SUPPLEMENTARY INFORMATION:

Title: Tribal Transit Program.

Abstract: FTA's Tribal Transit

Program provides financial assistance to federally recognized Indian tribes for public transportation services on and around Indian reservations located in rural areas. Eligibility is based on the statutory provisions of 49 U.S.C. 5311-Nonurbanized Area Formula Program. The provisions of the American Recovery and Reinvestment Act of 2009, Title 49 U.S.C. section 5311, 49 CFR part 18 Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments (the Common Grant Rule), and prudent administration of Federal grant funds dictate that grantor agencies review applications for Federal assistance to assure eligibility and other criteria, as appropriate, and monitor approved projects to ensure timely expenditure of Federal funds by grant recipients. Information collected under this program is structured to comply with Federal mandates. The reporting requirements are submitted by recipients in two stages: the application stage and the project management stage.

The American Recovery Act of 2009 (ARRA) established funding for the Tribal Transit Program. This program is a \$17,000,000 discretionary grant program to support capital investments for public transit services that serve

Indian tribes and Alaska Native villages. To meet the requirements of the American Recovery Act, FTA requested an emergency approval from OMB for the Tribal Transit Program. OMB approved FTA's emergency request for approval on March 17, 2009. The OMB Control Number is 2132-0567. FTA published a **Federal Register** Notice on March 23, 2009, for Public Transportation on Indian Reservations Program: Tribal Transit Program under the American Recovery and Reinvestment Act of 2009.

Estimated Total Annual Burden: 3,195 hours.
