Federal Register

Vol. 74, No. 163

Tuesday, August 25, 2009

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

August 20, 2009.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such

persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Health Screening Questionnaire.

OMB Control Number: 0596-0164.

Summary of Collection: The Protection Act of 1922 (16 U.S.C. 594) authorizes the Forest Service (FS) to fight fires on National Forest System lands. Individuals seeking recertification or employment as a new firefighter with the FS or Department of Interior (DOI) must complete the Health Screening Questionnaire (HSQ). The information collected pertains to an individual's health status and health history.

Need and Use of the Information: FS and DOI will collect information from potential applicants using forms FS-5100-31, HSQ and FS-5100-30, Work Capacity Test. Wildland firefighters perform long hours of arduous labor in adverse conditions. The information collected is used to determine whether an individual being considered for a position can carry out those duties in a manner that will not place the candidate or coworkers unduly at risk due to inadequate physical fitness and health. If the information is not collected, the Government's liability risk is high, special needs of an individual may not be known, or the screening of an applicant's physical suitability would be greatly inhibited.

Description of Respondents: Individuals or households.

Number of Respondents: 5,397.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 896.

Forest Service

Title: Extending the Forest Service Message to Diverse Urban Publics.

OMB Control Number: 0596-NEW.

Summary of Collection: Enabling legislation, Forest and Rangeland Renewable Resources Research Act of 1978, as amended, (Pub. L. 95-307) directs the Secretary to research the multiple uses and products, including recreation, of forests and rangelands to facilitate their most effective use. In addition, EO 12898 mandates a series of Federal actions to address environmental justice in minority populations and low-income populations. Forest Service will conduct

a study to specifically address the intent of this mandate by using a telephone survey to gather information from adults in metropolitan areas adjacent to urban National Forests.

Need and Use of the Information: Random quota samples of adults, pre-identified as being from four major ethnic/racial groups of African-American, Asian, Hispanic and White decent will be contacted to participate in a telephone survey. FS will collect information from respondents about their forest usage, and the sources of information they rely upon to learn about various opportunities available to them in the forests. The information will be used to help the Forest Service to effectively outreach to minority populations and gain a better understanding of the varying motivations that differ by ethnicity for taking vacations or day trips and constraints experienced by diverse publics.

Description of Respondents: Individuals or households.

Number of Respondents: 2,500.

Frequency of Responses: Reporting: Other (one time).

Total Burden Hours: 344.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

August 20, 2009.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information

on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB),

OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Animal Welfare.

OMB Control Number: 0579-0093.

Summary of Collection: The Laboratory Animal Welfare Act (AWA) (Pub. L. 89-544) enacted August 24, 1966, and amended December 24, 1970 (Pub. L. 91-579); April 22, 1976 (Pub. L. 94-279); and December 23, 1985 (Pub. L. 99-198) required the U.S. Department of Agriculture (USDA) to regulate the humane care and handling of most warm-blooded animals, including marine mammals, used for research or exhibition purposes, sold as pets, or transported in commerce. The legislation and its amendments were the result of extensive demand by organized animal welfare groups and private citizens requesting a Federal law to protect such animals. The Animal and Plant Health Inspection Service (APHIS), Animal Care (AC) has the responsibility to enforce the AWA and the provisions of 9 CFR, Chapter 1, Subchapter A, which implements the AWA.

Need and Use of the Information: APHIS will collect information to insure that animals used in research facilities or for exhibition purposes are provided humane care and treatment. The information is used to ensure those dealers, exhibitors, research facilities, carriers, etc., are in compliance with the Animal Welfare Act and regulations and

standards promulgated under this authority of the Act.

Description of Respondents: Business or other for-profit; Not for-profit institutions; State, Local or Tribal Government.

Number of Respondents: 11,687.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 47,815.

Animal and Plant Health Inspection Service

Title: Importation of Tomatoes from Certain Central American Countries.

OMB Control Number: 0579-0286.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture is authorized to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests new to the United States or not known to be widely distributed throughout the United States. The Animal and Plant Health Inspection Service (APHIS) allows certain types of tomatoes grown in approved registered production sites in Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua to be imported into the United States with treatment. The conditions are designed to prevent the introduction of quarantine pests into the United States, including trapping, pre-harvest inspection, and shipping procedures.

Need and Use of the Information: APHIS requires that each shipment of tomatoes must be accompanied by a phytosanitary certificate issued by the National Plant Protection Organization and bearing the declaration, "These tomatoes were grown in an area recognized to be free of Medfly and the shipment has been inspected and found free of the pest listed in the requirements." Failure to collect this information would cripple APHIS' ability to ensure that peppers and tomatoes from Central America are not carrying fruit flies.

Description of Respondents: Business or other for-profit.

Number of Respondents: 24.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 287.

Animal and Plant Health Inspection Service

Title: Importation of Shelled Peas from Kenya.

OMB Control Number: 0579-0302.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture is authorized to carry out operations or measures to detect, eradicate, suppress,

control, prevent, or retard the spread of plant pests new to the United States or not known to be widely distributed throughout the United States. The Animal and Plant Health Inspection Service (APHIS) fruits and vegetables regulations allows the importation of shelled garden peas from Kenya into the continental United States while continuing to protect against the introduction of quarantined peas.

Need and Use of the Information:

APHIS requires that some plants or plant products be accompanied by a phytosanitary inspection certificate that is completed by plant health officials in the originating or transiting country. APHIS uses the information on the certificate to determine the pest condition of the shipment at the time of inspection in the foreign country. Without the information, all shipments would need to be inspected very thoroughly, thereby requiring considerably more time. This would slow the clearance of international shipments.

Description of Respondents: Federal Government.

Number of Respondents: 2.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 8.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Forest Service

Information Collection; Arctic National Wildlife Refuge Recreation Visitor Study

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the new information collection: Arctic National Wildlife Refuge Recreation Visitor Study—2009.

DATES: Comments must be received in writing on or before October 26, 2009 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Alan E. Watson, Aldo Leopold Wilderness Research Institute, Forest Service, Rocky Mountain Research Station, 790 E. Beckwith Ave., Missoula, MT 59801.
