

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we will notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we will notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice. In addition, there are a number of ARRA requirements that are detailed in the ARRA Impact Aid Frequently Asked Questions (FAQs), which can be accessed at the following site: <http://www.ed.gov/policy/gen/leg/recovery/guidance/impactaid.pdf>. See for example, FAQs 12 through 16 regarding reporting, infrastructure investment certification, Buy American, and National Environmental Protection Act provisions, and FAQs 19 through 21 regarding Davis-Bacon wage, Indian Preference contract, and civil rights law requirements. We anticipate providing further guidance on the infrastructure investment certifications at a later time.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates the approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). In addition to the reporting requirements specified in the regulations, there are additional reporting requirements for these awards as specified under section 1512 of ARRA.

Funds awarded through this program were appropriated under the American Recovery and Reinvestment Act (ARRA) of 2009, Public Law 111–5, and are subject to additional accountability and transparency reporting requirements, which are described in section 1512(c) of the ARRA. Recipients of ARRA funds

must submit quarterly reports on the expenditure of these funds no later than ten days after the end of each calendar quarter through a centralized reporting Web site administered by the Office of Management and Budget (OMB): <http://www.federalreporting.gov>. The information reported at this Web site will be available to the Department, the White House, OMB and the public on <http://www.Recovery.gov>.

At a minimum, an LEA should anticipate reporting:

- The total amounts of ARRA funds received and expended or obligated.
- The name, description, and evaluation of the project or activity's completion status.
- An estimate of the number of jobs that were saved or created with the funds.

Recipients will need to maintain accurate documentation of all ARRA expenditures to ensure that the data reported are accurate, complete, and reliable.

Additional guidance providing further detail on the quarterly report will be provided at a later time.

4. *Performance Measures:* The condition of school facilities in LEAs after completion of projects with grants under this program will be compared to the reported condition before receipt of the grants. This information will be obtained from the current Table 10 of the section 8003 application, which will be required for all grant recipients. The measure is currently in place for the regular section 8007(b) program. A second performance measure will identify the proportion of projects funded with these grants that are completed within 24 months of the awards.
