, to a World War II outpost. The Izembek Wilderness covers much of the refuge and includes pristine streams, extensive wetlands, steep mountains, tundra, and sand dunes, and provides high scenic, wildlife, and scientific values, as well as outstanding opportunities for solitude and primitive recreation.

The King Cove Corporation is an Alaska Native Village Corporation established under the Alaska Native Claims Settlement Act of 1971 (ANCSA; 43 U.S.C. 1601 *et seq.*) Under the authority of ANCSA, Congress granted to King Cove Corporation land entitlements within and adjacent to Izembek Refuge. The State of Alaska also owns lands, submerged lands, shorelands, and tidelands within and adjacent to Izembek and Alaska Peninsula Refuges, including the Izembek State Game Refuge.

Alaska Maritime National Wildlife Refuge stretches from the Arctic Ocean to the southeast panhandle of Alaska and protects breeding habitat for seabirds, marine mammals, and other wildlife on more than 2,500 islands, spires, rocks, and coastal headlands. Sitkinak Island, which lies within the boundaries of the Alaska Maritime National Wildlife Refuge, is primarily owned by the State of Alaska, with two parcels owned by the Service.

In the Omnibus Public Land Management Act of 2009 (H.R. 146, Subtitle E; the Act), Congress directs us to prepare an EIS under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR parts 1500–1508) to evaluate the impacts of a proposed land exchange with the State of Alaska and the King Cove Corporation for the purpose of constructing a single-lane gravel road between the communities of King Cove and Cold Bay, Alaska. The land exchange would involve the removal of approximately 206 acres within the Izembek Wilderness portion of Izembek National Wildlife Refuge for the road corridor and approximately 1,600 acres of Federal land within the Alaska Maritime National Wildlife Refuge on Sitkinak Island. In exchange, we would receive approximately 43,093 acres of land owned by the State of Alaska and approximately 13,300 acres of land owned by the King Cove Corporation. These lands are located around Cold Bay and adjacent to the North Creek Unit of Alaska Peninsula National Wildlife Refuge.

The preparation of this EIS is to begin not later than 60 days after the Secretary receives notification by the State and the King Cove Corporation of their

intention to exchange lands in accordance with the Act. The Secretary received notification by the King Cove Corporation on May 19, 2009, and by the State of Alaska on June 19, 2009. This notice initiates the process and opens the period for public scoping. Formal public involvement activities will begin when we receive funds appropriated to support this effort. At that time we will announce additional public involvement activities.

In accordance with Section 6402(b)(2)(B) of the Act, the EIS will analyze the proposed land exchange and the potential construction and operation of a road between the communities of King Cove and Cold Bay, Alaska, and will evaluate a specific road corridor through the Izembek Refuge that will be identified in consultation with the State of Alaska, the City of King Cove, and the Agdaagux Tribe of King Cove. The alternatives anticipated at this time include the existing situation (no land exchange or road construction) and the proposed land exchange and road construction and operation as outlined in the Act. In preparing the EIS, the Service will solicit comments from public locally, regionally, and nationally. As required in the Act, subsequent to the preparation of the EIS and in conjunction with the Record of Decision, the Secretary of the Interior will determine whether the land exchange (including the construction of the proposed road) is in the public interest.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold it from public review, we cannot guarantee we will be able to do so.

DEPARTMENT OF THE INTERIOR

Notice of Availability for the Record of Decision on the Final General Management Plan/Environmental Impact Statement, Minuteman Missile National Historic Site, South Dakota

AGENCY: Department of the Interior, National Park Service.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(C)), the National Park Service (NPS) announces the availability of the Record of Decision (ROD) for the Final General Management Plan (GMP)/Environmental Impact Statement (EIS), Minuteman Missile National Historic Site, South Dakota. On July 2, the acting regional director for the NPS Midwest Region approved the ROD for the Final GMP/EIS. As soon as practicable, the NPS will begin to implement the selected alternative.

The selected alternative, with the concept of presenting the national historic site as a symbol of the Cold War, will restore Delta One to its ready-alert status and rehabilitate Delta Nine to its stand-down appearance. These facilities will be presented as symbols commemorating the history and significance of the Cold War, the arms race, and the intercontinental ballistic missile in the second half of the 20th century.

The selected alternative includes locating a 7,700-square-foot visitor/administrative facility northwest of exit 131 on Interstate 90, built in two stages. Under the selected alternative, visitors will drive their personal cars to the Delta One facility and, with reservations, go on a ranger-led tour. Visitors will also drive their personal cars to Delta Nine for a self-guided tour. A shuttle system to Delta One will be developed for operation when the level of visitation warrants. The chain link security gate at Delta One will remain locked during business hours except during shuttle tours. The gate at Delta Nine will remain open during business hours.

Visitors benefit from this plan because of a rich range of options to see and learn about the missile sites as symbols that commemorate the Cold War, including guided tours, onsite interpretive media, and interpretive programs at the visitor/administrative facility.

The ROD includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, a finding on impairment of park resources and values, a listing of measures to minimize environmental harm, and an overview of public involvement in the decision-making process.

FOR FURTHER INFORMATION CONTACT: Superintendent Mark Herberger, Minuteman Missile National Historic Site, 21280 South Dakota Highway 240,

Philip, South Dakota 57567, or by calling 605-433-5552. Copies of the ROD are available upon request from the above address or viewed online at <http://parkplanning.nps.gov/mimi>.

Dated: July 2, 2009.

Notice of Lodging of Consent Decree Under Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on July 30, 2009, the proposed Consent Decree in *United States v. MRC Holdings, Inc.*, Case No. 8:09-cv-01453-RAL-MAP, was lodged with the United States District Court for the Middle District of Florida.

The proposed Consent Decree resolves claims of the United States, on behalf of the Environmental Protection Agency ("EPA"), under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601 *et seq.*, in connection with the MRI Superfund Site in Tampa, Hillsborough County, Florida ("Site").

The proposed Consent Decree requires MRC Holdings, Inc. to perform EPA's estimated \$6,700,000 groundwater remedial design/remedial action at the Site and reimburse in full EPA's interim and future costs for overseeing implementation of this remedy. A previous Consent Decree, entered by the Middle District of Florida on February 19, 2002, required MRC Holdings, Inc. to perform the estimated \$2,130,111 soil cleanup at this Site and pay EPA's past costs of \$700,000.

For a period of 30 days from the date of this publication, the Department of Justice will receive comments relating to the proposed Consent Decree.

Comments should be addressed to the Assistant Attorney General of the Environment and Natural Resources Division, Department of Justice, Washington, DC 20530, and either e-

mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. Comments should refer to: *United States of America v. MRC Holdings, Inc.*, DJ # 90-11-2-07053/1.

The proposed Consent Decree may be examined on the following Department of Justice Web site, http://www.usdoj.gov/enrd/Consent_Decrees.html. Copies of the proposed Consent Decree may be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy of the proposed Consent Decree, please enclose a check in the amount of \$23.23 for a copy exclusive of signature pages and appendices (25 cent per page reproduction cost) or \$59.00 for a copy including signature pages and appendices (25 cent per page reproduction cost) payable to the U.S. Treasury, or, if by e-mail or fax, forward a check in that amount to the Consent Decree Library at the stated address.
