BILLING CODE P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c) (2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Telephone Point of Purchase Survey." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before October 13, 2009.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll free number.)

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, telephone number 202-691-7628 (this is not a toll free number.) (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The purpose of this survey is to develop and maintain a timely list of

retail, wholesale, and service establishments where urban consumers shop for specified items. This information is used as the sampling universe for selecting establishments at which prices of specific items are collected and monitored for use in calculating the Consumer Price Index (CPI). The survey has been ongoing since 1980 and also provides expenditure data that allows items that are priced in the CPI to be properly weighted.

II. Current Action

Office of Management and Budget clearance is being sought for the Telephone Point of Purchase Survey (TPOPS).

Since 1997, the survey has been administered quarterly via a computer-assisted telephone interview. This survey is flexible and creates the possibility of introducing new products into the CPI in a timely manner. The data collected in this survey are necessary for the continuing construction of a current outlet universe from which locations are selected for the price collection needed for calculating the CPI. Furthermore, the TPOPS provides the weights used in selecting the items that are priced at these establishments. This sample design produces an overall CPI market basket that is more reflective of the prices faced and the establishments visited by urban consumers.

For this clearance, the BLS will be adding an address question to facilitate sending an advance letter before each wave. Additionally, the BLS is in the process of developing additional questions for TPOPS respondents in order to enhance survey results. Information obtained from these additional questions will be used to address non-response bias in the survey, to study approaches for increasing response rates, and for researching ways to improve the data.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Revision of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: Point of Purchase Survey.

OMB Number: 1220-0044.

Affected Public: Individuals or households.

Total Respondents: 21,649.

Frequency: Quarterly.

Total Responses: 56,071.

Average Time per Response: 11 minutes.

Estimated Total Burden Hours: 10,280 hours.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 6th day of August 2009.

Kimberley D. Hill,

Acting Chief, Division of Management Systems, Bureau of Labor Statistics.

BILLING CODE 4510-24-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Proposed Information Collection Request Submitted for Public Comment and Recommendations; Main Fan Operation and Inspection

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506 (c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired

format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the extension of the information collection related to the 30 CFR 57.22204, Main Fan Operation.

DATES: Submit comments on or before October 13, 2009.

ADDRESSES: Send comments to U.S. Department of Labor, Mine Safety and Health Administration, John Rowlett, Director, Management Services Division, 1100 Wilson Boulevard, Room 2134, Arlington, VA 22209-3939. Commenters are encouraged to send their comments on a computer disk, or via E-mail to Rowlett.John@dol.gov. Mr. Rowlett can be reached at (202) 693-9827 (voice), or (202) 693-9801 (facsimile).

FOR FURTHER INFORMATION CONTACT: Contact the employee listed in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

Title 30, CFR 57.22204, which is applicable only to specific underground mines that are categorized as gassy requires main fans to have pressure-recording systems. Main fans are to be inspected daily while operating if persons are underground, and certification of the inspection is to be made by signature and date. When accumulations of explosive gases such as methane are not swept from the mine by the main fans, they may reasonably be expected to contact an ignition source. The results are usually disastrous and multiple fatalities may be expected to occur. The standard contains significantly more stringent requirements for main fans in "gassy" mines than for main fans in other mines.

II. Desired Focus of Comments

MSHA is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A copy of the proposed information collection request can be obtained by contacting the employee listed in the **ADDRESSES** section of this notice, or viewed on the internet by accessing the MSHA home page (<http://www.msha.gov/>) and selecting "Rules & Regs", and then selecting "FedReg. Docs". On the next screen, select "Paperwork Reduction Act Supporting Statement" to view documents supporting the **Federal Register** Notice.

III. Current Actions

Information collected through the pressure recordings is used by the mine operator and MSHA for maintaining a constant vigil on mine ventilation, and to ensure that unsafe conditions are identified early and corrected. Technical consultants may occasionally review the information when solving problems.

Type of Review: Extension.

Agency: Mine Safety and Health Administration.

Title: Main Fan Operation and Inspection.

OMB Number: 1219-0030.

Recordkeeping: § 57.22204 requires that main fans are to be inspected daily while operating if persons are underground, and certification of the inspection is to be made by signature and date. Certifications and pressure recordings are to be kept for one year and made available to authorized representatives of the Secretary.

Frequency: On Occasion.

Affected Public: Business or other for-profit.

Respondents: 6.

Total Responses: 3,960.

Total Burden Hours: 1,980 hours.

Total Burden Cost: \$1,200.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated at Arlington, Virginia, this 7th day of August 2009.

John Rowlett,

Director, Management Services Division.

BILLING CODE 4510-43-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Proposed Information Collection Request Submitted for Public Comment and Recommendations; Escape and Evacuation Plans

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506 (c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the extension of the information collection related to the 30 CFR Section 77.1101; Escape and Evacuation Plans.

DATES: Submit comments on or before October 13, 2009.

ADDRESSES: Send comments to U.S. Department of Labor, Mine Safety and Health Administration, John Rowlett, Director, Management Services Division, 1100 Wilson Boulevard, Room 2134, Arlington, VA 22209-3939. Commenters are encouraged to send their comments on a computer disk, or via Internet E-mail to Rowlett.John@dol.gov. Mr. Rowlett can be reached at (202) 693-9827 (voice), or (202) 693-9801 (facsimile).

FOR FURTHER INFORMATION CONTACT: The employee listed in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

Section 77.1101(a) requires operators of surface coal mines and surface work areas of underground coal mines to establish and keep current a specific escape and evacuation plan to be followed in the event of a fire.

Section 77.1101(b) requires that all employees be instructed in current escape and evacuation plans, fire alarm signals, and applicable procedures to be followed in case of fire. The training and record keeping requirements associated with this standard are
