

This condition does not apply with respect to any services or transactions between a Fund and its investment adviser(s), or any person controlling, controlled by, or under common control with such investment adviser(s).

15. The Board, including a majority of the disinterested Board members, will adopt procedures reasonably designed to monitor any purchases of securities by a Fund in an Affiliated Underwriting once an investment by the Purchasing Fund in the securities of the Fund exceeds the limit of section 12(d)(1)(A)(i) of the Act, including any purchases made directly from an Underwriting Affiliate. The Board will review these purchases periodically, but no less frequently than annually, to determine whether the purchases were influenced by the investment by the Purchasing Fund in a Fund. The Board will consider, among other things: (a) Whether the purchases were consistent with the investment objectives and policies of the Fund; (b) how the performance of securities purchased in an Affiliated Underwriting compares to the performance of comparable securities purchased during a comparable period of time in underwritings other than Affiliated Underwritings or to a benchmark such as a comparable market index; and (c) whether the amount of securities purchased by a Fund in Affiliated Underwritings and the amount purchased directly from an Underwriting Affiliate have changed significantly from prior years. The Board will take any appropriate actions based on its review, including, if appropriate, the institution of procedures designed to assure that purchases of securities in Affiliated Underwritings are in the best interest of shareholders of the Fund.

16. Each Fund will maintain and preserve permanently in an easily accessible place a written copy of the procedures described in the preceding condition, and any modifications to such procedures, and will maintain and preserve for a period not less than six years from the end of the fiscal year in which any purchase in an Affiliated Underwriting occurred, the first two years in an easily accessible place, a written record of each purchase of securities in Affiliated Underwritings, once an investment by a Purchasing Fund in the Shares of the Fund exceeds the limit of section 12(d)(1)(A)(i) of the Act, setting forth from whom the securities were acquired, the identity of the underwriting syndicate's members, the terms of the purchase, and the information or materials upon which the Board's determinations were made.

17. Before approving any advisory contract under section 15 of the Act, the board of directors or trustees of each Purchasing Management Company, including a majority of the disinterested directors or trustees, will find that the advisory fees charged under such contract are based on services provided that will be in addition to, rather than duplicative of, the services provided under the advisory contract(s) of any Fund in which the Purchasing Management Company may invest. These findings and their basis will be recorded fully in the minute books of the appropriate Purchasing Management Company.

18. No Fund will acquire securities of any investment company or companies relying on sections 3(c)(1) or 3(c)(7) of the Act in excess of the limits contained in section 12(d)(1)(A) of the Act.

For the Commission, by the Division of Investment Management, under delegated authority.

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60500; File No. SR-ISE-2009-62]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Clarify Certain Exchange Rules

August 13, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 7, 2009, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change, as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The International Securities Exchange, LLC (the "Exchange" or the "ISE") to amend (sic) certain rules in

order to clarify the definition of an options class, to clarify that exercise limit exemptions will apply to all members, and to clarify how a member may aggregate its long or short positions for purposes of filing these limits with the Exchange. The text of the proposed rule change is available on the Exchange's Web site, <http://www.ise.com>, at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Rules 100(a)(6), 100(a)(12), 414, 415, and 504 to clarify the definition of an options class, to clarify that exercise limit exemptions will apply to all members, and to clarify how a member may aggregate its long or short positions for purposes of filing its reports of these limits with the Exchange. The proposed rule changes are similar to the rules of other SROs³ and will provide consistency and clarity. The proposed rule makes no substantive changes to the rules.

The Exchange is seeking to amend the definition of options class in Rule 100(a)(6) to mean all options contracts covering the same underlying security. Currently, the definition defines an options class to be all contracts of the same type, which is either puts or calls on the same underlying security. This change will make the definition consistent with the way the term is used throughout the rest of the Exchange rules. Additionally, the Exchange is seeking to amend the definition of a covered short position in Rule 100(a)(12) and to amend Rule 504 regarding series listings so that the proposed change to the definition of options class in 100(a)(6) does not

² 17 CFR 240.19b-4.

³ See American Stock Exchange Rule 906; Nasdaq OMX PHLX Rule 1003; FINRA Rule 2360(b)(5).

change the substance of those provisions.

Additionally, the Exchange is seeking to amend Rule 414(c) to clarify that the exercise limit exemptions will apply to any member that is granted an exemption to position limits under the rule.

Lastly, the Exchange is seeking to amend Rule 415 to specify that when calculating an aggregate long or short position in options, members need to combine (i) long positions in put options with short positions in call options, and (ii) short positions in put options with long positions in call options.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and

(3) by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)⁷ thereunder.

The proposed rule change makes no substantive changes to the rules. The Exchange believes that this proposed rule change does not raise any new, unique or substantive issues. For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a "noncontroversial" rule change under paragraph (f)(6) of Rule 19b-4.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
