BILLING CODE 4910-59-P

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

#### 49 CFR Part 593

[Docket No. NHTSA-2009-0124]

#### List of Nonconforming Vehicles Decided To Be Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This document revises the list of vehicles not originally manufactured to conform to the Federal motor vehicle safety standards (FMVSS) that NHTSA has decided to be eligible for importation. This list is published in an appendix to the agency's regulations that prescribe procedures for import eligibility decisions. The list has been revised to add all vehicles that NHTSA has decided to be eligible for importation since October 1, 2008, and to remove all previously listed vehicles that are now more than 25 years old and need no longer comply with all applicable FMVSS to be lawfully imported. NHTSA is required by statute to publish this list annually in the **Federal Register**.

**DATES:** The revised list of import eligible vehicles is effective on August 14, 2009.

#### FOR FURTHER INFORMATION CONTACT:

Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA, (202) 366-3151.

#### SUPPLEMENTARY INFORMATION:

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS. Where there is no substantially similar U.S.-certified motor vehicle, 49 U.S.C. 30141(a)(1)(B) permits a nonconforming motor vehicle

to be admitted into the United States if its safety features comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as the Secretary of Transportation decides to be adequate.

Under 49 U.S.C. 30141(a)(1), import eligibility decisions may be made "on the initiative of the Secretary of Transportation or on petition of a manufacturer or importer registered under [49 U.S.C. 30141(c)]." The Secretary's authority to make these decisions has been delegated to NHTSA. The agency publishes notice of eligibility decisions as they are made.

Under 49 U.S.C. 30141(b)(2), a list of all vehicles for which import eligibility decisions have been made must be published annually in the **Federal Register**. On October 1, 1996, NHTSA added the list as an appendix to 49 CFR Part 593, the regulations that establish procedures for import eligibility decisions (61 FR 51242). As described in the notice, NHTSA took that action to ensure that the list is more widely disseminated to government personnel who oversee vehicle imports and to interested members of the public. See 61 FR 51242-43. In the notice, NHTSA expressed its intention to annually revise the list as published in the appendix to include any additional vehicles decided by the agency to be eligible for importation since the list was last published. See 61 FR 51243. The agency stated that issuance of the document announcing these revisions will fulfill the annual publication requirements of 49 U.S.C. 30141(b)(2). *Ibid.*

#### Regulatory Analyses and Notices

##### A. Executive Order 12866, Regulatory Planning and Review

Executive Order 12866, "Regulatory Planning and Review" (58 FR 51735, October 4, 1993), provides for making determinations about whether a regulatory action is "significant" and therefore subject to Office of Management and Budget (OMB) review and to the requirements of the Executive Order. The Executive Order defines a "significant regulatory action" as one that is likely to result in a rule that may:

(1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or Tribal governments or communities;

(2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive Order. This rule will not have any of these effects and was not reviewed under Executive Order 12866. It is not significant within the meaning of the DOT Regulatory Policies and Procedures. The effect of this rule is not to impose new requirements. Instead it provides a summary compilation of decisions on import eligibility that have already been made and does not involve new decisions. This rule will not impose any additional burden on any person. Accordingly, the agency believes that the preparation of a regulatory evaluation is not warranted for this rule.

##### B. Environmental Impacts

We have not conducted an evaluation of the impacts of this rule under the National Environmental Policy Act. This rule does not impose any change that would result in any impacts to the quality of the human environment. Accordingly, no environmental assessment is required.

##### C. Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act, we have considered the impacts of this rule on small entities (5 U.S.C. 601 *et seq.*). I certify that this rule will not have a significant economic impact upon a substantial number of small entities within the context of the Regulatory Flexibility Act. The following is our statement providing the factual basis for the certification (5 U.S.C. 605(b)). This rule will not have any significant economic impact on a substantial number of small businesses because the rule merely furnishes information by revising the list in the Code of Federal Regulations of vehicles for which import eligibility decisions have previously been made. Accordingly, we have not prepared a Final Regulatory Flexibility Analysis.

##### D. Executive Order 13132, Federalism

Executive Order 13132 requires NHTSA to develop an accountable process to ensure "meaningful and timely input by State and local officials in the development of regulatory policies that have federalism implications." Executive Order 13132 defines the term "Policies that have federalism implications" to include

regulations that have “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.” Under Executive Order 13132, NHTSA may not issue a regulation that has federalism implications, that imposes substantial direct compliance costs, and that is not required by statute, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by State and local governments, or NHTSA consults with State and local officials early in the process of developing the regulation.

This rule will have no direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government as specified in Executive Order 13132. Thus, the requirements of section 6 of the Executive Order do not apply to this rule.

#### *E. The Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4) requires agencies to prepare a written assessment of the costs, benefits and other effects of proposed or final rules that include a Federal mandate likely to result in the expenditure by State, local or Tribal governments, in the aggregate, or by the private sector, of more than \$100 million annually. This rule will not result in additional expenditures by State, local or Tribal governments or by any members of the private sector. Therefore, the agency has not prepared an economic assessment pursuant to the Unfunded Mandates Reform Act.

#### *F. Paperwork Reduction Act*

Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), a person is not required to respond to a collection of information by a Federal agency unless the collection displays a valid OMB control number. This rule does not impose any new collection of information requirements for which a 5 CFR Part 1320 clearance must be obtained. DOT previously submitted to OMB and OMB approved the collection of information associated with the vehicle importation program in OMB Clearance No. 2127–0002.

#### *G. Civil Justice Reform*

Pursuant to Executive Order 12988, “Civil Justice Reform,” we have considered whether this rule has any retroactive effect. We conclude that it will not have such an effect.

#### *H. Plain Language*

Executive Order 12866 requires each agency to write all rules in plain language. Application of the principles of plain language includes consideration of the following questions:

- Have we organized the material to suit the public’s needs?
- Are the requirements in the rule clearly stated?
- Does the rule contain technical language or jargon that is not clear?
- Would a different format (grouping and order of sections, use of headings, paragraphing) make the rule easier to understand?
- Would more (but shorter) sections be better?
- Could we improve clarity by adding tables, lists, or diagrams?
- What else could we do to make the rule easier to understand?

If you wish to do so, please comment on the extent to which this final rule effectively uses plain language principles.

#### *I. National Technology Transfer and Advancement Act*

Under the National Technology and Transfer and Advancement Act of 1995 (Pub. L. 104–113), “all Federal agencies and departments shall use technical standards that are developed or adopted by voluntary consensus standards bodies, using such technical standards as a means to carry out policy objectives or activities determined by the agencies and departments.” This rule does not require the use of any technical standards.

#### *J. Privacy Act*

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, *etc.*). You may review DOT’s complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78).

#### *K. Executive Order 13045, Economically Significant Rules Disproportionately Affecting Children*

This rule is not subject to Executive Order 13045 because it is not “economically significant” as defined under Executive Order 12866, and does not concern an environmental, health, or safety risk that NHTSA has reason to believe may have a disproportionate effect on children.

#### *L. Notice and Comment*

NHTSA finds that prior notice and opportunity for comment are unnecessary under 5 U.S.C. 553(b)(3)(B) because this action does not impose any regulatory requirements. This rule merely revises the list of vehicles not originally manufactured to conform to the FMVSS that NHTSA has decided to be eligible for importation into the United States since the last list was published in September, 2008.

In addition, so that the list of vehicles for which import eligibility decisions have been made may be included in the next edition of 49 CFR Parts 400 to 599, which is due for revision on October 1, 2009, good cause exists to dispense with the requirement in 5 U.S.C. 553(d) for the effective date of the rule to be delayed for at least 30 days following its publication.

#### **List of Subjects in 49 CFR Part 593**

Imports, Motor vehicle safety, Motor vehicles.

- In consideration of the foregoing, Part 593 of Title 49 of the Code of Federal Regulations is amended as follows:

#### **PART 593—DETERMINATIONS THAT A VEHICLE NOT ORIGINALLY MANUFACTURED TO CONFORM TO THE FEDERAL MOTOR VEHICLE SAFETY STANDARDS IS ELIGIBLE FOR IMPORTATION**

- 1. The authority citation for Part 593 continues to read as follows:

**Authority:** 49 U.S.C. 322 and 30141(b); delegation of authority at 49 CFR 1.50.

- 2. Appendix A to Part 593 is revised to read as follows:

#### **Appendix A to Part 593—List of Vehicles Determined To Be Eligible for Importation**

(a) Each vehicle on the following list is preceded by a vehicle eligibility number. The importer of a vehicle admissible under any eligibility decision must enter that number on the HS-7 Declaration Form accompanying entry to indicate that the vehicle is eligible for importation.

(1) “VSA” eligibility numbers are assigned to all vehicles that are decided to be eligible for importation on the initiative of the Administrator under Sec. 593.8.

(2) “VSP” eligibility numbers are assigned to vehicles that are decided to be eligible under Sec. 593.7(f), based on a petition from a manufacturer or registered importer submitted under Sec. 593.5(a)(1), which establishes that a substantially similar U.S.-certified vehicle exists.

(3) “VCP” eligibility numbers are assigned to vehicles that are decided to be eligible under Sec. 593.7(f), based on a petition from a manufacturer or registered importer submitted under Sec. 593.5(a)(2), which

establishes that the vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS.

(b) Vehicles for which eligibility decisions have been made are listed alphabetically, first by make and then by model.

(c) All hyphens used in the Model Year column mean "through" (for example, "1988–1990" means "1988 through 1990").

(d) The initials "MC" used in the Make column mean "Motorcycle."

(e) The initials "SWB" used in the Model Type column mean "Short Wheel Base."

(f) The initials "LWB" used in the Model Type column mean "Long Wheel Base."

(g) For vehicles with a European country of origin, the term "Model Year" ordinarily means calendar year in which the vehicle was produced.

(h) All vehicles are left-hand-drive (LHD) vehicles unless noted as RHD. The initials "RHD" used in the Model Type column mean "Right-Hand-Drive."

#### VEHICLES CERTIFIED BY THEIR ORIGINAL MANUFACTURER AS COMPLYING WITH ALL APPLICABLE CANADIAN MOTOR VEHICLE SAFETY STANDARDS

VSA-80 .....	(a) All passenger cars less than 25 years old that were manufactured before September 1, 1989; (b) All passenger cars manufactured on or after September 1, 1989, and before September 1, 1996, that, as originally manufactured, are equipped with an automatic restraint system that complies with Federal Motor Vehicle Safety Standard (FMVSS) No. 208; (c) All passenger cars manufactured on or after September 1, 1996, and before September 1, 2002, that, as originally manufactured, are equipped with an automatic restraint system that complies with FMVSS No. 208, and that comply with FMVSS No. 214; (d) All passenger cars manufactured on or after September 1, 2002, and before September 1, 2007, that, as originally manufactured, are equipped with an automatic restraint system that complies with FMVSS No. 208, and that comply with FMVSS Nos. 201, 214, 225, and 401; (e) All passenger cars manufactured on or after September 1, 2007, and before September 1, 2008, that, as originally manufactured, comply with FMVSS Nos. 110, 118, 138, 201, 208, 213, 214, 225, and 401; (f) All passenger cars manufactured on or after September 1, 2008 and before September 1, 2011 that, as originally manufactured, comply with FMVSS Nos. 110, 118, 138, 201, 202a, 206, 208, 213, 214, 225, and 401; (g) All passenger cars manufactured on or after September 1, 2011 and before September 1, 2012 that, as originally manufactured, comply with FMVSS Nos. 110, 118, 126, 138, 201, 202a, 206, 208, 213, 214, 225, and 401.
VSA-81 .....	(a) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less that are less than 25 years old and that were manufactured before September 1, 1991; (b) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less that were manufactured on and after September 1, 1991, and before September 1, 1993 and that, as originally manufactured, comply with FMVSS Nos. 202 and 208; (c) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less that were manufactured on or after September 1, 1993, and before September 1, 1998, and that, as originally manufactured, comply with FMVSS Nos. 202, 208, and 216; (d) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less that were manufactured on or after September 1, 1998, and before September 1, 2002, and that, as originally manufactured, comply with FMVSS Nos. 202, 208, 214, and 216; (e) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less that were manufactured on or after September 1, 2002, and before September 1, 2007, and that, as originally manufactured, comply with FMVSS Nos. 201, 202, 208, 214, and 216, and, insofar as it is applicable, with FMVSS No. 225; (f) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less manufactured on or after September 1, 2007 and before September 1, 2008, that, as originally manufactured, comply with FMVSS Nos. 110, 118, 201, 202, 208, 213, 214, and 216, and insofar as they are applicable, with FMVSS Nos. 138 and 225; (g) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less manufactured on or after September 1, 2008 and before September 1, 2011, that, as originally manufactured, comply with FMVSS Nos. 110, 118, 201, 202a, 206, 208, 213, 214, and 216, and insofar as they are applicable, with FMVSS Nos. 138 and 225; (h) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4,536 kg (10,000 lb) or less manufactured on or after September 1, 2011 and before September 1, 2012, that, as originally manufactured, comply with FMVSS Nos. 110, 118, 126, 201, 202a, 206, 208, 213, 214, and 216, and insofar as they are applicable, with FMVSS Nos. 138 and 225;
VSA-82 .....	All multipurpose passenger vehicles, trucks, and buses with a GVWR greater than 4,536 kg (10,000 lb) that are less than 25 years old.
VSA-83 .....	All trailers and motorcycles less than 25 years old.

BILLING CODE 4910-59-P

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 679**

[Docket No. 0808011016-91210-04]

RIN 0648-AX14

**Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands (Amendment 92) and Gulf of Alaska License (Amendment 82) Limitation Program**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS issues regulations to implement Amendment 92 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area and Amendment 82 to the Fishery Management Plan for Groundfish of the Gulf of Alaska. This action removes trawl gear endorsements on licenses issued under the license limitation program in specific management areas if those licenses have not been used on vessels that met minimum recent landing requirements using trawl gear. This action provides exemptions to this requirement for licenses that are used in trawl fisheries subject to certain limited access privilege programs. This action issues new area endorsements for trawl catcher vessel licenses in the Aleutian Islands if minimum recent landing requirements in the Aleutian Islands were met. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the Fishery Management Plans, and other applicable law.

**DATES:** Effective September 14, 2009.

**ADDRESSES:** Amendments 92 and 82, the Environmental Assessment (EA), Regulatory Impact Review (RIR), and the Final Regulatory Flexibility Analysis (FRFA) for this action are available from the NMFS Alaska Region website at <http://www.alaskafisheries.noaa.gov>.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information

requirements contained in this final rule may be submitted to NMFS Alaska Region and by e-mail to [David\\_Rostker@omb.eop.gov](mailto:David_Rostker@omb.eop.gov), or fax to 202-395-7285.

**SUPPLEMENTARY INFORMATION:**

**Background on the License Limitation Program**

NMFS manages the groundfish fisheries in the exclusive economic zone (EEZ) of the Bering Sea and Aleutian Islands Management Area (BSAI) and the Gulf of Alaska (GOA) under the fishery management plans (FMPs) for groundfish in the respective areas. The North Pacific Fishery Management Council (Council) prepared, and NMFS approved, the FMPs under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*). Regulations implementing the FMPs appear at 50 CFR part 679. General regulations governing U.S. fisheries also appear at 50 CFR part 600.

The Council and NMFS have long sought to control the amount of fishing in the North Pacific Ocean to ensure that fisheries are conservatively managed and do not exceed established biological thresholds. One of the measures used by the Council and NMFS is the license limitation program (LLP) which limits access to the groundfish, crab, and scallop fisheries in the BSAI and GOA. The LLP is intended to limit entry into federally managed fisheries. For groundfish, the LLP requires that persons hold and assign a license to each vessel that is used to fish in federally managed fisheries, with some limited exemptions. The Council initially envisioned the LLP as an early step in a long-term plan to establish a comprehensive rationalization program for groundfish in the North Pacific that would ultimately assign tradable quotas to fishery participants that would provide them an exclusive access privilege to groundfish resources. These exclusive access programs are more commonly known as limited access privilege programs (LAPPs).

The LLP for groundfish fisheries was recommended by the Council as Amendments 39 and 41 to the BSAI and GOA groundfish FMPs, respectively. The Council adopted the LLP for groundfish in June 1995, and NMFS approved Amendments 39 and 41 on September 12, 1997. NMFS published a final rule to implement the LLP on October 1, 1998 (63 FR 52642); and LLP licenses were required for federal

groundfish fisheries beginning on January 1, 2000. The preamble to the final rule implementing the groundfish LLP and the EA/RIR/FRFA prepared for this rule describe the rationale and specific provisions of the LLP in greater detail (see **ADDRESSES**) and are not repeated here. The key components of the LLP are briefly summarized below.

The LLP for groundfish established specific criteria that must be met to allow a person to use a vessel to directed fish in most federally managed groundfish fisheries. An LLP license must be assigned to each vessel that is used to participate in directed fishing for most federally managed groundfish species. The term directed fishing and the specific groundfish species for which an LLP license is required are defined in regulations at § 679.2. An exception to the requirement that an LLP license must be assigned to a vessel applies if the vessel is: less than 26 feet length overall (LOA) and fishing in the GOA; less than 32 feet LOA and fishing in the BSAI; using jig gear in the BSAI if the vessel is less than 60 feet LOA and deploys no more than five jigging machines; or specifically constructed for and used exclusively in Community Development Quota fisheries, and designed and equipped to meet specific needs that are described in regulations at § 679.4(k).

Under the LLP, NMFS issued licenses that (1) endorse fishing activities in specific regulatory areas in the BSAI and GOA; (2) restrict the length of the vessel on which the LLP license may be used; (3) designate the fishing gear that may be used on the vessel (i.e., trawl or non-trawl gear designations); (4) designate the type of vessel operation permitted (i.e., LLP licenses designate whether the vessel to which the LLP is assigned may operate as a catcher vessel or as a catcher/processor); and (5) are issued so that the endorsements for specific regulatory areas, gear designations, or vessel operational types are non-severable from the LLP license (i.e., once an LLP license is issued, the components of the LLP license cannot be transferred independently). By creating LLP licenses with these characteristics, the Council and NMFS limited the ability of a person to assign an LLP license that was derived from the historic landing activity of a vessel in one area, using a specific fishing gear or operational type to be used in other areas, with different gears or operational types, in a manner that could expand fishing capacity. The preamble to the final rule implementing the groundfish LLP provides a more detailed explanation of the rationale for specific
