National Emission Standards for Hazardous Air Pollutants; Announcement of EPA Letter Addressing Recent Court Decision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: On December 19, 2008, the United States Court of Appeals for the District of Columbia Circuit (DC Circuit) vacated two provisions in EPA's General Provisions Rule promulgated under section 112 of the Clean Air Act that exempt sources from the requirement to comply with otherwise applicable section 112(d) emission standards during periods of startup, shutdown and malfunction. We are announcing the public availability of a letter that EPA has issued addressing concerns that have been raised regarding the impact of that decision if the mandate effectuating the vacatur issues.

DATES: August 26, 2009, EPA announces the availability of EPA's letter related to a recent court decision regarding 40 CFR 63.6(f)(1) and (h)(1).

FOR FURTHER INFORMATION CONTACT: Mr. Charlie Garlow, U.S. EPA Office of Enforcement and Compliance Assurance, Office of Civil Enforcement, Air Enforcement Division (MAIL CODE 2242A), 1200 Pennsylvania Avenue, Washington, DC 20460, telephone number (202) 564-1088, fax number (202) 564-0068, e-mail address: garlow.charlie@epa.gov.

SUPPLEMENTARY INFORMATION: EPA recently issued a letter, dated July 22, 2009, from Adam Kushner, Director, Office of Civil Enforcement, to various parties that addresses concerns that have been raised regarding the impact of the decision in *Sierra Club v. EPA*, 551 F.3d 1019 (DC Cir. 2008). In that decision, the United States Court of Appeals for the District of Columbia Circuit (DC Circuit) vacated 40 CFR 63.6(f)(1) and (h)(1), which are two provisions in EPA's General Provisions

Rule promulgated under section 112 of the Clean Air Act that exempt sources from the requirement to comply with otherwise applicable section 112(d) emission standards during periods of startup, shutdown and malfunction. Industry intervenors appealed the December 2008 *Sierra Club* decision by filing petitions for rehearing. On July 30, 2009, the DC Circuit denied these petitions. On August 5, 2009, EPA filed a motion seeking a 60-day stay of the mandate. On August 6, 2009, Industry Intervenor filed a motion to stay the mandate pending their appeal of the decision to the United States Supreme Court. Until the D.C. Circuit issues a mandate effectuating the vacatur, 40 CFR 63.6(f)(1) and (h)(1) remain in effect. EPA has posted a copy of the July 22, 2009 letter and a copy of the *Sierra Club* decision on the EPA Office of Enforcement and Compliance Assurance Web site at <http://www.epa.gov/compliance/civil/caa/ssm.html>. EPA has also included on the Web site a copy of relevant pleadings in the *Sierra Club* litigation. EPA intends to update this Web site as appropriate with additional information relating to the *Sierra Club* decision.

Maneb; Product Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrant and accepted by the Agency, of products containing the pesticide maneb, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a September 12, 2008 **Federal Register** Notice of Receipt of Requests from the United Phosphorous, Inc. registrant to voluntarily cancel all their maneb product registrations. These are not the last maneb products registered for use in the United States. In the September 12, 2008 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive

comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests within this period. The Agency erroneously issued a Cancellation Order on October 14, 2008. For the reasons set forth below, on October 31, 2008, EPA revoked the October 14, 2008 cancellation. The Agency received and subsequently reviewed comments on the notice. The comments are summarized below in Unit III. This order took into consideration the comments received. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the maneb products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective August 26, 2009.

FOR FURTHER INFORMATION CONTACT: Cynthia Giles-Parker, Registration Division, Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-7740; fax number: (703) 308-5320; e-mail address: giles-parker.cynthia@epa.gov.

III. Summary of Public Comments Received and Agency Response to Comments

The Agency received timely comments in regards to the **Federal Register** notice of September 12, 2008 (73 FR 53007)(FRL-8380-7). E.I. du Pont de Nemours and Company (DuPont) provided a comment expressing their concerns about the loss of the chemical if the effective date of the cancellation is prior to May 29, 2009, due to the supply demand to manufacture their

products. On December 12, 2008, DuPont submitted to the Docket a request to withdraw their earlier comment to the Docket. The Florida Fruit and Vegetable Association (FFVA) expressed concern about the cancellation of these products because of loss of use on their winter crops in Florida which could lead to economic loss and loss of their resistance management and IPM strategies. The alternative chemical, mancozeb is not currently approved for many of the uses on the maneb labels. Until a decision is made on granting tolerances for many of these uses, this commenter believes that there is still a high need to have maneb products in place. The final commenter expressed their approval of the Agency's decision to remove this chemical from the market. On October 14, 2008, the Agency issued a cancellation order effective October 14, 2008, and 12 months to use existing stocks. The order was issued in error and rescinded on October 31, 2008, due to: (1) Miscommunication between EPA staff and United Phosphorous Inc. regarding what the effective date of the cancellation time period for sale and distribution of existing stocks should have been and (2) the need to review the timely submitted comments.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of maneb registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the maneb product registrations identified in Table 1 of Unit II. are hereby canceled. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are

currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this notice includes the following existing stocks provisions.

1. The registrant may continue to sell or distribute existing stocks of maneb products identified in Table 1 of Unit II. with previously approved labeling until December 31, 2009.

2. Persons other than the registrant may continue to sell or distribute existing stocks of maneb products identified in Table 1 of Unit II. with previously approved labeling until such stocks are exhausted.

3. Persons other than the registrant may only use existing stocks of maneb products identified in Table 1 of Unit II. for the purposes of formulating end use products until March 2010. Any use of existing stocks must be in a manner consistent with the previously approved labeling for that product.
